MR. BEVINGTON'S NEW POSITION

Mr. C. H. Bevington, formerly of the G. T. R., this city, who recently re-

signed from his position as superintendent at Rutland, Vt., has been offered

and accepted the superintendency of the Pittsburg, Shawmut and Northern

Railway, with headquarters at St. Marys, Pa. Mr. Bevington was one of

the most popular railway men ever in

the local offices, and his numerous friends in London will be glad to hear

of his new appointment.

The matter will be considered by the executive this afternoon, Secretary Woodworth having called a special meeting of the executive for that purpose. Peterboro has only had two home games in the past couple of seasons and as the club has been more than loyal to the union, there is every prospect that their suggestion will be given a favorable reception. Unless some such arrangement is made the Torontos have announced that they will default to the Argonauts on Saturday, as they claim they cannot stand the expense of another trip to London. They desire to be drawn with Peterboro, and in that event the Argonauts will go to London,

### CHINESE EXCLUSION

U. S. Commissioner Sargent's Views and Suggestions on the Subject.

San Francisco, Nov. 13.-United States Commissioner of Immigration Sargent arrived here last night. He said his visit to the west is largely for the purpose of becoming acquainted with the workings of the service and with officials. He said the Government is striving to strengthen the patrol on the Canadian border more vigorously, to enforce the requirements of the Chinese exclusion act.

Conferences have been held with Canadian officials on the subject. One proposition advanced is to have the Canadian railways centralize their Chinese passengers at centrain points, where they can be inspected.

ANOTHER FIERCE STORM! POISONING CAUSED DEATH Further Proceedings of Baptist Probable Deficit of \$4,000 in Hospital Account.

> Interesting Statistics Presented By Appropriation of \$17,700 Considerably Exceeded.

> > The Hospital Trust will undoubtedly have a well-developed deficit to meet

at the end of this year. At the beginning of the present year \$12,000 was appropriated for the maintenance of the hospital and an extra \$5,000 for unusual expenditure, such as the alterations which were proposed

and made this summer. It is understood, however, that the cost of running the hospital has been greater than ordinary, and that already the appropriation is considerably overdrawn.

The expenses from now until the end of 1902 will be heavier than for the months already passed, and judging from the condition of funds at present, it may be expected that the overdraft will be in the neighborhood of \$4,000.
