THE ONLY MEDICINE THAT HELPED HER

"Fruit-a-lives Again Proves its Extraordinary Powers" Rochon, Que., March 2nd, 1915. "I have received the most wonderful benefit from taking 'Fruit-a-lives'. I suffered for years from Rheumatism and change of life, and I took every remedy obtainable without result. I tried 'Fruit-a-lives' and it was the only medicine that really did me good. Now I am entirely well—the Rheumatism has disappeared, and the terrible pains in my body are all gone. I hope that others, who suffer from such distressing diseases, will try 'Fruit-a-lives'. NATIONAL SERVICE WEEK

Every Man in Canada Will Have a Card To Fill Out Soon National Service Week is drawing very near and the fact that the first week of the New Year bears that title is something in which everyone is being interested because it is obligatory upon each of them, between the ages of 16 and 65 years to fill out one of the cards which the Government is sending to them through the Post Office authorities. The women are interested because their husbands are being invited, in seeing that their menfolk attend to this important duty. The children are interested because their school teachers have applied to them the meaning of National Service and the way in which father and the big brothers at home have to reply to the various questions. To write in the answers and return the card promptly is a good New Year's resolution for every man throughout the Dominion and it has the advantage of being easy of fulfillment. It only means a few minutes' careful thought. The postman in the cities gets the card for him and he is not only to deliver the card; he is responsible also for their proper return. Prompt mailing of the answers thus makes the postman's work very much easier. National Service means that we are to get into that frame of mind which will cause us to think of the needs of the country, to realize that the interests of the State have a greater claim on us than our self-interest. This applies to every man, woman and child in the land to the lowest. The Prince of Wales' motto 'I serve' may well be the motto of every citizen of the British Empire.

There are many ways of serving the nation besides going to the front. The man on the farm and the mechanic in Canada, in their own way, are serving the nation as usefully as the man in the trenches. Every man should be doing the work which represents his most efficient service to his country.

The war is teaching us, or should be teaching us, great lessons. Terrible as are its effects, those who have faith in Canada's manhood hope and believe that the nation will emerge from this experience a stronger and better people. If the meaning of National Service is thoroughly grasped and properly understood, if the Government's call for information is responded to in the right spirit, the coming year will be the banner year in Canada's history.

AN UNEXPECTED PROFIT

Stormont Man Realizes Well on Interior Crop of Apples Last July The Freeholder was in the orchard of George I. Snelinger, who was a resident of Crysler before emigrating in fruit farming at St. Catharines and now there a considerable block of apples from which Mr. Snelinger said he had sold 600 No. 1 barrels the year previous. He had sprayed the trees this season four times, but although the crop was enormous, they were the scabbiest lot it was ever the fortune of the writer to see, the weather having evidently neutralized the effect of the spraying material. It looked like a total loss, but when Mr. Snelinger was in Cornwall one day last week, he told The Freeholder that owing, no doubt, to the scarcity of apples this year, he had sold the crop for more money than he got for No. 1 fruit last year, so he didn't do so badly. The spraying must have done some good, after all, for the rot from the scab didn't go down as usual, and though the man's eyes were sore, the apples were pretty good to eat.

WELL DONE DUNDAS

Large Sum Raised by School Children for Soldiers' Christmas Gifts Chesterville, Dec. 22—The school children of Dundas have raised the sum of \$2,696.94 for a Christmas gift for the soldiers at the front. The collection was organized by the Teachers' Association and the children directed the work with such energy that they now expect to extend the collection over the entire period of the year. The money has been made by all sorts of entertainments, teas, sales of paper and rags, endless babytending and numberless errands. The children have practiced self-denial until it has become a common virtue in the county.

KIDDIES MUST DOFF THEIR KHAKI SUITS

No Longer May Little Johnny Canuck Emulate His Warrior Father Toronto, Dec. 20—No longer may little Johnny Canuck parade about in a diminutive reproduction of the uniform of his soldier daddy. The order, which is especially aimed at parents, is to dress their children in military uniforms of all ranks, has come forth from military headquarters that persons wearing suits which resemble those of the military will be heavily fined or even taken to jail. This is one of those fool regulations that Government officials are so fond of making. There is no good reason why little boys at any rate should not wear khaki. It is becoming, wears well, gives the little chaps a dashing appearance and it is desirable to instill a military spirit, certainly a uniform will help.

