Municipal Bonds Yielding Up to 5 3-4 p.c.

Now that the local municipal market is so bare of offerings, and will remain so until the annual crop of bond bills is passed at the present session of the Legislature, it is quite refreshing to be able to offer some Upper Canadian and Western issues.

These include three from Quebec, Farnham, Three Rivers and Verdun—one from Manitoba, Transcona—and one from British Columbia, Richmond. Maturities vary from 1943 to 1960 and yields from 5⅛ per cent to 5¾ per cent.

While space limitations prevent further mention now we hasten to assure you that we would appreciate the opportunity afforded us to send you the fullest particulars.

Cool Heads Wanted.

The events of the near future in Ulster will be watched with much anxiety. It is time for coolness and caution on both sides. If passion and prejudice are let loose, a spark may set on a conflagration which may take many a generation to live down. Political progress at home is slow, and partisan wounds heal slowly. The Home Rule propaganda has moved very slowly. It is now thirty years since the programme was adopted by Gladstone and though the fruition of his scheme is now in sight, its final development is beset by manifold and serious difficulties. The desideratum is Home Rule by consent and not by the bayonet. On the one hand the olive branch has been held out by giving the option to certain counties to vote themselves out for six years, but to come in automatically at the end of that period. The latter part of the proviso is what the Unionists kick against. After all, the difference is small and pales into insignificance in comparison to the risk of a resort to arms on either side. The Nationalist position is that the experience of Home Rule will commend it to any recalitrant county. If the event justifies this forecast, then there is little to be gained by insistance on the proviso objected to. If the Unionist contention that Home Rule will not heal the breach is well founded, then active resistance may well be postponed till they have seen the effects on the counties of Ulster and the rest of Ireland which will come under Home Rule. If that experience should prove unfortunate, they will be able to rely on the voters in Great Britain to see that these counties are not put under the yoke six years hence. If common sense prevails a way out can be found, which should be acceptable to both parties. The counties which do not go in for Home Rule stand to lose much by a six years exclusion. That is their business. The risk is theirs, and they should be left to take it. Home Rule in the Colonies proved the salvation of the Colonies and the Empire in the Nineteenth Century, we have no doubt that it will prove equally efficacious in Ireland in the Twentieth Century.

FINE EXHIBITION OF SWIMMING.

The first annual gala of the M.I.A. Swimming Club was held at the Seamen's Institute last night and proved a great success. Among those present were His Lordship Bishop Jones, Rev. W. H. Thomas, Hon. J. R. Bennett, Hon. J. and Mrs. Harvey, W. J. Higgins, M.H.A., T. McNeil, Mrs. R. B. Job, Miss Job, W. H. Franklin, F. Martin, D. Baird, D. Macpherson N. Outerbridge, H. E. Cowan, G. H. Hutchings and many others. The first item was a race between teams from the M.I.A., Bankers and Calypso. This was won by the former in 1 min. 29 3-5 sec., with the Bankers 2nd. Mr. Higgins acted as starter. The winners were C. E. Brookes, Kerr, Burns and Hartley. A diving display followed by Messrs. Brookes and Green, the exhibition consisting of plain diving, scmersaults and also fancy swimming.

The polo match, the first ever played here in public, resulted in the defeat of the Calypso by the Club by 2 goals to nil, the scorers being Messrs. Brookes and Kerr, who with Messrs. Follett and Hartley constituted the team. The Learners' race was won by W. J. Eaton with A. P. Hartley second. Mr. H. R. Brookes ten announced the winners who received their prizes from the Lord Bishop. Rev. W. H. Thomas congratulated Mr. Chas Brookes on the effective work of his teaching, as shewn by the exhibition and expressed pleasure at the attendance of His Lordship the Bishop and his kindness in distributing the awards, saying his patronage would do much towards promoting the growth of the Club. His Lordship jocosely referred to his unexpected shower bath during he polo game, and mentioned that at a meeting of the A.P.C., some seven years ago he had suggested the establishment of swimming baths. We are a maritime people, but many of us have not learned the art of swimming, one of the great reasons for this being that the water around our shores for most of the year, is so cold. This trouble is remedied by the provisions at the Institute. He believed a knowledge of swimming would result in the saving of many lives each year. He congratulated the President of the M.I.A. and hoped this was only the first of many such exhibitions. Mr. H. R. Brookes, treasurer of the Club, moved a vote of thanks to His Lordship and to all present for their attendance, which was accorded by acclamation. Last night's show was a step towards promoting interest in swimming, and the raising of funds for the building of the proposed bathing establishment, at Long Pond, or some other suitable place, under approval of course of the proper authorities.

