

SPRING BLOOD IS BAD BLOOD

How Best to Get New Health and Strength in Spring.

The winter months are trying to the health of even the most robust. Confinement in doors in over-heated and nearly always badly ventilated rooms—in the home, the office, the shop and the school—taxes the vitality of even the strongest. The blood becomes thin and watery or clogged with impurities. Sometimes you get up in the morning just as tired as when you went to bed. Some people have headaches; others are low spirited; some have pimples and skin eruptions. These are all spring symptoms that the blood is out of order. You can't cure these troubles with purgative medicines, which merely gallop through the system, leaving you still weaker. What you need to give you health and strength in the spring is a tonic medicine, and the one always reliable tonic and blood builder is Dr. Williams' Pink Pills. These Pills not only banish spring ills, but guard you against the more serious ailments that follow, such as anaemia, nervous debility, rheumatism, indigestion and kidney trouble. Dr. Williams' Pink Pills make new, rich blood which strengthens every nerve, every organ and every part of the body. Try this medicine this spring and you will have strength and energy to resist the torrid heat of the coming summer. Mr. J. R. Johnson, Loch Broom, N. B., says: "Some two years ago I began to feel that my constitution was weakening. I could not stand any exposure or knocking about. I finally sought the aid of a doctor who said my system was very much run down, and that the trouble might end in nervous prostration. As his medicine did not help me I decided, on the advice of a friend, to give Dr. Williams' Pink Pills a trial. I had used less than a half dozen boxes when my health was fully restored, and I think no other medicine can equal these Pills when one is run down and out of health."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

INDIANS GOOD FARMERS.

In Saskatchewan They Are Industrious and Prosperous.

The Indian of the great prairie province of Saskatchewan are disproving the theory that an Indian won't work unless he has to. They are becoming industrious and prosperous.

There are nearly 8,000 Indians in the province and last year they had about 9,000 acres under crops. They raised 150,572 bushels of grain and roots and 30,000 tons of hay, worth \$136,023.

The Department of Indian Affairs reports that the Indians are turning more and more to the soil for a living. The agent of the Assiniboine agency, which may be regarded as typical, writes:

"I was greatly pleased to find that the area under crop was almost double what it was the year before. The band had about 600 acres of wheat and 200 acres of oats. The Indians of this agency are beginning to farm on a large scale, and if they continue to do so as well as they have in the last two years there will be some good sized farms among them. One man has 155 acres in crop and another 125 acres, and several had seventy acres each. There was a decided improvement in the way the land had been farmed."

BLAME PLACED.

"Why don't you grace our dances with your presence any more?" "Sure, it's me mistress' fault. She is that dowdy and old-fashioned that not a single dress of hers kin I wear at all, at all!"

THE ILLS OF BABYHOOD AND OF CHILDREN.

The ills of childhood are many, and may prove serious if not promptly attended to. In all homes where Baby's Own Tablets are kept there is a prompt cure at hand for such troubles as indigestion, colic, diarrhoea, constipation, worms, and teething troubles. And the mother has the guarantee of a government analyst that this medicine contains no opiate or poisonous drug. Mrs. R. Hammond, Copetown, Ont., says: "I have used Baby's Own Tablets and think nothing can equal them for small children. I would not be without them in the house, for they saved my little girl's life." Sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE CULLINAN DIAMOND.

Queen Will Wear It Separate From Crown on State Occasions.

The King and Queen, anxious to make the fullest possible practical use of the Transvaal's magnificent gift, the Cullinan diamond, have consulted the court jewelers, Messrs. Gerrard, of London, as to whether it can be arranged that the splendid gem shall be set in the Imperial Crown as to be detachable for wear by her Majesty on great state occasions, as it was at the recent opening of Parliament. The feasibility of the plan having been demonstrated, the jewelers have been honored with his Majesty's commands to carry out the work. Thus the Cullinan, while retaining a status of a crown jewel, will be available for wear by the Queen on occasions on which the Crown itself is not in actual use.

THE PRUDENT PIPER.

Andrew Carnegie is fond of the Scots' national instrument, the bagpipe, and when he is at home at Skibo Castle usually has his pet piper to play for him at dinner. Particularly is the musician in attendance when the great philanthropist has guests.

On one occasion a big company of men sat down to table, and the piper pranced up and down the room as he played.

The whole thing was new to a French literary man, who politely asked the guest on his right, "Why does he walk up and down when he does this thing? Does it add to the volume of the sound, or does it make a cadence?"

"No," said the other. "I don't think it's that. I fancy it's to prevent the listeners getting his range with a knife or a water-bottle."

GROWTH OF GRAND TRUNK

Marvelous Progress Made Under Manager Hays.

Since January, 1896, the Grand Trunk Railway System has increased the operating mileage by 11 per cent., through the acquisition of the C. A. Railway. The tonnage for 1907—the last complete year's report of the company—was 111.9 per cent. greater than the number of tons moved in 1896.

