## DRESS AND MANTLE MAKING

### The Fashionable West End.

#### To the Ladies:

We have during the past two years contemplated the establishment of a Dress Making Department, in connection with our other branches. The difficulty of obtaining a suitable person to take charge, has up to the present time, only prevented us from doing so.

We have now great pleasure in informing you that we have secured the services of Miss Morrison, of Toronto, a lady of first-class abilities, highly recommended to us, and we believe eminently qualified to give complete satisfaction in every respect. Miss Morrison has for the past ten years occupied the position of cutter and fitter in one of the leading Fashionable Dress-making Establishments in the City of Toronto.

Miss Morrison is also an experienced Mantle maker, and all orders entrusted to her will be executed in a style equal to anything that can be obtained in the largest cities.

Orders for these departments will be received on and after Monday next, the 4th of May.

A. O. BUCHAN,  
Fashionable West End Dress, Mantle and Millinery Establishment.

**FOUND DROWNED.**—The body of the man named Crowley, who was drowned above Lock No. 5, St. Catharines, last Thursday, was found on Monday morning in the lock, about seven o'clock. **FUNERAL OF SIR GEO. E. CARTIER.**—The Ottawa Citizen says the arrangements for receiving Sir Geo. Cartier's body will be as follows:—The steamship Prussian with Sir Geo. E. On board the steamer there will be provided a chapelle ardente, and there she will proceed to Montreal. There the Roman Catholic ecclesiastical authorities have offered to perform the religious economy gratis, and it is thought that it would be appropriate in the Quebec Cathedral to make a similar offer, which they may do. We understand that Hon. Mr. Robitaille left for Montreal to supervise all the arrangements. The body will be laid out in state in one of the court-rooms in that city, in order to give the people an opportunity of viewing it. The funeral will take place on the 12th or 13th proximo. Minute guns will be fired and bells will be tolled on the arrival of the steamer in the harbor.

**JAMES HOGG vs. ALEXANDER MCGREGOR.**—This was a proceeding before His Honor Judge Macdonald, under the over-riding Tenant's Act. The plaintiff, James Hogg, claimed that said Alexander McGregor had been his tenant for the front half lot 20, 2nd con., Puslinch, for a year prior to the 22nd day of March, last, and that subsequent to that date the tenant remained over without any color of right. The defendant proved that on the 19th of April last he leased the lot for the current year from Mary Hogg, as agent of the plaintiff. This agency was denied by both the plaintiff and said Mary Hogg. It was also proved by the defendant that he sowed his spring crop of wheat on the lot in question, and that no objections had been made to tenant's right to possession until after the crop had been put in. Judgment was given for the tenant, with costs. Lemon & Peterson for plff. MacMillan & O'Connor for deft.

## Town Council.

The regular meeting of the Town Council took place in the Council Chamber on Monday evening, June 2nd. Members present, His Worship, the Mayor, in the chair, and Messrs. Howard, Kennedy, Hefferman, Crowe, McLagan, Coffey, Bell, Robt. Mitchell, Hogg, Chadwick, Richd. Mitchell, Elliott and Holiday.

Minutes of last meeting read and confirmed.

The Mayor read a formal report from the License Inspector.

A communication from Capt. McDonnell was read stating that the authorities proposed to erect a gun shed and store rooms in Guelph for the use of the 30th Battalion, provided the municipality would furnish a site, casually noting that a portion of the Exhibition grounds would be suitable, and asking a money grant. The building to cost about \$3,000.

Proposals were read by Mr. Howard from Chief Constable Kelly, setting forth the damaged condition of the trees on Norfolk, Woolwich and other streets.

Mr. Hogg, from Peter Gow, M.P.P., President of the Guelph and Elmira Gravel Road Company, asking a grant of \$5,000, in order to finish the road and secure a grant of \$3,000 from the County Council, which was payable when the work was done.

Mr. Bell, from David Allan and others, praying for a street lamp at the north east corner of Macdonald street.

After some discussion Capt. McDonnell's communication was referred to the Finance and Exhibition Committees jointly.

David Allan's petition was referred to the Fire and Water Committee.

The Chief Constable's communication was referred to the Tree Planting Committee.

The petition of the Gravel Road Company was referred to the Finance Committee.

On motion the report of the Inspector of Licenses was received.

Reports were presented from the Road and Bridge Committee stating that they had let the watering of the streets to William Walker for the sum of \$28.50 per week; that they had made provision for certain street improvements in their estimates, which were the subjects of petition from several parties; they could not recommend that any encroachments on the street be allowed for any purpose whatever; they recommended that the present stone drain on Wyndham street be continued to meet the drains on Quebec street, and that other drains be enlarged, and asking an appropriation of \$4,825 for street improvements, &c.

From the Market Committee stating that they proposed to erect four fish stalls at the end of the market shed, and asking an appropriation of \$100.

The reports of the Road and Bridge and Market Committees were referred to the Finance Committee. On the motion to refer the latter a discussion arose in reference to the by-law prohibiting the sale of fish on the streets during market hours. Messrs Chadwick and Hogg severely condemned the by-law.

