### Definition.

What is Chiropractic Chiropractic (Ki-ro-prak-tic) is a word coined from two Greek words
Cheir and Praxis (in combination)
Chiro-practic which means hand deing or hand practicer, one who adjusts by hand any subluxated articulations of the human skeleton framelations of the human skeleton frameof the body by contractig and relaxof the body by contractig and relaxespecially the 33 bones of the spinal column for the purpose of restoring the normal flow of currents through nerves that were formerly hindered by impringement caused by the subluxation of the bones.

All movements whether normal or abnormal, of or in the body are but the personifications of mental equivalents-mental functions guided by Innate Intelligence, creating phys-

Diseases are caused by a lack of current of Innate Mental impulses. to lack of vital force in, or irritation Chiropractic spinal adjustments. This is produced by a constricting force placed around nerves by vertebral displacements brought about by muscular contraction or concussion

Health is restored by completing the any way, that minute disease begins nature to be skeptical. mental and physical circuit, the me- and sooner or later its effects are noand does not in any way inconven- ends. Chiropractic is a drugless systhe ordinary duties of life.

### A New Science-The Curative Pow- treatment, as it bears no resemblance ers Are Within the Body Itself.

The Chiropractic method is a new science of adjusting the cause of disease without drugs, based on a correct knowledge of anatomy, and es- Is Based on These Two Principles: pecially the nervous system. With this knowledge of the cause of disease and our unique method of adjusting the cause, we have learned Nerves. beyond question, that the curative powers are within the body itself, and causes disease. wholly upon the body—upon the is yet mysterious to the great mass Chiropractic method of bringing the functional organism into harmony been solved by the Chiropractor allowing the Innate metal impulses the body.

### Chiropractic Not Osteopathy.

and perfect health. I do not rub, One of the most frequent questions that a Chiropractor is called upon to disease. massage, knead, manipulate or treat answer is this: "What is the differ-I ADJUST CAUSE. My philosophy ence between Chiropractic and Osteoof taking off the pressure has the the distance between the poles more rational claim upon all sufferers. Chiropractice does not treat effects. Chiropractors do not manipulate the muscles in any way. They adjust subluxated vertebrae into proper alignment, and it takes but a fraction of a second to do it. The whole object is accomplished when the nerve force is turned on. The Osteopath will spend one half hours to two hours in treating their patients, and then as much difference between Osteobetween Chiropractice and the practice of medicine. The Chiropractor confines his work to the Spinal Column ONLY, as that is the only place the nerve can be impinged or where affections can exist.

### Quizzes and Answers for Chiropractors.

Do you use electric belts or bat-Do you use medicine or drugs? No Do you practice surgery? No .. Do you practice obstretics? No. Do you rub, slap or use massage?

Do you use a stretching machine:

Do you hypnotize or mesmerize your subjects No.

Can you treat me at a distance? We could no more fix you at a distance than your jeweler could fix your watch at the same distance. Do you have to have faith? No. We

adjust six months old babies. Is there anything in your science like Christian Science, Faith Cure. Mind Cure, Metaphysics, Suggestive Therapeutics, Mental Science, Osteopathy? No.

Do you cure disease? No. We ad- knife. just the cause and nature does the healing. We remove the dams or obstructions that are restricting the With Interrupted Nerve Force for. life current.

### POETICAL FEATS.

Difficult Rimes Had No Terrors For Browning or Byren.

Poets may be baffied in their search for rimes, but it takes a great deal to baffie the doggerel rimester. Charles II. offered a reward for a rime to "porringer." The reward was claimed with the following marriage announce-

The Duke of York a daughter had.
He gave the Prince of Orange her,
So now your majesty will see.
Pve found a rime for porringer.

Browning's perpetrations in rime are probably unique in English poetry. Here is a couplet from "Sordello" which no minor poet would dare to print for fear of blasting his reputa-

Chirrups the contumacious grasshopper: Rustles the lizard and the cushats chirre In the same poem he rimes "sulk-ed" with "mulet," "flag" with "quag," "abhors" with "valvassors." But he reached the climax surely in the cou-

The worthy and reverend author of the "Ingoidsby Legends" was fond of such rimes as: A long yellow pinafore. Hangs down each chin afore,

or such riming gymnastics as: At Tappington, now, I could look in the Gazetteer, But I'm out on a visit, and nebody has it

Yet in these enormitles he was parodying Byron, who wrote: Ye lords of ladies intellectual Confess if they had not henpecked;

Some Satisfaction The Hon. Mrs. Robert Hamilton her biography of her father, the late Lord Wolverhampton, says that in his home his orders were always stern and peremptory, but no one was more sur-prised than he was when they were

One day he detected one of his daughters making a statement in which she rather exaggerated the facts. "You are one of the most inaccurate women that was ever created," he told

"Well," was the cheerful reply, "I am glad to be a masterplece in some de-partment of creation."

The Tower of Babel Do you realize that 4,000 years after

the most wonderful of all towers was built by the ancients (according to the Book of Genesis about 2400 B. C.), its Book of Genesis about 2400 B. C., asseven stages still rise high above the plains near the site of Babylon? Unta few years ago it had been known a the Mound of the Birs Nimrud, whe Sir Henry Rawlinson discovered in on of the stages the luscribed cylinder.