Gross earnings for 1907 topped those for 1896 by an even 59 per cent.—net earnings being 85.7 per cent. over those for 1896.

Fixed charges and rentals for 1907 were but 3.2 per cent. above those for 1896. New Year's day, 1896, showed a deficit of approximately \$1,500,000; December 31, 1907, was passed with the payment of \$4,100,139 in dividends as the result of a year's work.

The first six months of 1908 produced \$223,110 dividends on the 4 per cent. guaranteed stock of the company.

These figures, few as they are, speak volumes for the brilliant administration of the trust reposed in Charles Melville Hays when he was elected second vice-president and general manager of the Grand Trunk system. Nor did it take a dozen years to demonstrate the wisdom of giving him absolute sway over this transportation system, which prior to his appointment had been largely managed from London, England.

A Pill for All Seasons.—Winter and summer, in any latitude, whether in torrid zone or Arctic temperature, Parmelee's Vegetable Pills can be depended upon to do their work. The dyspeptic will find them a friend always and should carry them with him everywhere. They are made to withstand any climate and are warranted to keep their freshness and strength. They do not grow stale, a quality not possessed in many pills now on the market.

HE TOOK A FRIEND'S ADVICE

AND DODD'S KIDNEY PILLS
SOON CURED HIS BACK-ACHE.

How Malcolm McKinnon Found Complete and Permanent Relief From His Kidney and Stomach Troubles.

Shunacadie, Cape Breton Co., N. S., April 19 (Special).—Suffering with Backache so much that he could not work, Malcolm McKinnon, a well known resident of this place took a friend's advice and used Dodd's Kidney Pills. The result is that he is back at work and his Backache is gone.

"Yes," he says, in speaking of his case, "I was troubled with Backache, due to wet feet and hard work. It got so severe at last I was quite unable to do my work."

"It was through a friend's advice I started to use Dodd's Kidney Pills, and I was soon aware that they were doing me good. My back was easier and I had less pain in urinating."

"As Dodd's Kidney Pills had done me so much good I thought I would try Dodd's Dyspepsia Tablets and I did so with marvellous effect. Two boxes set my stomach right."

With Dodd's Kidney Pills to keep my Kidneys well and the blood pure and Dodd's Dyspepsia Tablets to put the stomach in shape so that the body receives the nourishment it needs you are assured of the two first essentials of health. Any doctor will tell you that.

"Bliggins says he owes everything to his wife." "Well," answered the man who never says a kind word, "I don't know of anyone else who would take a chance of being his creditor."

Repeat it:—"Shiloh's Cure will always cure my coughs and colds."

The man who thinks he knows it all never misses an opportunity to butt in.

Nervous Affections are usually attributable to defective digestion, as the stomach dominates the nerve centres. A course of Parmelee's Vegetable Pills will still all disturbances of this character, and by restoring the stomach to normal action relieve the nerves from irritation. There is no sedative like them and in the correction of irregularities of the digestive processes, no preparation has done so effective work, as can be testified to by thousands.

By Erasing the Nerves with opium you may stop a cough, but the inflammation goes from bad to worse. Allen's Lung Balsam, containing no opium, goes to the root of the trouble and cures deep-seated affections of throat and lungs.

A Merry Heart Goes all the Day.—But one cannot have a merry heart if he has a pain in the back or a cold with a racking cough. To be merry one must be well and free from aches and pains. Dr. Thomas' Electric Oil will relieve all pains, muscular or otherwise, and for the speedy treatment of colds and coughs it is a splendid medicine.

Every man on the job thinks he knows more than the boss.

FOLLOWING ORDERS.

"Now," said the magistrate, "you must testify only to what you know, no hearsay evidence. Understand?"

"Yes, sir," replied the female witness.

"Your name is Mary Bright, I believe. Now what's your age?"

"I won't tell you. I have only hearsay evidence on that point."

EARTHQUAKES AND WEATHER

A writer in Nature calls attention to the peculiar weather which accompanied and followed the great Sicilian earthquake. The sudden fog which settled upon the Strait of Messina was paralleled by a heavy mist accompanying the Mexican earthquake of January, 1890, and the writer adds that rainfall is so frequently reported as the immediate successor of an earthquake that "we can no longer reject the hypothesis of a real connection between the two." Prof. Milne has suggested that the disturbance of the ground when transmitted to the overlying air may determine precipitation, thus explaining the apparent association of severe earthquakes with mist and rain.

One way to get out of a tight place is to sober up.

Some persons are more susceptible to colds than others, contracting derangements of the pulmonary organs from the slightest causes. These should always have at hand a bottle of Bickle's Anti-Consumptive Syrup, the present day sovereign remedy for coughs, catarrh and inflammation of the lungs. It will effect a cure no matter how severe the cold may be. You cannot afford to be without a remedy like Bickle's, for it is the best.