McMurdo's Store News.

SATURDAY, March 21, 1914.

If you want an Olive Oil of quite uncommon richness and purity step into either of our stores and order a little of the Olive Oil put up by Messrs. Jules Valen et cie, of Nice, one of the most reputable of French producers of Olive Oil, and a firm that makes a special feature of the high grades of this delicious oil. For food purposes as an ingredient in salads and other dishes, as a laxative for infants—there is no better one than pure Olive Oil—Messrs. Valen's product is the most suitable you can get. Price 60c. and $1 a bottle.

Here is "something for nothing" The J. B. Williams Company, of Glastonbury, Conn., give away with each tube of their Dental Cream a Nickel Tooth Brush Holder. The outfit sells at 25c. and the Holder is neat and handy.

The Heart of a Jewess.

A grand drama in two reels, "The Heart of a Jewess," will be the headliner at the Crescent Picture Palace on Monday and Tuesday. This grand drama was voted to be one of the most sensational of its kind ever presented in the big American Theatres. A number of other pictures will comprise one of the best bills ever seen at the Crescent. The management is now endeavouring to secure a series of longer films which will be exhibited from time to time. Don't fail to see the Crescent pictures on Monday and Tuesday.

C. L. B.—It is earnestly requested that all the members of the Bazaar Committee attend the meeting in Synod Hall on Monday at three o'clock, as business of importance is to be transacted.—mar21,1i

SEALING NEWS.

NO NEWS FROM FRONT—FOGO STATION GIVES OUT—STORM RAGING NORTH — REPORTS FROM NEPTUNE AND ERIK IN GULF.

FROM THE GULF.

The following message from Capt. D. Martin, of the Erik, was received at 5 p.m. yesterday, by James Baird, Ltd.:

"Via the Seal, Grindstone Island, and Cape Ray. Have 10,000 on board; about 4,000 panned."

NEPTUNE 10,000.

The following message was received by Messrs. Job Bros. & Co., Ltd.:

"Our position same as yesterday; gale from west, fine and frosty; killed and panned to-day 8,000; on board and stowed down 2,000; large sheets, difficult to get through. The following crews are working with our men: Viking and Terra Nova. The following ships in sight: Viking and Terra Nova."

WILCOX.

Owing to the Marconi Station at Fogo Island being thrown out of kilter, no wireless messages were received to-day from the sealing ships operating on the front. Messrs. Bowring Bros., Job Bros. and Harvey & Company sent messages this morning to their steel ships advising the captains of the mishap to Fogo station, and asking them to report via Belle Isle as often as possible. This arrangement will necessitate more expense on the ship owners and we understand, that in all probability, we may not have a message from the northern ships for a week, owing to the delay in the transmission of messages through land stations on the Canadian side.

To-day the Marine and Fisheries Department had the following messages:

FROM CHANGE ISLANDS.

"Increasing gale N.E. wind; fierce snow storm raging."

FROM BONAVISTA.

"Very high N.E. wind with snow falling heavily; nothing known of ice conditions."

FROM SEAL COVE.

"Wind N.E., snowing; no ice seen in Bay; no seals."

From the foregoing it is evident that this morning's gale, felt in the city, affected the north in the vicinity of White Bay where several ships are supposed to be. There is a theory that the ice broke up as a result of the storm, with a consequent loss of some of the seals that were killed and panned yesterday, though it is hoped such is not the case.

TESTIMONIALS.

