### CALGARY'S SPLENDID EXHIBITION IS A GREAT ADVERTISEMENT FOR WESTERN CANADA; ATTENDANCE YESTERDAY 22,577

Racing at Victoria Park will commence today at 1 o'clock. The live stock parade will start at 3:30 this afternoon.

CALGARY'S Industrial Exhibition draws to a close today. It has been the most successful fair ever held in Alberta and it has done more, perhaps, to advertise Alberta as a producing, active commercial and agricultural section than any other single demonstration.

Persons whose business duties confine them to the province of Alberta, cannot realize the advertising strength of the Calgary fair. Across the southern border line, where the people are wont to judge critically, Calgary is rated as a city of the first class financially, largely on account of the showing made at the exhibition.

Yesterday's attendance at the fair was 22,577. The Monday previous 37,000 persons passed through the turnstiles. Inclement weather kept thousands away but still the exhibition played to capacity on the good days.

To H. S. G. Van Wart, president, and to E. L. Richardson, general manager, and to the committee for the success of the fair. The detail of an exhibition of this magnitude is trying enough in itself and the complications that are bound up with it would try the patience of a saint. Messrs. Van Wart and Richardson, ably aided by a corps of intelligent assistants, made the 1912 fair one that will go down in history as an epoch marker.

It is only fair as the exhibition nears its conclusion to say a word of praise for the men who have labored faithfully to make the big show a success. President Van Wart, always inquiring and anxious to hear a suggestion for the betterment of the exposition, has officiated as umpire, referee and diplomat. Manager Richardson has had enough troubles to send an ordinary person to the home for the foolish, but he has ever been smiling and ready to correct any mistakes. It takes some real man to be a successful fair manager and Mr. Richardson has qualified. Diplomacy, tact, foresight and—let's call it horse sense—are needed to make a successful exhibition manager and Mr. Richardson, ever alert to the exigencies of the occasion, has proved himself capable.

#### Races Most Successful

The racing feature was eminently successful. Superintendent of Speed Trimble conducted the harness and running events in a satisfactory manner. The agricultural exhibits were far ahead of those of previous years and the mechanical devices were up to the minute.

To Chief Caddy, Inspector Natt and Sergeant Taylor especially is credit due to the excellent police arrangements. The fire protection was adequate, thanks to Chief Smart, and some more thanks because it wasn't needed.

Calgary is no longer looked upon as a "bush" fair town. Exhibitors from New York and concessionaires from the Eastern States—and they are the shrewdest and fastest in the business, are unanimous in declaring that Calgary is the premier city of the Canadian North West.

The attendance at the Calgary exhibition last year was 91,097 and the attendance to date has been 79,718. Considering the inclement weather, this is a remarkable showing. With one day to go, the Calgary fair of 1912 needs but a trifle over 11,000 persons to equal the banner record. With even a suggestion of fair weather today, a new mark will surely be established.

### LACOMBE HEROINE MEETS DEATH IN RESCUE OF CHILD FROM BURNING BUILDING

Lacombe, July 3—Fire destroyed the home of John Doll, a farmer residing near Lacombe, Sunday evening, and Miss Doll, eldest daughter of the family received burns from which her death resulted on the day following the fire.

The girl died a heroine. Doll was away, an old lady, a child and Miss Doll were alone on the farm when the house was discovered to be on fire. Miss Doll went into the house to rescue the child, which she succeeded in doing, but was terribly burned, and died in intense agony about ten hours later.

### CALIFORNIA COMES TO DEVELOP OIL FIELDS

ALBERTA has broken into the limelight of the financial world in a new role. I. E. Segur, for many years an active associate of Adolph Spreckels, of California, multi-millionaire in sugar and oil magnate, arrived in Calgary last night en route to a new field of prospective gushers of his own discovery, less than fifty miles from this city. Mr. Segur, who opened up some of the largest producing wells in California, is enthusiastic about the Albertan discovery. An analysis made at a Vancouver refinery showed that the quality of the oil found near Calgary is superb. It is too high grade for a fuel oil, the volatile substances contained in the crude oil rendering it extremely valuable as a refining oil.