The Mayor called attention to the fact that the report of the Market Committee was before them, and not the by-law which was so obnoxious to some members of the Council.

Robt. Mitchell said that the fishermen would be well satisfied with the stalls.

Mr. Elliott corroborated Mr. Mitchell's statement, and said that the report was based on the recommendations of the fishermen themselves, who said that the stalls with zinc covered counters and enclosed beneath for holding ice would meet all their wishes, as they could then preserve their fish. The motion was then carried.

Mr. Chadwick thought it would be advisable to adopt some regulations respecting the Exhibition Grounds and let their for pasture.

Mr. Hogg said that the last report of the Exhibition Committee suggested that the grounds should be used, and that the necessary regulations be drawn up. The Committee did not want to bring in a by-law, they did not think it was their province to do so.

Mr. Hefferman was of the opinion that these by-laws should originate with the Committee and not with the Council. The grounds and buildings were in the hands of the Committee, and it was for them to say what should be done with them. He was inclined to keep them clean and neat, and allow the town to use them to a limited extent as a resort.

Mr. Elliott asked the Chairman of the Exhibition Committee what had been done towards insuring the building. He thought the cattle sheds should be insured.

Mr. Hogg understood that the parties who were to use the buildings and grounds were to become responsible, and they would make arrangements respecting the insurance. He would put himself in communication with the parties and draw their attention to the matter.

On motion the Council went into committee of the whole on the by-law to appoint an inspector of licenses. Mr. McLagan in the chair. There being a difference of opinion respecting the power of the Council to appoint the present inspector to the office, it was agreed to rise, report progress and ask leave to sit again; and, in the meantime, get the Town Solicitor's opinion on the question.

Mr. McLagan protested against spending the people's money in that way, an opinion was not required at all.

A motion to adjourn having been lost, the Council went into committee of the whole to fill up certain blanks in the by-law exempting certain manufacturers from taxation. Richard Mitchell in the chair.

Mr. Bell moved that the blanks for the date be filled up with 6th May, 1872, and, in answer to a question, said the manufacturers were those of Messrs. Rainer and Armstrong, the latter employed 15 men, but he did not know how many were employed by the former.

Mr. Hogg thought that Mr. Rainer should not be exempted, as he had not put up new buildings.

Mr. Hefferman said that the principle was wrong, was inasmuch as it had been held out as an inducement and promised,

## The Council were bound to fulfil the promise, but he hoped this would be the last of such legislation.

Mr. Elliott thought it was not advisable to go any farther just now as they had no particulars.

Mr. Chadwick said the thing would never end if one was encouraged why not all. He would ask Mr. Bell if the 15 men spoken of were employed in the spring manufactory, exclusive of the other manufactories of Mr. Armstrong, and being answered in the affirmative said it was his opinion Mr. Armstrong didn't want assistance.

Mr. Hefferman said he did want it, and had been led to expect it.

Mr. McLagan said that Guelph was much wiser than any of her neighbors, they all understood that encouraging manufacturers was increasing their own prosperity. He was in favor of granting exemption to manufacturers who employed fifty men and upwards.

After some further discussion the Committee rose and reported progress.

Mr. Bell called attention to the situation of the Custom House, and moved, seconded by Mr. Howard, that the Mayor and Clerk petition the Minister of Customs to have it removed to a place on or near Wyndham street, but withdrew the motion.

The Council then adjourned.

Quebec, June 3.—Weather clear and cold.

The two oldest sons of the Hon. Evarture were married in the French Cathedral this morning to daughters of the late Thos. Lee, shipbuilder.

The crimps are quarrelling in their own camp. Jim Ward has half a column in to-day's Chronicle giving a sort of exposure of the doings of his colleagues lately in the crimping line. He relates a case which happened to his conferees on Saturday which amounted simply to stealing sailors from one ship to put on board another. Crimping is carried on as large a scale as ever.

F. Pichette, for upwards of forty years an employee of the Quebec Gazette office, is dead.

The Sunday closing Liquor Law is likely to become a failure. A case to test it is pending, and strong doubts are entertained by the legal fraternity whether the Local Legislature is vested with sufficient power to close up taverns on Sunday. The suit is now in review.

There are 121 prisoners in our goal. Of that number 40 are females and 83 children.

The mail carrier and a lad were drowned on the 21st ult., by the upsetting of a skiff near Tadoussac. Neither the mails nor bodies have been recovered.

Special to The Evening Mercury.

Montreal, June 3rd.—Steam ship Sarlatina arrived yesterday.

A man was brought before a magistrate in the States the other day, and fined \$6.50 for being drunk. He smiled blandly, and drawing out a dollar bill said: "All right, Mister Magistrate. I suppose you remember when I sold out my saloon in Pekin I had \$5.50 on the slate against you. With this dollar that will exactly pay my fine. You must excuse me, Squire, for this little spree of mine; but I didn't see any other way of collecting my bill against you than this."
