SATURDAY EVE'G JULY 2,1887.

UNRESTRICTED RECIPROCITY.

The great demonstration in favour of ted reciprocity with the United States, which was held at Dufferin Lake on Friday, was an unqualified success both as regards the attendance and the mportant nature and quality of the hes. The chief credit for the success of the gathering is due to Mr. J. P. Mo-Millan, who started the movement and so efficiently carried out all the arrange-ments. Friday being a holiday people efficiently carried out all the arrangements. Friday being a holiday people were free to attend, and they availed themselves of the opportunity, for from an early hour in the morning the trains began to unload passengers going to the picnic. They were mostly farmers, the most intelligent and successful from all parts of the country. There were also hundreds of prominent business men from the towns and villages throughout the whole of the northern and central portions of the Province. Many were accompanied by their families, and the white dresses of the ladies, with the picnic baskets told that the car loads of people who stepped off at the various stations in who stepped off at the various stations in the neighborhood of Dufferin Lake were not going merely to attend a mammoth convention and hear great speeches, but were also going to have a day's enjoyment, in true pionic style. Hundreds of farmers sent from all the Townships in the Counties adjacent, a good proportion having come by rail, whilst a great many had their own conveyances.

Mr. J. P. McMillan occupied the chair, and around him were the distinguished visitors and speakers, with the members of the Committee, who were Mesers. K. Chisbolm, M.PP., Peel; John Smith, Brampton; Wm. Stubbs, Deputy Reeve, Caledon; Dr. Henry, Mayor of Orangeville; Wm. Campbell, Mono; Wm. H. Hunter, Reeve of East Garafraxa; Owen Garrity, Caledon; J. Booth, John Green, Orangeville; J. Robertson, Brampton. Good music was furnished during the day by Piper Smeaton and the Mechanics Band, of Brampton. Mr. Goldwin Smith was unable to be present.

Band, of Brampton. Mr. Goldwin Smith was unable to be present.

The proceedings began by the presentation of an address to Messrs. Wiman and Butterworth, giving them a hearty welcome and expressing the wish that unrestricted reciprocity might have a fair trial. Mr. Wiman spoke first in reply and delivered a lengthy and very able speech, in which he thoroughly discussed the whole question of reciprocity. We are unable to day to give any of its leading points. mr. Benjamin Butterworth spoke next, and like Mr. Wiman, had a most enthu-

Mr. Benjamin Butterworth spoke next, and like Mr. Wiman, had a most enthusiastic reception and patient hearing. In the course of his speech he said that Commercial Union was simply a business transaction. Was it common sense to pay 10 cents a bushel for barley, 6 or 7 cents a pound for butter and \$20 for a horse merely for the privilege of selling them to the Americans? This policy g t from many of us and blesses the few. The Americans paid the Canadians for the privilege of selling to them and the Canadians paid the Americansfor the privilege of selling to them. They wanted everything that would conduce to their own prosperity, and Canata's natural resources would do this. "We have," said he, "what you want and you have what we want. The only question is on what terms we shall exchange." It was a question whether there should be a natural free interchange of commodities or whether there should be a miserable, artificial, uscless and harmful barrier between them. "It is a question," said the speaker, "whether I fra a question," said the speaker, "whether I fra a pless." It had been said that this plan of Commercial Union was really a step towards Annexation, but the two were as far apart as was Dives from the courts of Heaven. There was never any extra string of dried apples." It had been said that this plan of Commercial Union was really a step towards Annexation, but the two were as far apart as was Dives from the courts of Heaven. There was no sentiment in business matters. It was a question of buying and selling on the most favorable terms. There was never any excuse for putting barriers between the trade of nations unless there were inequalities between. Canada and the United States. The Ameri. and there were none between Canada and the United States. The Americans would not ask whether Canada's mother was branded with the American Eagle, but would rejoice in Canada's prosperity, because the two nations traced back to one line and were related by the ties of nature's marriage, and what God had joined together let no man put asundant were none between Cana-

had joined together let no man put asunder.

Gen. Waul, of Tgxas, and Mr. Jackson Walsace, Secretary of the Canadian Olub, New York, followed in short speeches.

The Hon. Mr. Macdougall was the last speaker and he was accorded a hearty reception. He said that so far as he could learn, the question had not yet become one of party politics. Intelligent men of both sides of politics, and men who were not party men at all, had expressed them salves as favoring Commercial Union. If the farmers, the lumbermen and others interested would look to their own good and work with energy, they could carry it: but if they allowed the question to be dragged into the political arens, if they allowed themselves to be driven to the polit like sheep, to vote for some party tool, it would be many a long day before it was accomplished. For his part he did not like the expression Gommercial Union, because it was capable of being misinterpreted. He liked the name "Unrestricted Reciprocity," because it ruly expressed the idea, and because it maturally recalled the years between 1844 and 1846 when the products of the two countries were freely the years between 1854 and 1866 when the products of the two countries were freely exchanged. That arrangement was very advantageous to the Canadian farmer. Conservatives and Liberals should unite and then the politicisms would not trouble them, but if the farmers were divided their object would be defeated. As a son of a farmer and as a man who for ten years published an agricultural paper and had framed some of out agricultural laws, he desired to assure them that he believed ne desired to assure them that he observed their best interests lay in Unrestricted Reciprocity with the United States. The following resolution was then put and carried unanimously, dissenting voices being specially called for, without

woices being specially called for, without response:

Moved by Mr. Alexander McLaren, seconded by Mr. W. H. Hunter, That this meeting is favorable to the scheme of Commercial Union, and trusts that its early adoption may be consumated in such terms as will be equitable to us as Canadians and in no way derogatory to our relations with the Mother Country.

