

RURAL ONTARIO TURNS TOWARD RECIPROCITY

Liberals are Jubilant Over Way Things Have Turned—Conservative Farmers Breaking With Party on the Issue of Reciprocity.

Toronto, Ont., Aug. 11.—Both political parties have spent a busy week in lining up for the coming battle at the polls. Over one hundred nominating conventions have been held in Ontario, Quebec and the Maritime provinces at which candidates were selected and the work of organization inaugurated.

While the proceedings to the present are essentially of a preparatory character, every incident is being keenly analyzed and dissected by the astute political prophets. The advantage of the first round is unmistakably with the Liberals. At four Ontario conventions on Monday Conservative agriculturists have broken away from the party on the reciprocity issue and declared their support of the government candidates. This is regarded as indicative of the general sentiment of the rural ridings.

Straws Show How Wind Blows

The Liberals are jubilant over the turn things are taking, claiming that the straws show how the wind is blowing and they claim rural Ontario will pile up an unexpected majority for the reciprocity agreement. Another significant incident is the manifesto issued by Wm. German, Liberal member for Welland, who bolted on reciprocity. Mr. German will again be a candidate and states he is now satisfied to let the people settle the issue and if reciprocity is endorsed he will see that the agreement is carried out. Enthusiastic reports are pouring in from all parts of the province. Bruce County Liberals report that the present member, John Tolmie, who is hurrying back from Scotland to get into the battle, is a sure victor, even if Hugh Clark resigns from the legislature to contest the seat with him. In the south riding of the same county it is practically conceded that A. J. Truxa will redeem the seat for the Liberals. Hon. MacKenzie King speaks tomorrow for William Lowe, a big farmer and cattleman, who is regarded as likely to defeat Richard Blain in Peel.

Tory Speakers Attempt Sectional Cry

Messrs. Foster, Lash, Currie, Bristol, and other Conservative campaigners seek to arouse a sectional feeling by appealing to Eastern Canada not to be run by the West. They represent Laurier and Fielding as linked with the electors of Alberta and Saskatchewan to impose the desires of these provinces on an unwilling East. At Glencoe, a Middlesex farmer spoke up: "We are right with our western brothers in this fight of the masses against the interests."

In Quebec there are many who are in the field. In his nominating address in Levesque, Mr. P. D. Monk declared that he was anxious to discuss the navy question with English-speaking Canadians. He is rather vague, like all Nationalists, on reciprocity, but opposes it on the ground that he was a protectionist.

Great Sweep in Nova Scotia

The Conservatives are much perturbed over the probability that Provincial Attorney-General MacLean will defeat E. L. Borden in Halifax. All through Nova Scotia the Conservatives are deserting their party to support reciprocity, and many optimistic Liberals are already predicting another sweep of that province. The anti-reciprocity forces are making a special seat on Hon. Graham in Brookville. Messrs. Borden, Sifton and Sir James Whitney are announced to participate in the campaign against the minister of railways. The Liberals, however, are quite confident of returning him with an increased majority. Great Liberal demonstrations have been arranged for Newmarket tomorrow, when Sir Alyn Aylesworth will deliver his valedictory to the North York electors.

The Conservatives are manifestly worried over the way matters are shaping. In addition to the regular headquarters, an elaborate suite of special offices are being opened in Toronto. Much money has been placed at their disposal by the anti-reciprocity interests on both sides of the line to make a last ditch fight. Tons of literature in which the annexation scare crowd finds the chief place is being promulgated. Arthur Hawkes, head of the "Canada British Association," is establishing a co-operative work among British-born Canadians. The majority of British-born Canadians are, however, men of the old British Liberal and Nonconformist school and refuse to have anything to do with interests allied with Britain which have successfully sought to stay the wheels of progress there. A mass meeting of Englishmen in Toronto cheered jointly for British and Canadian Liberalism.

Carlyle, Sask., Aug. 11.—At Carlyle last night at a large and enthusiastic Liberal convention, J. G. Turritt, ex-M.P., was formally nominated to contest Assiniboia in the Federal elections. As soon as he could make himself heard through the rounds of applause which greeted his nomination, Mr. Turritt stated emphatically that he had not asked for the nomination and that if a local man could be found he would prefer to be considered for a moment.

