

### WALL PAPER OPENING

SATURDAY, MARCH 25, 1905.

We hold our annual Wall Paper opening on the above date and cordially invite you to attend.

#### Grand Prize Wall Papers

We have, by special arrangements with the manufacturers, secured part of the exhibit, which won the world's grand prize at the St. Louis exhibition. These are of course the finest papers and the newest styles in America, well worth your trouble to come miles to see.

#### Newest Styles

We have procured from New York, Philadelphia and Montreal, sample rolls of the latest styles and best productions, of one maker in each of these cities. These samples will also be on display.

#### Our Stock

And lastly we have taken the trouble to mount on canvases many of the best designs from our well selected stock which we think when compared with the above samples will prove our contention that the stock we carry here is new, stylish and good in value. We won't take a back seat for any of 'em.

#### Experiments With Farm Crops.

The members of the Ontario Agricultural and Experimental Union are pleased to state that for 1905 they are prepared to distribute into every Township of Ontario material for experiments with field crops, roots, grains, grasses, clovers, and fertilizers. Upwards of 1,600 varieties of farm crops have been tested in the Experimental Department of the Ontario Agricultural College, Guelph, for at least five years in succession. These consist of nearly all the Canadian sorts and several hundred new varieties, some of which have done exceedingly well in the carefully conducted experiments at the College and are now being distributed free of charge for co-operative experiments throughout Ontario. The following is the list of co-operative experiments in agriculture for 1905.

Each person in Ontario who wishes to join in the work may choose any one of the experiments for 1905, and apply for the same. The material will be furnished in the order in which the applications are received until the supply is exhausted. It might be well for each applicant to use a second choice, for fear the first could not be granted. All material will be furnished entirely free of charge to each applicant, and the produce of the plots will, of course, become the property of the person who conducts the experiment.

C. A. ZAVITZ, Director.

#### ADDITIONAL LOCALS.

We are glad to know that Mrs. J. E. Richards, who has been ill for the past few weeks with la grippe, is improving. It is expected that Mr. J. W. Harris, barber, will in the near future move into the store occupied by Mr. A. Ponstie, fit up an up-to-date barber shop and run a billiard room at the rear of store. Should the deal go through Mr. Ponstie will move his business into the premises vacated by Mr. Harris.

On Monday afternoon last the announcement of the sudden death of Mrs. W. H. Goff, Talbot St., west, from apoplexy, came as a painful shock to all. Although she had not been as well as usual, having had an attack of la grippe, she was up about the house until shortly before her death. In the death of Mrs. Goff Aylmer loses one of its most estimable christian ladies, a woman, who, by her quiet unassuming manner and her happy pleasant ways, made herself a favorite with all with whom she came in contact. She was in her 68th year and has been a member of the Baptist church for many years, and was always in her place and ready to do her share in all good works. The funeral which took place from her late residence, yesterday afternoon at 2:30 p.m. was largely attended. Interment in Aylmer cemetery. Her husband, Mr. W. H. Goff, one sister Miss Hume, and two brothers, Wm. of Muskegon, Mich., and Dr. George, of Leeds, Que., survive her.

#### PUBLIC NOTICE.