The meeting dispersed with singing God Save the Queen and cheers for Commercial Union.

Changeville, July 1.—On leaving Dufferin Lake Mr. Wiman and party were driven to Orangeville where they received an ovation. A magnificent display of fireworks was given, and Messrs. Wiman and Butterworth, Gen. Waul and Hon. Wn. McDougald delivered rousing speeches.

THE GRIATEST DISCOVERT FET—Agreet deal of money has been spent year after year to discover some remedy by which the hair that i falling ont, becoming thin and gray and appear utly getting bald, could be checked, saved and res ored to its former healthy state. This great discovery has been achieved, Dr. Doronewell emission of the world of the covery has been achieved, Dr. Doronewell emissed where thousands on already rejoice in having regained a soft and beautiful crop of hair, after having given up all hopes and trying allremedies represented to do the same. Against Baldness so long as a rote of hair is left it will produce a family of the same o

How it was Celebrated Guelph and Vicinity.

st holiday that has been seen in Guelph or many a day. Beyond a cricket and across e match there was no attractions to

lesso the people at nome, and the malesswhere Quike a number went to Toronto, Preston, Galt, Morriston, Rockwood, and other neighboring towns and
villages, while not a few pic niced at Puslinon Lake, Paradise, and Victoria Park,
so that in the atternoon the city presented
a deserted appearance. This may also be
accounted for from the terrific heat, all
day, for no person who could possibly help
it would expose themselves to the scorohing rays of the sun. The day as a whole
passed off very quietly. Below will be
found some of the amusements witnessed
by citizens:

The Maple Leaf lacrosse club of Guelph, and the Beavers of Paris, crossed sticks at 2.20 p. m. on the Exhibition ground. There were some five or six hundred present. The first game was scored by Guelph, and the next four by Paris, after two and a half hours play. The teams were very evenly matched, and the game was very interesting and exciting. The Leafs go to Woodstock on the 11th. JUBILEE LAWN SOCIAL.

Leafs go to Woodstock on the Itm.

The Jubilee Lawn Social held on the grounds of Mr. J. S. Rogerson in the evening in aid of the organ fund of St. Andrew's church, proved a success beyond expectation and must have been very gratifying to its promoters and also to those who so kindly assisted in carrying opt the various arrangements to such a successful issue. When old Sol had retired for his evening's rest, and the cool evening breeze hat's dispelled his hot ray's, the people felt at liberty to lawe their houses and proceed to the seat of enjoyment, and by nine o'clock the grounds presented quite a lively appearance. The tables, laden with all kinds of seasonable fruits, ice cream, cakes, &c., and attended by willing and anxious hands, were patronized throughout the evening and yielded a good harvest. The little dower girls did their share towards the success of the enterprise. The grounds were gaily illuminated with a hundred or more Chinese lanterns and were profusely decorated with small flags, the whole making quite a brilliant spectacle, especially when viewed across the water. A most pleasing musical programme was carried out, and the general verdic's seem ed to be that all had spent a tho roughly e-joyable and pleasant evening.

THE DAY IN GALT. The day was celebrated in Galt by a grand entertainment under the auspices of the Galt Collegiate Institute Cadet Company and calisthenic class, in which they were assisted by the Highland Cadet Company and fife and drum band of this city. It was well patronized by the citizens of the "Manchester of Canada." The Cadets left Guelph at 8.30 in the morning in carryalls, and after a two hours' hot and duety ride reached Galt, where they were taken in charge by their brothers in arms and marched to the gymnasium of the Initiute. There they received their rifles and the companies the fell into line and were marched to the Imperial Hotel, where they were dismissed. A general dusting, washing, and cleaning up were indulged in and dinner was partaken of, after which the sights of the town were taken in the supersimple of the town were taken in the sights of the town were The day was celebrated in Galt by

indulged in and dinner was partaken of, after which the sights of the town were taken in.

At 1.30 the procession, headed by the fife and drum corp, started from the hotel for the beautiful grounds of the Initiation, passed through the principle streets, and was witnessed by a great crowd of people. On arriving at the grounds the companies were given a rest for a short time, after which they were put through a few manoeuvers and were then drawn up in review order and inspected by Col. Hespeler as d Capt. Beaumont, of the 29th Battalior. The programme of sports was then entered upon with zest and the competition for the different prizes was spirited. Corporal Campbell and Private Wallace were the winners in the 100 yard race and Corporals birton and Hill in the 220 yard drill order race for the Highlanders.