Called Upon to Sign Their Allegiance. Estevan, Sask., Aug. 11.—About 300 delegates, halling principally from Oxford and Haldimand, succeeded in having C. C. Smith, of Cardiff, nominated as the standard bearer of the Conservative forces for Assiniboia. A new departure in the selecting of a candidate was the passing of a typewritten document setting forth the necessity of every delegate signing his name as a true supporter of the party candidate. Many of the old school felt this procedure uncalled for, and seemed to think that it reflected somewhat on their loyalty to the cause. Another feature was the request of one person that all who had not signed their willingness to support Mr. Smith by a standing vote retire from the meeting. Four persons thereupon retired.

Brandon Liberal Candidate Chosen

Brandon, Aug. 11.—Alfred Edward Hill, merchant and farmer, of Griswold, was yesterday the unanimous choice of the Brandon Liberal convention, held here in the Town Hall. Mr. Hill has been in Western Canada since 1881, and has resided for over 20 years at Griswold, in the Brandon constituency. He has a farm in the Griswold district and has at the present moment ten thousand acres under crop. Beside his farming activities he is president of the A. E. Hill Company, Ltd., and until recently managed the company's store at Griswold. Mr. Hill's parents were born in Exeter, Devonshire. He has gained from them a deep respect for British institutions and is very loyal to the suggestion of reciprocity. He is a Liberal through and through and an out and out supporter of reciprocity. He is widely respected. Three names went to the ballot, those of A. E. Hill, Mayor J. W. Fleming, of Brandon, and J. W. Scallion, of Virden. On the second ballot Mr. Hill received 100 votes and Mr. Scallion 84. The nomination was then made unanimous on the motion of Chris Stinson, of Virden, who nominated Mr. Scallion. Mr. Scallion himself not being present. Loud applause greeted the choice of the convention, the spirit of which was keen and eager for the reciprocity agreement. There were two hundred to two hundred and fifty delegates present, and the prevailing sentiment was that Brandon would be found in the Liberal column on the night of September 21. No Comment on Sifton's Valedictory. A large number of grain growers attended the convention and they

Falsehood Offered as Apology For Calling Bogus "Convention"

By way of excuse for the bogus "Liberal convention" called for Wednesday of this week, the assertion is made that this gathering has been called in the same way as the convention which in 1908 nominated Mr. Oliver as the candidate of the Liberal party. In the newspaper which is used as the exponent of the aims and doings of the authors of this bogus convention the statement is made that, "At the time of the calling of the last convention the officers of the Edmonton District Liberal Association were P. E. Lessard, chairman, and James McGeorge, secretary, and it was by these officers and no others that the convention was called." That statement is not true. At the time the convention of 1908 was called there was not in existence any Edmonton District Liberal Association, and never had been any such association. Naturally, therefore, the gentlemen named were not officers of any such association. The Edmonton District Liberal Association was first formed at the convention held in 1908. When that convention was called, the gentlemen named held the offices indicated in the Edmonton City Liberal Association, and were authorized by the provincial executive to call the nominating convention for the Edmonton electoral district, there being no district officers to whom to give such power.

The gathering announced for Wednesday and honored with the name of "Liberal convention" cannot be justified on the ground of precedent, as justification cannot be found for it in the rules of the Association. It is bogus, whoever says different, and no matter how vociferously he says it. The nominating convention of the Liberal party will be called in due time and under the only authority competent to call it—the provincial executive. Ample time will be given for the holding of primaries in all parts of the constituency, save those districts in the far north-west of the province, whose distance may preclude the possibility of allowing time for representatives from them to attend. Due notice will be given through the press and otherwise to the Liberal officers in the various polling sub-divisions of the time and place of the convention. That convention will be called to select from the ranks of the Liberals the man thought by the majority of the delegates most fit to represent them and most likely to lead them to success. It will be a Liberal convention, called in keeping with the rules of the Liberal Association of the Province, by the authority of that Association, and for the purpose of nominating a party candidate in the regular and invariable way.

