

DEMOCRATS UNABLE TO BREAK DEADLOCK

McAdoo Regained Support Of Two States on the 34th Ballot Before Noon To-day

Mississippi Followed by Oklahoma Back Into McAdoo Column.

MICHIGAN FOR FERRIS AGAIN

All Three Leaders Had Losses on 33rd Ballot This Morning.

[The Canadian Press.] Madison Square Garden, New York, July 2.—Opening another day's business with the thirty-first ballot, the Democratic National Convention to-day found the lines of all candidates holding fast around the divisions as they were left last night.

At the conclusion of the thirty-first ballot the leaders stood: McAdoo, 416.5; Smith, 322.4; Davis, 127.5.

McAdoo was unchanged; Smith had lost one and Davis gained one. The totals for the thirty-second ballot follow:

McAdoo, 415.4; Smith, 322; Underwood, 39.4; Robinson, 24; Davis of West Virginia, 128; Ritchie, 16.4; Cox, 57; Davis of Kansas, 6; Glass, 24; Ralston, 32; Walsh, 3.4; Sausbury, 6; Owens, 24. Total, 1099.

All three leaders on the thirty-third ballot showed losses because Michigan took away her thirty votes which should have been divided among them, and cast them once more for Senator Ferris, her favorite. On this ballot leaders stood: McAdoo, 404.5; Smith, 310.5; Davis, 121.

Mississippi, which had been casting its twenty votes for John W. Davis, after switching from the McAdoo column where it had been originally, flopped back again to-day on the thirty-fourth ballot and cast its votes again for McAdoo. The Mississippi return to the McAdoo ranks was quickly followed by the Oklahoma delegation which switched its twenty votes from the state's favorite son, Senator Owen and swung them in behind McAdoo. The delegation had originally supported McAdoo.

[The Canadian Press.] St. John, N. B., July 2.—Neil J. Morrison, one of the most prominent members of the Loyal Orange Order in New Brunswick and for many years Grand Secretary of the New Brunswick Grand Lodge, died at his home here this morning in his sixty-fifth year. He had been in failing health for the last ten years, but his death was hastened when he sustained a fractured hip last Wednesday evening while attending to his duties as caretaker in the Customs House here.

Besides his wife, he is survived by one daughter, Mrs. Roy Brown, four sisters and one brother, Dr. A. J. Morrison, of Providence, R. I.

Mr. Morrison was born in Cape Breton in 1859. He was in early life a marine engineer. Thirty years ago he assumed his duties as caretaker of the Customs House. Pretoria, S. A., July 2.—Speaking last night at a Nationalist banquet held here in his honor, Prime Minister General James Barry Hertzog, of the Union of South Africa, declared that Great Britain should and always would be, as far as his Government was concerned, the first and chief friend of South Africa. Unfortunately, in the past, the had been accusations made against the Nationalists because they insisted upon the doctrine of South Africa first. It always would be the aim of the Nationalists and his Government to cooperate with Britain and to do so heartily with the rest of the Dominions.

3 FAVORITE SONS DROP FROM CONTEST

Brown of New Hampshire, Harrison of Mississippi and Bryan of Nebraska Out.

[The Associated Press.] New York, July 2.—Three favorite sons were shaken completely out of the balloting at the Democratic National Convention yesterday, and one, Senator Owen, of Oklahoma, was added to the list.

Governor Brown, of New Hampshire, and Senator Harrison, of Mississippi, were dropped by their respective delegations on the 15th ballot, and Governor Bryan let go of the Nebraska vote on the 21st.

All of the Kansas votes, meanwhile, turned to McAdoo, but Governor Jonathan M. Davis of that state continued to receive several undecided votes from Illinois and Pennsylvania delegates.

CHANGE NAME OF CITY.

Christiana, July 2.—Christiana, Norway's capital, will revert to its ancient name, Osele, on January 1 next. The proposal, which has been long discussed, was finally adopted by parliament yesterday.

A bear escaped from a street carnival at Burnham, Ill. He roamed the streets two days, driving many people indoors. Once, when his keeper tried to capture him, he bit the man. Finally Johnny Patton, famed as "the boy mayor of Putnam," was appealed to. He immediately showed his resourcefulness and his memory for animal stories. Johnny dashed home for a pot of honey and held it out to Bruit, who immediately stuck his head deep into the pot while a collar was snapped around his neck.

