sembly Act Amendment Bill providing

Bill is a Gerrymander.

EDMONTON, ALBERTA, CANADA, FRIDAY, MAY 15, 1908

PREMIER TAKES FIELD IN

ELECTIONS ACT DEBATE In Masterful Exposition of the Principle of the Bill and the Causes Imperatively Demanding such Legislation, Sir Wilfrid Discloses the Pitiful Weakness of the

Opposition Criticism and the Tactics Pursued in Effort to Prevent Passage of Bill by Refusing to Vote Supply.

(From Monday's Bulletin.) One of the most disastrous bush for increased representation in the house fires in the history of the country

which the house should be composed be of verdure by this fire, and the loss in lation to remedy the defects in the

thod of procedure. He hoped that the leader of the opposition would withdraw ton, arrived in the city on Saturday. him personally against the provisions

ties in the house except for a certain hastily summoned, and leaving their horses in charge of one of their number, they hurried to the camp. Pails

gentlemen made a very carnest plea after the act was passed, and Mr. Haultain said far as a certain portion of his audience was concerned it fell on design portion of his audience was concerned it fell on the fact of the law of their own proting of the officers to be administered, because the effect of the law of their own proting of the last fung that entered his unid was that he should bear a part in the province of many mays sived.

Mr. Haultain said fire was a close and burned the brush from the should be a charge before the flow, read and burned the brush from the many of a special politic or the control of the complete work of the other side of the other side of the law of their own proting of the other side of the law of their own proting of the other side of the law of their own proting of the other side of the law of their own proting of the other side of the law of their own proting of the other side of the law of their own proting of the other side of the law of their own proting of the other side of the other s truth in that. The Moose Jaw convention was held in 1903. Mr. Haultain Mr. Tompkins reports great loss If they were to approach the question they had read on they would have said there were no signs of party lines through the country by homesteaders as a result of the proportion of settlers in the southern portion of the provinces was very much greater than in the northern.

North and South Even.

Mr. Tompkins reports great loss if they were to approach the question and they would have during they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if the day lustice between man and man, it resumes the provinces when a fraud is committee were during the household effects, then they had read on they would have found the following: "But if they had read on they would have during the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had read on they would have found the following: "But if they had they had been completely bee