Mr. Segur is recognized as one of America's most experienced oil experts. He is enthusiastic about the recent discovery and although he declined to outline his plans it is understood that development work is to be commenced immediately and rumor has it that Californian capital is to be interested in the work.

### DENSMORE CAPTURES THOUSAND DOLLAR STAKE

Victor Finished Fourth in First Heat, Which Was Won by Mussel Shell

Ambassador Todd Was Victor in Three Year Old Race in Straight Heats

Densmore, the Hyzant colt, owned by George Loomis of Minneapolis, captured the \$1,000 stake at Victoria Park yesterday. Kellar Hall was second, Mussel Shell third. The best time for the mile was 2:21 3/4.

Densmore got off to a bad start and could do no better than fourth in the initial heat. Mussel Shell, held at 2 to 1 in the betting, stepped away in brilliant fashion and won with two lengths to spare. Midway Girl, not seriously considered in the betting, finished second, and Billie M. was third. Densmore, who led himself in the sulky, struck his stride in the second heat, and won with plenty to spare. Kellar Hall was second, and Mussel Shell third. The third and fourth heats also went to the Minneapolis horse without much of a struggle. Loomis rated his charge nicely, and had something left after each heat.

Ambassador Todd took the three-year-old race in straight heats, barring the curtain raiser. Seneca Boy showed the early speed and clinched second position. The Fact was third. The best time was 2:35. Lakeside Hal had little difficulty in annexing the purse in the 1 1/2 mile race. Sensibly driven by Hines, the son of Direct Hal, came home on the bit and won without much of a struggle. Gottlew was second, and Miss Jerusha third. The third heat was the fastest of the race, Lakeside Hal covering the distance in 2:19 3/4.

Danfield again demonstrated his superiority in the seven furlong event by winning from Rusty Coat with two lengths to spare. Burt was third. The time for the distance was 1:32.

Lady Renclair captured the six furlong chase, with W. V. Brunby second, and Miss Weilar third. Baroness Dixon, well liked by the talent failed to show.

Clodia won the mile race without much exertion. Jack Adama was second, and Miss Weilar third. Baroness Dixon, well liked by the talent failed to show.

### DEMOCRATIC NOMINEE SAYS LITTLE WHEN INTERVIEWED

Has Not Had Time to Think of Anything and Therefore Can Say Nothing

His Friends Say He Will Not Resign as Governor Until First of Next Year

Seagriff, N.J., July 3.—"I haven't had time to think of all these things," Governor Woodrow Wilson came out of the "Little White House," took an easy chair on his porch, crossed his legs, took off his glasses and thus replied today to a bombardment of questions hurled at him by a group of reporters. He was looking rather careworn and tired. "I don't know yet whether I shall appoint Mr. McCombs my campaign manager or suggest him for the chairmanship of the national committee," he said.

Has Not Decided "I haven't decided whether I shall resign as governor of New Jersey. I haven't time to read the platform, I have made no campaign plans, in fact, I have devoted all my time to morning callers and to my correspondence. These and other details I shall take up in due time with my friends. Poor fellows, they will have to get some rest."

To all the thoughtful and generous friends who have sent me messages of congratulation I want to express my hearty thanks. I shall not be able to answer them individually, I am afraid, they were so delightfully numerous. I hope this inadequate acknowledgment will fall under their eyes. These messages of personal confidence help immeasurably to make public service seem worth while."

The Harmonious Ending "Do you care to comment upon the convention's work," he was asked.

### WORK OF RECONSTRUCTING DWELLINGS BEING RUSHED

Street Car Service Which Was Completely Stopped When the Wires Were Broken Now Running; Several Buildings Badly Damaged Can be Repaired

Regina, July 3.—Today plans are being laid for the rebuilding of the devastated capital of the province. It is stated that a new Crapper block would be erected as soon as the old site could be cleared. Speaking of the prospects for the rebuilding, a constructing company's manager said that he did not believe the recent calamity would have any material effect upon the building going on in Regina this summer. In this he agreed with others, who believed that the buildings which permits have already been issued would be erected this summer although it is possible that, with the additional work which the necessary repairing and rebuilding will entail, the construction of new buildings will be delayed.

