THE LOCAL BUDGET

Tea will be served in the Art Gallery, at "Made in Canada" this afternoon and to-morrow. Admission, to Art Gallery, 5 cents; tea, 5 cents.

Dr. R. V. Bray, Chairman of the Summer School Committee and Principal J. W. Plewes, will visit the McDonald Institute in Guelph on Monday next, in the interests of the local summer school.

The work on Edward Loney's new residence on Lansdowne Avenue is progressing nicely and fast nearing completion. Mr. Loney will have a neat little residence when it is completed.

Isaac Smith has completed the erection of a fine residence on his property on Lansdowne Avenue and has rented it to Mr. Somerville, of the farm of Weber & Somerville, who moved into his new home last Tuesday.

At the Opera House last night a very absorbing and clever comedy-drama was put on by the Mrs. Wm. Currier Co. There was a fair sized house and the play was very much enjoyed, deserving, as it did, a full house. The specialties were very entertaining. To-night "A Kentucky Belle" will be put on, a piece of great merit.

"What is the matter with the crossing cleaner over the creek," asked a citizen of The Planet, this morning. "The crossings there have not been cleaned for over a week and they certainly need it. During this wet weather the mud gathers quickly on the crossings and they are now almost impassable. The Board of Works might send over a team of horses and a plow and take the top off the crossings anyway."

ENGLISH ACTOR'S SUICIDE.

New York, May 18. — Prof. Hudson Langdon, a graduate of Oxford University, and one of the old time tragedians, who began his stage career as a child, playing with Henry Irving, committed suicide last night in his apartments, during the temporary absence of his wife. When she returned she found him in the kitchen with a tube leading from an open gas jet in his mouth.

Names of Those Who Had Charge of Booths—The Program.

"Made in Canada" is a success—and it is so because it is a business undertaking done by business women on business principles. Any one visiting the rink and seeing the beautiful system working out in its entirety cannot but admire the ladies and what they are accomplishing. Arrangements have been made so that the ladies of Chatham can all do their marketing at the rink. Last evening between three and four hundred attended the tea meeting and enjoyed the clever mock presentation of a meeting of the City Council. The proceedings were prepared by James Innes, S. B. Arnold and Geo. Perrin, and the council meeting was a tribute to these gentlemen and to the others who so ably took part. During the evening the orchestra discoursed sweet music. The ladies desire to express appreciation of the kindness of the S. Hadley Co., the Electric Light Co., Gowan Kent Co. and the Fowler Co. for the particular pains they have taken in assisting.

The following ladies had charge of the booths:—

The office—Mrs. Manson Campbell, Miss Battisby and Mrs. W. A. Hadley.

REMOVING THE MINES.

Tokio, May 17. — Admiral Katonaka, who is Command of Admiral Togo's third squadron, reports that eight mines have been destroyed in Kerr Bay, and that many more remain to be dealt with. The Russians tried to interrupt the work, but were bombarded by the fleet and driven off.

HE KNEW IT.

"Ah, Mr. Frank," exclaimed Miss Gusher, "you sometimes are so beautiful. You are surely 'the great poet.'"

JUDGE DEAD

Montreal, May 18.—The death is announced from Three Rivers of Judge Desmarais, in his 56th year. Mr. Desmarais before his elevation to the bench was a prominent figure in political circles for many years. He was a law partner of Premier Mercier, and was prominent in Quebec and Dominion politics. At the general election of 1896, he was elected to the House of Commons to represent St. James' Division of Montreal in the Liberal interest, and sat in the Commons until he was appointed to the Superior Court bench.

LOOTED A POST OFFICE.

Philadelphia, May 18. — Burglars early to-day forced an entrance into the post office at Swarthmore, Delaware county, a few miles from this city, and dynamited the safe, making their escape with stamps and money amounting to about \$900. The force of the explosion wrecked the interior of the post office.

LEADERSHIP IN

MILLINERY!

The trimmed millinery for this Spring and Summer will teach you better than ever before that we mean to hold the lead for style. We couldn't have such a varied stock and keep so many busy fingers going if we didn't.

You'll get a good idea of what we can do by looking in the cases. Perhaps we can do better. We have the materials, some good ideas and experienced milliners who work quickly.

No looking backward. More new ideas in hats, shapes and trimmings come to swell the record of sales and add laurels to the department. Most impossible to discount our work this season.

Flowers are the fashion. One finds them everywhere, on everything. And such an assortment. There's an air and grace and character about them that give the magic touch of style and beauty to the entire millinery display.

We commenced our trimmed-to-order work for style and originality. We'd hardly know how to get along without it. The women folks would blame us if we tried.

To stop at the Trimmed Hats and Bonnets would be only half the business. Reasonable prices are our keynote for trimmed-to-order work. Best skill, best variety and less to pay.

NEW STYLES IN LADIES SHIRT WAISTS.

We're ready for the biggest kind of trade in fine Shirtwaists. The stock easily discounts everything in the past, with such values as never before seemed possible. Such an assortment of styles as no other store in Chatham can or will show.

We understand thoroughly what kind of garments are in demand and we're well supplied with all the new ideas of style and make up that wide awake buyers expect. If we could patent a name to describe their real value we'd sell ten where we now sell one. They show for themselves on the street as they do in the store, but we wish there was a newspaper way of proving how different these are from others.