TOWNSHIP OF CORNWALL

Medical Health Officer P. A. Nolan, Esq., Reveals Township of Cornwall, Cornwall, Ont. Dr. Messecar, Esq., Medical Health Officer for the Township of Cornwall, by By-Law of the Township of Cornwall in 1914, at a salary of Two Hundred Dollars per annum. He continued Medical Health Officer under the latter By-Law during the year 1915. In 1916 some effort was made in the direction of changing the Medical Health Officer for the Township, but the reasons alleged for doing so were, in the opinion of Dr. McCullough, Chairman of the Provincial Board of Health, insufficient to meet the requirements of the Public Health Act as set out in R.S.O. 1914, Chapter 218, Sections 35, 36, 37, 38 and 39. According to the Sections of the Act recited there are two bodies who may appoint a Medical Officer of Health, namely the Municipal Council and the Lieutenant-Governor in Council. The Municipal Council, in the opinion of the Provincial Board of Health, refuses or neglects to make an appointment. If the Medical Officer be appointed by the Lieutenant-Governor in Council he may hold office until the first day of February in the year following his appointment. If the Municipal Council makes the appointment the Medical Officer shall hold office during good behavior and his residence in the Municipality or in the adjoining Municipality. And no Medical Health Officer shall be removed from office except for cause, and with the approval of the Provincial Board of Health. Every Medical Health Officer, whether appointed by the Lieutenant-Governor in Council or by the Municipal Council, shall be paid a reasonable salary fixed by By-Law of the Municipality for which he is so appointed. Dr. Messecar was appointed pursuant to the provisions of the Act, in part recited above, by By-Law of the Municipality of the Township of Cornwall in 1914 at a salary of Two Hundred Dollars per annum. He has never been removed and no other By-Law has since been passed, therefore he is the Medical Health Officer of the Township of Cornwall for the year 1916, under the authority and by virtue of the said By-Law under which he has acted during the years 1915 and 1914, which also fixes his salary. In my opinion the Council of the Township of Cornwall must pay Dr. Messecar Two Hundred Dollars for his services as Medical Officer of Health for the Township during 1916, and this is the only amount he is authorized to collect and it is also the only amount the Municipal Council has any authority to pay. GOOD WORK

The Cornwall Street Railway is Some Storm Fighter What proved to be one of the heaviest snow storms so far this winter, and one of the stiffest on record, set in on Friday morning and raged without interruption till after midnight, when a strong wind sprang up and caused deep drifts. Mr. Hodges, the manager of the Cornwall Street Railway, had his weather eye open and his machinery in readiness, and plows and sweepers were on the job without delay. In consequence there was hardly any interruption to the traffic, and the clean tracks were much more comfortable to walk on than plowing through the deep snow before the sidewalks were cleared, which was not until Saturday morning. The municipal snow plow was also at work before daylight Saturday, and saved householders a lot of shovelling. The plow also kept the sidewalks on Pitt Street cleared on Friday afternoon.

THE CHRISTMAS MESSAGE

Christmas! Time of Peace, and all the world at war; Thunder, clouds and darkness unillumined by the Star That awed the Shepherds, led the Wise Men, shone with lustre bright Upon the Bethlehem stable on that far-gone Christmas night; And Angel voices, sweetly singing, tell the wondering world Of Ronder Peace Forget this awful warfare that never seems to cease. And come with reverent fancy to see the Prince of Peace; Despite the lowly stable, with oxen standing by; A subtle, softening sympathy, our hearts seem to deary; And Angel voices, sweetly singing, tell the gladdened world Of Happy Peace To saddened hearts this Yuletide those Angel voices sing In the face of tumult their peaceful message bring. Tho' German Kultur's cruelty our hearts and hearts of all; The Peace that passeth knowledge, speaks low "All things are well;" And Angel voices softly sing to the sorrowful world Of Loving Peace But not the peace that comes of bowing "neath the yoke; Of the "Child-killers of Scarborough" have the Angel voices spoke; Ah! then the hosts of Heaven would in horror cease to sing And ne'er to coward nation that cheering message bring; For not those manly spirits do those guardian Angels tell Of Honest Peace To loving mother-hearts the tenderest song is sung. To hearts that war-toll's rigour with anguish deep hath wrung; Than that which calmly forth the hero spirit And bled for King and Country for the rights and hearths of all; And Angel voices proclaim with pride and triumph "No greater love than this." No greater love. The hosts of heaven declare it; No greater love since centuries began Than that which callest forth the hero spirit And marks with stamp indelible the names of those who for their God and King and Country gave. And died for those whom no one else could save; And Angel voices, attuned to music of the spheres, Sing forth of life eternal, and bid mothers dry their tears MARY E. SNIDER

A GREAT HOME COMING

The statement printed in some Government organs that the Liberals refused "pairs" to Conservative members who were overseas is the stupidest kind of a falsehood. The "political colonies" will soon be home for the reason that even this Government is at last beginning to realize that the policy of keeping hundreds of officers in England at a huge cost has reached "the limit"—Ottawa Free Press.