Are Hard at Work On Monday morning hundreds of carpenters, bricklayers and laborers started the work of clearing away the debris and repairing such structures that can be put in shape with a little work. On the north side, where the devastation was unusually severe, the work of re-construction is progressing in an admirable manner. The houses that can readily be made habitable are receiving first attention. Those with torn roofs and porches and shattered windows are being put in shape. From those completely demolished, such household goods worth saving have already been rescued. Many families living on Lorne and Smith streets have received such repairs as are needed to make their homes habitable. The Regina municipal street railway system is again in operation.

Fund Reaches \$99,000 Regina, July 3.—The relief fund is growing rapidly and tonight reached a total of \$99,000.

### BRYAN, INGRATE, TRAITOR AND PHARISEE, SAYS COL. WATTERSON

Declares in Courier Journal He is a Rattlesnake; Will Not Support His Ticket

Louisville, Ky., July 3.—Henry Watterson, in the Courier-Journal today, compares Wm. Jennings Bryan to a rattlesnake and says he will not support his ticket. Writing of Bryan under the head, "Treachery Unspeaking," he says:

"The mask which in his unguarded fury Bryan has allowed to slip away from the sleek and smug visage that has so long deceived superficial observers into the belief that, though selfish and commonplace, he was still a sincere, amiable man, shows the prosperous hypocrisy."

"How shall we classify, and what shall be the measure of detestation, in not only all good morals, but all good men, who must hereafter and forever hold the cartoon figure of Baltimore in his rage and spleen, throwing off all disguise of prudence and showing himself in his true character of ingrate, traitor and pharisee; the baffled demagogue spitting upon hands that had befriended him, the beaten mountebank balked of his prey, the rattlesnake revealed, exuding poison that disease and death may follow in the wake of his tortuous course."

### MANY PROGRESSIVES THINK THIRD PARTY IS NOT NECESSARY

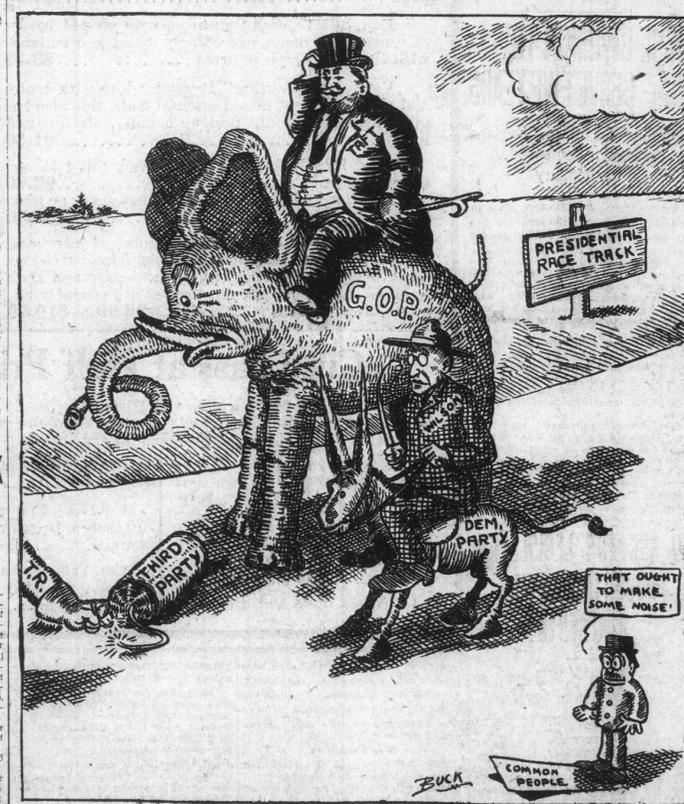

Washington, July 3.—Several progressive Republican senators, conferring over the situation growing out of the presidential nominations at Chicago and Baltimore, have voiced the opinion that a third party in their states was unnecessary. Their several opinions are that electors in sympathy with former President Roosevelt will be on the regular Republican ticket in California, Washington, Kansas, Nebraska, and Minnesota and the Dakotas among others.
