A GENERAL Provincial election was held in British Columbia on Saturday last. Latest accounts seem to indicate a close shave for the Turner Government.

The first number of the New Brunswick Magazine has reached us. Its contents appear to be most interesting, but we are unable to do more this week than acknowledge receipt of the initial number. The Magazine is published monthly by W. K. Reynolds at \$1.00 per annum.

Mr. Christopher P. Gallagher, a Bangor, Me., grocer, recently discovered in his collection of old coins what appears to be an American silver dollar of the coinage of 1894, said to be worth about \$1,100. Where or when he got it, Mr. Gallagher does not know, but he is glad to have the old dollar, and is negotiating for its sale to a New York collector.

In consequence of an accident to a freight train, near St. John, N. B., on Wednesday last, the C. P. R. train, with the mails for Point du Chene was seven hours late on Wednesday last. Captain Cameron of the Northumberland, very considerably held the steamer at Point du Chene until the arrival of the train. The mails and passengers reached this city about six o'clock Thursday morning.

The steamer Princess was on the marine slip at Pictou last week, and the Electric was put on in place on Thursday. It was expected the Princess would be ready to cross on Friday, but owing to strong wind, she was detained on the slip and consequently we had no mail from Pictou on Friday. The William Atkinson took the mails across to Pictou Saturday morning, and the mails from the other side reached here Saturday night.

According to an exchange the price hog of the age belongs to T. W. Williams of Decatur, Ill. It weighs 1,524 pounds and is so much of a burden that it cannot rise from its haunches. The exact dimensions of the hog are as follows: Height, 4 feet 6 inches; diameter, 7 feet; length, 10 feet 2 inches. For several months the hog has only eaten one gallon of corn at a meal. The hog's sire and dam were only medium-sized Berkshire crossed on common stock. A number of stockmen from the west have declared that it is the largest hog in the world.

According to a London despatch the North-Eastern railroad has just completed a locomotive which, it is hoped, will soon gain the world's record. It is a simple expansion, weighs eighty tons, and will draw a heavier load than any locomotive now on the rails in any country. At all events that is what the builders claim. With an ordinary passenger train no doubt it is fast that it will maintain a speed of eighty miles an hour for hours at a stretch. But this engineering marvel has not yet been seen outside the North Eastern railroad's works at Gateshead.

In this issue will be found the advertisement of Messrs. Sentner, McLeod & Co., successors to Messrs. Beer Bros. Messrs. Sentner and Daniel McLeod have been for years in the employ of Beer Bros. and they thoroughly understand the business. Mr. McLeod has been in the Old Country to purchase goods for the old firm; consequently he has experience not only as a seller, but also as a buyer. The name of Mr. R. C. McLeod is a guarantee of business ability and success. Starting out under such favorable auspices this new firm can scarcely fail to succeed. Experience and enterprise such as this new firm have to their credit are the elements calculated to ensure success, and this we sincerely wish them.

Among the passengers lost on the ill-fated Burgoyne were five priests, one of whom, Father H. J. J. was a very popular and worthy pastor of a parish in New York. He was going to Europe on a vacation after thirty-five years of faithful service. When the collision took place and consternation reigned supreme these five devoted servants stood calmly on deck granting absolution to the doomed passengers and went down without making an effort to save themselves. Heroin of this kind is in striking contrast with the inhuman conduct of those who sought their own safety with the aid of deadly weapons, and will for all time stand out as a bright and glorious memory in connection with this otherwise dread and gloomy disaster.

### A CARRIAGE MAKER

Suffered ten years from weak heart action and nervousness.

Cured by Milburn's Heart and Nerve Pills.

No trade or profession is exempt from disease or derangement of the heart and nerves. The pressure of work and the mental worry are bound to produce serious consequences sooner or later.

Mr. Donald Campbell, well-known carriage maker of Harrison, Ont., said: "I have been troubled off and on for ten years with weak action of my heart and nervousness. Frequently my heart would palpitate and flutter with great violence, alarming me exceedingly. Often I had sharp pains in my heart and could not sleep at night. I got a box of Milburn's Heart and Nerve Pills and from them derived almost immediate benefit. They restored vigor to my nerves and strengthened my entire system, removing every symptom of nerve or heart trouble, and enabling me to get useful, healthy sleep."

Milburn's Heart and Nerve Pills cure palpitation, throbbing, dizzy and faint spells, nervousness, sleeplessness, weak digestion, female troubles, after effects of grippe, etc. Price 50c a box or 8 for \$1.00, at all druggists. C. I. Hood & Co., Toronto, Ont.

LAXATIVE PILLS cure Constipation, Biliousness, Stomachache and Dyspepsia. They do not grip, sicken or weaken. Every pill acts perfectly.