A better illustration of the wisdom of placing the power to call nominating conventions where it is placed could scarcely be afforded than the attempt now being made to pull off a fake convention in this constituency. It was precisely to prevent occurrences such as this that the authority to summon conventions to select candidates was put into the hands of the executive of the Provincial Association. The members of the Provincial Executive have no personal concern in the selection of any man as candidate, as against any other. They are not parties to factional disputes, nor prejudiced in case of rivalry. Their sole concern is in seeing that the Liberals of the riding are given a free and fair chance to choose for themselves the man who seems to them best able to represent their views before the public and in Parliament. In local disputes they have no share, and it is their business to see that in so far as the calling and the conduct of nominating conventions are concerned there is a fair field and no favors; that conventions are neither rushed on at short notice, nor manipulated by the partisans of any man or faction. The necessity of having a third and disinterested party fix the time of such conventions, and provide the presiding officer for such conventions, could hardly be more strikingly shown than in the present attempt to ring in a bogus convention for the sake of foisting upon the party the candidate of a faction—a faction which, in order to bull-doze the party, has seen fit to set at defiance the duly adopted rule and the established precedent touching the calling of party conventions.

ad their registration was legal. Though he was refused the summons were not issued. G. L. Palmer, one of those whom Sam Spence, of the Commercial Hotel, tried to register on Thursday at the Water street booth, sent a telephone message from Carberry yesterday saying that he had given no instructions to the hotel man to take such proceedings, and that he was not a resident at the hotel. Palmer, Winnipeg today and was intending to register in person. He denied that he was a resident at the Commercial Hotel. The claims made by some Conservatives that all absentees would be put on the list without any further ado was soon shown to be an outside mark when huge lists brought in yesterday afternoon from various hotels were all in turn put aside and referred to a judge. He will have to consider each on its merits in the revision court. Dr. Neely Only Name Mentioned. Humbolt, Sask., Aug. 11.—The Liberal convention for the Humbolt

Brandon, Man., August 11.—Reports are being daily received here from the Minnedosa district which indicate that Dr. Roche is to have the fight of his life in that division, and the chances are daily increasing that he will meet defeat on September 21. There are scores of Conservative farmers in Marquette deserting the party on the reciprocity question. There is considerable stock raising and mixed farming generally in that district, and farmers realize that with bigger markets they will get better prices for the product of their farms. The Opposition are now beginning to realize that they are losing a lot of support and a special effort is already being made by the inner circle at Winnipeg to round into line hundreds of deserters from the Opposition camp in Marquette.

Broadview, Sask., Aug. 11.—Levi Thompson, King of Wolesley, was chosen as the Liberal standard bearer for Qu'Appelle at a convention held here today. The meeting was attended by a hundred delegates, representing practically every division of the constituency, and was addressed by Hon. J. A. Calder, Mr. Thompson, R. J. Philin, of Moosomin, and others. The two last mentioned were the only names presented for nomination, the former by A. G. Smith and F. W. Phikess, and the latter by E. Crane and A. Cowan. The ballot showed a considerable majority in favor of Thompson and the choice was made unanimous on the motion of Mr. Philin.

Conservatives in a Panic. Winnipeg, Man., Aug. 12.—D. B. Wood, manager of the Dominion Flour Mills company, comes out strongly for reciprocity in a statement issued today.

Toronto, Aug. 12.—The Toronto World says today: "At a crisis like the present in the history of Canada it is the duty of her best and biggest talents to come into the field. Sir William Van Horne is one of our biggest and best men. Let Sir William take a constituency. He'll win it, and he'll give his loyal patriotism the same thing. Duty must be put before every thing else. Come out with us, Sir William."

Strathcona Constituency Expresses Confidence in Hon. Frank Oliver.

Wetaskiwin, Aug. 15.—With the same enthusiasm that characterized the Liberal conventions of Calgary, Macleod and Lethbridge, the Liberals of the Strathcona district in convention here today passed a unanimous vote of confidence in Hon. Frank Oliver and in appreciation of the work he has done for Western Canada. The resolution was adopted with the greatest enthusiasm. There were 103 delegates present, almost every polling division being represented and in addition there were numerous proxies. No other name but that of J. M. Douglas, Strathcona was proposed for