Although the afternoon was hot the sports were well attended and considerable interest was manifested, especially in the walking and running races.

In the evening the entertainment in the Alpha rink was attended by about 2,000 persons and the programme was the same that has been given in Guelph on several occasions. The young ladies' class numbers about 50 and the members are considerably older and taller than those of the Guelph class, but they were

are considerably older and taller than those of the Guelph class, but they were

those of the Guelph class, but they were well up in their exercises and received loud applause. The sword exercise and fanny inovements of the Highlanders took the people by storm and at the conclusion the applause was dealening. A number of the drill corps of the Galt Salvage corps, who were present, said that they had never seen some of the movements done better.

The prizes won were presented by Mrs.

never seen some of the movements done better.

The prizes won were presented by Mrs. J. K. Smith, and as each winner stepped to the front he was greeted with cheers by his comrades. A pleasing feature of the evening's entertainment was the presentation of a handsome picture of the Caisathenic Class and Cadet Company combined and an address to Capt. Clarke by Captain Cranston and two of the young ladies. The gallant Captain in his usual happy manner thanked the donors for their handsome present. God Save the Queen, sung by the class, ended a very pleasant its of July celebration.

Miss Tona Maitland and W. D. Sutherland, of Guelph, furnished the music for the evening.

land, of Guelph, furnished the music for the evening.

The Guelph Highlanders and their friends arrived home this morning about 2 o'clock well pleased with the trip. No accident occurred to mar the day's proceedings and all interested are well pleased with the manner in which they were received by the people of Galt.

At the lacrosse match for the Southern championship on the 1st of July, at Dickson Park, between the clubs of Galt and Tilsonburg, the game was a draw, each team securing a goal each. The games under the auspices of the Galt c'ub were a failure and considerable disappoint ment was expressed by a number of com-

nent was expressed by a number of com-petitors. In the 100 yard race and 200 yard race for commercial travellers a Guelph athlete, who holds a commercial travellers' certificate, was barred out, who he ground who kicked the beam at 175 ns., the challenger weighing at the resent time 230 lbs. This challenge is

en to any commercial man weighing Owing to the games for the Collegiate Institute and Highland cadets the lacrosse games were a failure, very few people at-tending the same. Guelph sports feel tending the same. Guelph sports feel highly incensed at the manner in which they were treated.

PICNIC IN PILKINGTON. The farmera of Pilkington held their annual pionic on Dominion Day in that beautiful woodland situated on the farm of Mr. D. Burns. Of the four or five hundred on the grounds nearly half were from Guelph. Messrs. Burns and Moran, who had cherge of the sfiair, managed it in a very creditable menner, and the city people speak in glowing terms of the hearty manner in which they were received and entertained. Mr. B. Mo-

The citizens of Morriston and surrounding country celebrated the 1st in elegant style. The programme opened at ten o'clock with a base ball match between Morriston and Freelton, which resulted in favor of the home team by a score of 8 to 2, gone fine playing being done on both

a home run, and also of Dr. Cormack on first base for Morriston. A procession was formed at the town hall at 1 o'clock headed by the Guelph City Band, followed by Uniformed Encampment, I. O. F., visitors from Guelph, Court No.51, I.O.F., which proceeded to the grove of Chas. Colfas, where every convenience was to be found for a good afternoon's enjoyment. Swinging, dancing, games, etc., were indulged in until 6 o'clock. In the evening a ball was given in the town hall, at which about fifty couple tripped the light fantastic until about 2 o'clock. The Guelph City Band furnished both brass and string music. The band say they were never used better. Much o'redit is due to the ladies, committee and Dr. Cormack, for the courteous manner in which all were treated.

The A. O. U. W. of Rockwood, held a pionic on the exhibition grounds. There was a very fair attendance, and a pleasant afternoon spent in the bush adjoining the grounds and at the rocks. Several Guelph

CRICKET.

The Guelph Cricket club played their first match on their new grounds against Listowel yesterday and won on the lat innings by 4 runs. There were a large sumber of spectators who watched the game and all expressed the opinion that the club will have one of the finest grounds in Canada when finished. For Guelph, Lett, J. Guthrie and Simpson and W. Hay and Clarke for Listowel, were the only ones who- obtained double figures. The bowling of G. Sanders and Simpson was much admired. Saunders especially distinguished himself by howling ten wickets for the cost of 24 rules. vickets for the cost of 24 runs.

A JUBILEE INDEED

What a flutter of excitement and what a fittler of excitement and amount of enthusiasm has been inaugurated by our Great Jubilee Clearing Sale! What an entring occasion! No wonder the genuine jubilee spirit is abroad. It has been a matter of surgicial surgici abroad. It has been a matter of surprise even to ourselves. Our usually well filled store has been fairly crowded with purchasers, and our purpose is being served. Goods are being converted into money, and the buyers are pleased and No.27 is being talked about more than ever. There is going to be no let up to the effort, until the stock is reduced by at least one-half. As one line of Goods is being cleared out, another is reduced to take its place. Here is what our price bulletin says about the reductions in the Silk and Dress Goods Department. Dress Goods Department.
