PHILLIPSVILLE

The Bell Telephone people have had men in this section the past week putting in private telephones in the residences in the village, and several farmers now have phones.

Some farmers in this section had a good crop of potatoes, others nearly a failure.

Several of our tenant farmers will change farms next spring in order to better their condition.

J. V. Phillips intends working his own farm next season.

Mrs. Maria Alguire is on the mend and is able to sit up. At one time there was not much hope of her recovery.

Some of our enterprising farmers are thinking very strongly of taking up horse raising and not keep so many cows. The trouble with the cows is to secure help to milk them.

We think that the recent dry season will be a boon to farmers. They are selling off a lot of their cull cows that did not pay for their keep. Many could winter more cows than they had pasture for; then in the fall they found their milk average very low. What cows they are keeping will be the best in the herd.

W. H. Ludbrook has about decided not to go West this fall and is fixing things up for the winter.

John Downey will make his Watertown friends a visit in the near future. Acheson Bros. have been paying \$6.00 per cwt. for hogs and \$5.00 per cwt. for old sows for canning purposes.

WILL KISSING BE PROHIBITED

The Osculatory Process Denounced by Scientists as Extremely Dangerous—How the Danger Can be Removed.

A keen discussion is being carried on by some of the best scientists as to the danger and "crime" of kissing, led by Dr. Somers, Health Officer of Atlantic City, and Dr. Napasse, of the Medical Faculty of Paris. They charge the kiss with spreading grippe, scarlet fever, measles, mumps, whooping cough, typhoid fever, diphtheria, erysipelas, meningitis, tuberculosis, and many infectious skin diseases. They suggest legislation on the subject, and the posting of notices in railway stations, street cars and other public places, but they say it would be useless to post them on warning signs, in cosy corners, porches, shady nooks, or moonlit lawns. They also propose compulsory legislation for methods of disinfection of the mouth and purifying the breath, especially with a view to the protection of the innocent babies who are particularly subject to infection. The greatest and most effective purifier and germ destroyer known to medical science for the mouth, throat and breath, as well as for the blood, stomach and lungs, is Psycline, that triumph of the medical world that is attracting almost universal attention because of the wonderful results attending its use. One of its recent triumphs is told as a matter of experience in the following brief statement: Dr. Slocum C.

I am sending you photo and testimonial here-with for your great remedy PSYCHINE. Your remedies did wonders for me. I was about 25 or 30 years of age when I took PSYCHINE. The doctors had given me up as an incurable consumptive. My lungs and every organ of the body were terribly diseased and wasted. Friends and neighbors thought I'd never get better. But PSYCHINE saved me. My lungs have never been bothered since, and Psycline is a permanent cure.

MRS. LIZZIE GARDNER, 219 Bathurst St., London, Ont.

Psycline, pronounced Si-keen, is admitted to be the most wonderful of all disease and germ-destroying agencies. For building up the run-down system and curing all forms of stomach troubles and diseases of the chest, throat and lungs or head, it is simply unapproachable. It is a reliable home treatment. For sale at all druggists, 50c and \$1.00, or Dr. T. A. Slocum, Limited, 179 King Street West, Toronto.

Have You a Friend?

Then tell him about Ayer's Cherry Pectoral. Tell him how it cured your hard cough. Tell him why you always keep it in the house. Tell him to ask his doctor about it. Doctors use a great deal of it for throat and lung troubles.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties of Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. All dealers.

3c. a day will Cure Rheumatism.

The aim of most "cures" for Rheumatism seems to be to relieve the pain. When they have done that, their usefulness is gone. And the next time you take cold, or your feet get wet, or you over-exert yourself, back comes the pain.

Bu-Ju The Gentle Kidney Pill

is different. It does relieve the pain, as quickly as the best liniment. And it does MORE. IT REMOVES THE CAUSE OF Rheumatism, uric acid in the blood.

Every drop of blood passes through the Kidneys. These organs should filter out impurities. When they are weak, inflamed or diseased, the impurities stay in the blood and are carried to the sensitive nerves. Rheumatism is simply this irritation of the nerves, caused by uric acid and other impurities being deposited upon them—their favorite place being the joints and muscles. Make the Kidneys filter the blood properly, keep the blood pure and rich, and there can be no Rheumatism. Bu-Ju does this.

Buy Bu-Ju on an unconditional guarantee that they will cure you or money refunded. At all druggists, soc. a large box, or sent on receipt of price.
