IT SAVED HER LIFE.

A Letter to the Ladies.

TORONTO, Oct. 21, 1891.

I take great pleasure in informing you that a year ago Histogenetic Medicines cured me of a scrious attack of paralysis. Three years me ago I had a suiden stroke while sitting on a sofa; a second one fourteen months ago while lying in het voice and all one side were badly medicined. At least I tried Dr. J. Eugene Jordan M. All in the property of the were almost useless, regained full power. I no longer needed to be assisted to the table or from an one place to another. My muscles developed wonderfully, considering that I am 74 years of ago. I can walk to church and back regularly. The effect has been permanent over or about twelve months. Last April I had so were actack of pneumonia and Histogenetic Remedies cured me in a few days, and on the sth of this month I took congestion of the liver and right lung. I was so bad I could not have lived long. In a few hours the Histogenetic Remedies once more gave immediate relief. It is only two weeks, and I am sitting up overy day and nearly well. To say that any faith in Histogenetic Medicines is strong but faintly expresses it. Try it, ladies, for these or any other complaints and be convinced. Dr. Reay, of Toronto, is allowed to give my name and address to any inquirers similarly affected.

492 Spadina avenue, Toronto, Oct. 13, 1891.
Gentlemen.—I had that dreadful disease, la grippe, last March, which left my system in a weak condition and my head distracted. If I moved my head or stooped it produced pain and an indescribable feeling. Great debility followed, rapitation and approaching heart failure, nervous prostration and general loss of strength and a feeling of internal pressure. I consulted Dr. Rear, who prescribed the Histogenetic Medicines of Dr. J. Eugene Jordan for in strength and a feeling of internal pressure. I consulted Dr. Rear, who prescribed the Histogenetic Medicines of Dr. J. Eugene Jordan for in strength. The medicines very soon commenced to build me up. I continued to gain and after taking only one complete course all my symptoms were better. That is three months ago and nota trace of grippe is left. I feel well. The effect is abiding. The medicines are good to take and leave no ill affect. I thope all needing treatment may try this beautiful system. It is far better than taking poisonous drugs.

N.B.—Mrs. Toole is a lady of about 65 years of age, of delicate frame, and of such a very few only out of every hundred have entirely recoved from that fatal disease.
