prisons for complicity in the earlier apassmite outrages or attempted outrages.

Warn Pelly, the young Englishman in-duced to America by Birchali, arrived home in his native of Saffron-Waldron, he was given a great recoption. The streets of the little town were floorance with flags and arrobe, and he was congratulated out he narrow secape he had from the face which overcoto his companion Benwell.

Ar Dover, N. H., on the 6th, a young man which work the companion for the street of the interest store of Edward M. Carr, and on the pretence of withing to confirmiture, sutled him to Pass 28, where after easing for monely he drew reviews revolver and fired five shets at Carr, four of which took effect. Holls was identified an Harry Holland, a notopious young man with a hold record, and record and record and record and record and record to the mental to the pretence of the liquidistion of the debts of the inclovers firm. The firm is said to have recovered when the firm with a hold reportly. Later of the man killed were blown to piece. It is supposed that the frow said asset for the man and one weeman were killed, and seventeen men and one weeman were killed, and seventeen men and one weeman were killed, and seventeen from the firm all the firm said of the one of the inclovers firm. The firm is said to have recovered to the condition of the debts of the inclovers firm. The firm is easid to have recovered the men killed were blown to piece. It is supposed that the frow asset is supposed to mills but the steep of the men killed were blown to piece. It is supposed that the frow asset is supposed to mills but the steep of the men killed were blown to piece. It is supposed that the frow asset is supposed to the condition of the debts of the inclovers firm. The firm is said to have reflected the supposed that the frow asset is supposed to the mills where the provided designs of the mills but the and one woman were killed, and seventeen mes and 3 women injured. All but three of the men killed were blown to pieces. It is supposed that the iron used in soldering the covers on the cans of powder becoming too hot, fired the powder, and caused the explosion. The work was extremely dangerous and the only one trusted to perform it was a man named Green. Of the forty houses inhabited by the employes of the mills but the store walls remain. Many windows were broken in Wilmington.