An Analysis of the Balloting at the Democratic Convention on Tuesday.

New York, July 2.—The Democratic National Convention to-day went into its fifth session of balloting for a Presidential nominee with no definite indication of a break in the deadlock between Wm. C. McAdoo and Alfred E. Smith. The delegates were still divided among 13 candidates, a record field for this stage of a national convention race.

McAdoo and Smith were, as before, in the lead, with John W. Davis well up in third place, out of the dark horse division, and Senator Ralston, of Indiana, although sixth in the voting of the thirteenth ballot, a much discussed contender. James M. Cox, of Ohio, retained fourth place, and Senator Underwood, of Alabama, held the fifth.

Of the leaders, McAdoo was the only one to show a declining tendency through the fifteen ballots yesterday, while Davis displayed the greatest secretion of strength. The McAdoo workers, however, predicted victory to-day, and Davis, Rockwell, manager of the Californian's campaign, insisted "our lines are holding and we have assurances from our delegations that they will stick to the finish."

Belief That Government Will Accede to Recommendation of the Committee.

MATTER DISCUSSED IN PARLIAMENT TO-DAY

Resolution for Federal Inspection of Banks Also to Come Up To-day.

[Special Despatch to The Daily Gleaner.] Ottawa, July 2.—It is believed that the Government will give effect in measure to the report of the majority of the Banking and Commerce Committee recommending compensation to Home Bank depositors on ground of a moral claim in equity.

House members voted against this report and they were distributed among the three parties. They questioned both the claim and the precedent which is granted it would establish.

The view of the sub-committee which framed the report is that, as a supplementary estimate, 50 per cent. of the claim should be provided this year, which with the 25 per cent. dividend already paid, leaves 25 per cent. to be adjusted. The liquidator reports the probability of another ten per cent. dividend.

Ottawa, July 2.—The status of the depositors and shareholders of the defunct Home Bank will be discussed in the House of Commons to-day, when the report of the Banking Committee on banking will be currently discussed for adoption. Many suggestions were made, including that of Government assistance in the matter of overcoming the difference in rates, the carriage of western coal by boat from the head of the Lakes and the carriage of coal at cost by the Canadian National Railway.

Hon. Charles Stewart was willing to recommend assistance by the Government so far as this was practicable. He pointed out, however, that the use of Canadian coal in Ontario would mean an inevitable increase in cost over the price of Pennsylvania and Lake Erie coal, and the consumer might object.

Crowds So Great That Royalty Has Not Had Chance to Really See It.

New York, July 2.—Neither King George nor the Prince of Wales had had an opportunity to make a detailed visit to the British Empire Exhibition because of the dense crowds that go each day. Captain Alfred N. Williams, of the exhibition staff, reported after his arrival here today he said, and whenever the King or Prince of Wales go they are recognized, surrounded and forced to turn back. He said a plan was under way to close the exhibition for a full day to allow the Royal family, undisturbed possessors of the grounds and the side shows.

WAS AFFLICTED WITH PARTIAL PARALYSIS

A Young Man Freed From Chronic Headache of Years' Standing.

[Special Despatch to The Daily Gleaner.] Quebec, July 2.—Redemptorist Fathers at Ste. Anne de Beaupre are studying two alleged miraculous cures which have been reported at the shrine over the week-end, the cured people being a woman and a young man who formed part of a pilgrimage from St. Paul, Minnesota. The party, which included His Grace Mr. Busch, Bishop of St. Cloud, Minn., arrived at Ste. Anne on Saturday afternoon and since that time had attended a series of religious ceremonies on Sunday. After mass a young man named William McNab, who had been praying near the statue of Ste. Anne, suddenly rose and proclaimed he had been cured from a chronic headache of which he had been suffering for four years.

Yesterday morning Mrs. Siegfried, resident of Minnesota, who had been following all the prayers since the beginning, left her crutches at the shrine, stating that she was cured from partial paralysis. Though some of the witnesses of the cure contend they are miraculous cases as usual, the Redemptorist Fathers refuse to make any official statement until they obtain proof in June there were thirty-five pilgrimages to Ste. Anne de Beaupre, which is slightly over the corresponding period in the previous year.
