HAMILTON EVENING TIMES SATURDAY. AUGUST 28 : 909.

AMUSEMENTS

A staff of decorators, painters and , cleaners have been busy during the past few weeks touching up the interior of the Bennett Theatre, so that when the doors open on Monday afternoon Hamdoors open on Monday arternoon ram-ilton's popular vaudeville theatze will look as spick and span as it did at its first opening. A bill of exceptiona merit, one of the most expensive ever booked here, is promised by the man-agement. It will be made up of a list of attractions that are regularly featured at the best variety theatres in America. Chief of these will be John B Hymer and a company of a dozen clever Prople, presenting an interesting nov-elty, Jack Levy's spectacular fantasia, entitled "The Devil and Tom Walker." The author of this sketch went far from the benten path to unearth something entirely new for vaudeville lovers, and judging by the success of this sensa-tional hit he has succeeded. The scene of the action is laid in the throne room of his satanic majesty, and the fun re-volves around' an old darkey. Tom Walker, from Tennessee, to whom the devil takes a fancy. While the evil one takes a trip to America he leaves Walker in charge of his domains. As ruler of the infernal regions, the man-mer in which Tom dispenses justice to his earthly acquaintances who arrive down the brimstone chute is said to be screamingly funny. The act is elab-orately staged with special scenic and electric effects, and contains a number. Another number of headline variety is Ed. Morton, the famous singing comedian. Manager Appleton for the past two seasons has tried to secure this clever entertainer. Morton is one of the Broadway comedians who has achieved fame on the vaudeville stage. people, presenting an interesting nov

achieved fame on the vaudeville stage, and few performers are as well paid. Like the great Lauder and other vaude-ville celebrities, it is not so much what he does as how he does it that has made Morton famous from coast to coast. He does nothing but sing, but his effective style does the rest. Mor-ton is sure to prove an attractive draw-ing card in Hamilton. The Vivians have a novelty. They are both expert marksmen and have a sharpshooting act that is said to com-pare favorably with the best acts of that kind seen in recent years. quietly terminated on Monday morning last, when Mr. David Adams, an old and well-known resident, passed to the life beyond at his home, Mount Pleasant, Colborne, in his 88th year. For some few years Mr. Adams had been in fail-ing health, but he awaited the last call with a quiet assurance that it was sim-ply a step into the better home above. Deceased came to Hamilton from Scot-land, early in the 50's, where he was en-gager in the clothing business for a few years, and during his stay there, by his genial disposition and upright Christ-ian character he made many staunch lifelong friends. He removed to Goder-ich some years later, where he engaged in business for a number of years, and then removed to his country home, where he quietly spent the remainder of his days. Mr. Adams was a man of un-obtrusive habits, honorable in all his dealings, and held in the highest respect and eaterem by all who knew him. His wife, Isabella Mackay, Sister of the late Rev. Dr. A. B. Mackay, Montreal, and the late Rev. W. P. Mackay, D. D., of Hull, England, predeceased him a num-ber of years ago. The surviving members of the family are James M., on the homestead, Mrs. Alex. Donaldson, of Fort Q'Appelle, Sask., Mrs. A. 'E. Wil-son, of Saltford, Mrs. John Morris, of Sarnia, Mrs. James Mitchell, of Goder-ich, and Miss Jessie, professional nurse, of Montreal. Mr. Adams was a nephew of the late Professor Robinson, of Queen's College, Cambridge. The funeral took piace on Wednesday to Maitland Cemetery, Rev. Jas. Hamilton, B. A., conducting the service, and was attend-ed by many old time friends, whose sympathy is extended to the sorrowing family. Displays Latham's, Paulhan's and Bleriot's might, they thought, be repeated and yet unseen would occur to again arouse a feeling of wonder and excitement. A feeling of wonder and excitement. Nevertheless the seemingly impossible did occur, and those who watched the two dirigible balloons, the Zodiac and the Colonel Renard, making evolutions while half a dozen aeroplanes flew around them, felt that the wildest dreams of the romance writers were within distance of beling realized. The record went to Parman, who gained the first prize of 50,000 frames (\$10,000) with his biplane in the contest for the Grand Prix de Champagne, a duration contest. He flew 80 kilo-metres, about 1121-2 miles, in 3 hours 4 minutes 56 seconds, breaking the world's time and distance records. His flight ended officially at 7.30, when in accordance with the rules, official time-kcepers cease, as darkness makes con-trol impossible, but Farman made one more round, adding six miles to his score. sympa.

He stopped in front of the grand stand, where, in the brilliant illumina-tion of the 'electrie lights, the crowd had commenced to dine. He fell rather than stepped from his seat, paralyzed by the cold. The crowd made a rush to carry him to the stand, but he beg-ged them to leave him alone until his circulation again became normal. Then a huge fireman hoisted him on his back and carried him among the diners, where M. Millerand, Minister of Public Works, congratulated him on his achievement, and the band played "God Save the King," in honor of Farman's British parentage. Farman in the darkness narrowly escaped coming in collision with Hoiz on the last round. He kept at a low height all the time. Every round was made in ten min-utes, with a varying number of sec-onds, ranging from one to 52, the average being 17, except the fifth, which tok 11 minutes 26 seconds.
