Eight weeks of continuous practice for the big event failed to produce much from the Cubs other than weak hitting in the pinches and fielding errors at the crucial periods, though Canning strove manfully and well on the mound but received poor support. In view of the tales of their prowess we will be frank enough to say that we were very much disappointed at their exhibition, and there is great danger of their being regarded as little old self boosters. The Lions stole the people of this country everything they had last night, with the exception possibly of their shoelaces, as they cavorted around the

> who thereupon stole second, and a line drive by Walter Callahan scored him amidst great applause. In the second Hall was passed up but must have fallen asleep at the initial switch as a snap throw by Walter to Hiltz caught him off his bag. Canning worked the same stunt on Hiltz and got him trapped betweeen first and second. The third round was the Lions', and they had Claudie's outfit hanging to the ropes dazed and helpless. It started by Kielly being hit by a pitched ball. Now no one would ever suspect Dan of outcobbing Ty Cobb but he reached second the flash of a second ahead of DeMars' peg. Kielly was hit by a batted ball and Fred Chesman entered a fracas that the railway deal had nothing on. Not calling time, Ellis strolled to second. Then the Cubs entered the argument and wanted him sent back. The game was held up for about three minutes but eventually Ches succeeded in effecting an armistice. Quick brought home Ellis.
