one never has to think of the consemences to one's clothes.

Mother can save herself and the child Mother can save herself and the child many an uncomfortable quarter of an nour if she will take a little precaution. Before the stockings are worn at all, a piece of material from an old pair may be cut to fit over the knee. This can be attached to the new stocking by invisible stitches. It will not only form a pad which will prevent the stocking from going so quickly, but it will be a foundation in which to darn when the stocking begins to wear, which last will prevent the appearance of those hideous, big, cross-barred darns which look like nothing so much as a prison window.

A Novel Holder short of a bodkin, did you ever try using a small safety pin its its place? If not, do so, as you will find it very fective. After all, what is needed is a mooth head to drive through the casape. Both of these the safety pin sup-

This plan is specially nice in filling a holder for embroidery silks. You haven't one; you always use a book to hold them? Oh, make yourself a silk holder by all means. It is the simplest thing in the world and, of its kind, the most convenient. Take a plece of

中国 原 雅 斯 州 州 明 新 里 司 A Case for Embroidery Silks

goods—silk, cheesecloth or whatever you will—about eighteen inches long (longer f you have many shades) and ten nches deep. Fasten to this another loce eighteen inches long amd eight nches deep, after hems have been turned down on both sides. Stitch the two leces together at the ends, leaving difference in width on both sides, and titch again and again at intervals of one inch, which makes a space for each ikeln. Finish with feather stitching. The silk can then be drawn from the top as needed, and is thus kept from angling and from soil. The best implement with which to draw the skeins in place is a safety pin, as it supplies a ods-silk, cheesecloth or whatever you place is a safety pin, as it supplie