To Dr. F. Stafford & Son.
Dear Sirs,—
I strongly recommend your **Prescription "A"** to all sufferers with **Indigestion and Dyspepsia.** I used all kinds of medicine and consulted various specialists without cure. I saw your **Prescription "A"** advertised in the papers and tried a few bottles and it made a perfect cure of me.
MRS. HALL,
Hayward Ave., St. John's.

To Dr. F. Stafford & Son,
Dear Sirs,—
I am sending you 60 cents in stamps. Please send me one 50 cent bottle of **Prescription "A",** the 10 cents balance will pay for postage You sent me a trial bottle a short while ago and it almost cured my wife and I think another 50 cent bottle will make a cure. I have tried doctors and all kinds of medicines but I don't believe that there is any medicine that can cure a bad stomach like **Stafford's Prescription "A."** I ame more than thankful that you advertised this medicine. Please forward as quick as possible.

BURNING OF CRANMER at the stake 1556. The famous Archbishop of Canterbury, in which he strongly supported the progress of the Reformation. Upon the accession of Mary he was accused of heresy and was induced to sign a recantation of his principles. When required to read this in public his conscience smote him and he recanted his recantation and exhorted the people against the errors of the time. This brought down on him the full vengeance of Mary and he was burnt on this date.

J. S. BACH born 1685. Composer and greatest organist of his time. His development of all forms of composition marks an epoch in the history of music.

ROBERT SOUTHEY died 1843, aged 69. Was made Poet Laureate in 1813. In poetry he was overshadowed by the greater genius of Byron and Shelley but in prose he was eminently successful.

ROBERT BRUCE born 1274. Competed with John Baliol for the Crown of Scotland and resisted the English domination and achieved one victory after another, until at Bannockburn he overthrew the English army and ultimately secured Scottish independence. He reigned 22 years as King Robert I.

HENRY KIRKE WHITE born 1785. The son of a Nottingham butcher who attracted much notice by some early religious poems.

GOETHE died 1832, aged 83. The most distinguished of German poets and writers. His famous dramatic poem "Faust" is one of the world's greatest literary works and has been more written about than any other tragedy of modern days.

SIR ANTHONY VANDYCK born 1599. Great portrait painter, whose influence on the development of the English school was great and lasting.

ROSA BONHEUR born 1822. One of the most noted animal painters of the 19th century. "The Horse Fair" is probably the most popular picture of the kind.

DR. FARRAR died 1903, aged 72. Dean of Canterbury, whose writings attained a large circulation and exercised a considerable influence.

If you would be pungent, be brief; for it is with words as with sunbeams, the more they are condensed the deeper they burn.
—Southey.

The best treatment for a sty is to bathe the eye frequently with a warm boracic lotion (five grains to one ounce of water), and apply at night a piece of boracic lint wrung out of jaconet and a pad of cotton wool on top; fix with a bandage.

A delicious salad for cold fish is made of ordinary white sauce, to which a couple of tablespoonfuls of cream have been used with the milk, and a herring, boned and mashed fine, added, with a little lemon juice. This is especially tasty with a rather coarse white-meated fish.

Headaches and Heart Trouble

Nervous Prostration of Three Years' Standing Cured a Year Ago by Dr. Chase's Nerve Food.

Anyone who knows the discouragement and despair which accompanies the helplessness of nervous prostration will appreciate the gratitude felt by the writer of this letter.

Mrs. H. C. Jones, Scotch Lake, N. B., writes: "I suffered from nervous prostration for nearly three years. I had frequent headaches, had no appetite and was troubled with my heart. After consulting two doctors, without obtaining satisfactory results, I began the use of Dr. Chase's Nerve Food, and was completely cured by this treatment. It is nearly a year since I was cured, and I want others to know of this splendid medicine. I now attend to my housework with pleasure and comfort, and am glad to have the opportunity of recommending Dr. Chase's Nerve Food."

At least some benefit is bound to be derived from each dose of this great food cure, as day by day it forms new blood, and builds up the system 50 cents a box, 6 for $2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto.
