THE SWEDISH TRIO

Madame Hausch and Daughters Give
First Concert Here.

Conservatory Hall was too small to
comfortably accommodate the lovers
of violin music who assembled last
night to listen to "The Swedish Trio."
The trio consists of Madame Von Ze-
deler Hausch, solo violinist, and her
talented daughters, Misses Ingeborg and
Gurli Hausch, the former of whom is
a flute soloist, and the latter a violin
soloist. Their programme last night
was one that thoroughly pleased, as
was evidenced by the many demonstra-
tions of approval. Not only is Mad-
ame Hausch an artist of rare talent,
but the younger daughter, Miss Gurli,
shows exceptional ability for a violin-
ist of her age. Miss Ingeborg's beau-
tiful performance with the flute com-
pleted this delightful trio. Mr. Jordan
was the accompanist of the evening
and aided considerably in the triumph
of the Swedish trio.

A burlesque arrangement by Leonard
called "Serenade Humorous," made
an excellent opening. This was given
by the trio, and the next number was
a violin solo by Miss Gurli Hausch,
Mushin's "Mazurka de Concerto," "Ser-
enade," by Pierre, being given as an
encore. The trio then rendered (a)
Bach's air on the G string, (b) Trau-
mer's, as an encore. Wieniawski's mas-
terly "Legende" was given by Madame
Hausch, and to an enthusiastic en-
semble with "Annie Laurie,"
than which nothing during the evening
pleased more.

The balance of the programme was
of equally artistic quality, the num-
bers being: Violin duet, second symphony
concertante (Alard), Madame and
Miss Gurli Hausch; solo, Oberstass (Wi-
eniawski), Madame Hausch; Awaken-
ing of the Lion (De Koutse), Swedish
Trio.

REGRETTED THEIR LOSS.
Mr. T. W. Glover's mission to the
Royal Templars of Temperance was
continued last night, when a good au-
dience was brought together under
the presidency of Rev. T. S. Johnson, in
the Adelaide Street Baptist Church.
Mr. Glover said he regretted the loss
of the old-fashioned temperance meet-
ings, including the Band of Hope, fos-
tered by almost every church, and in
which he started his temperance career
50 years ago. He urged all to join
the R. T. of T., the only aggres-
sive organization now, with the excep-
tion of the W. C. T. U. The lecture
was entitled "A Night with the Doc-
tor," taking up the medical aspect and
showing that science declared today
that alcohol was unnecessary in health,
and in disease was so dangerous that
no person should take it unless the
case had been properly diagnosed, and
the prescription carefully carried out.
In addition to the address the pro-
gramme included a recitation by Miss
Stillison. Tonight Mr. Glover will be
at Worley Road Baptist Church. His

subject will be "Prohibition, Tested and
Tried."

CALL TO MR. FASKEN.
The congregation of the Paris Pres-
byterian Church has extended a call to
Rev. George R. Fasken, pastor of St.
Paul's Church, Toronto. The Paris
Church pays a salary of \$1,500 a year
and is one of the most important in
the Hamilton Presbytery. Mr. Fasken
will be remembered by many London-
ers, having been a member of the Col-
legiate Institute staff prior to enter-
ing the ministry.

**"THROUGH HOME AND FOREIGN
LANDS."**
This lecture was given under the
patronage of the Lieutenant-Governor
in Association Hall, Toronto, Monday,
Oct. 19, and the Toronto Globe, on
Oct. 20, speaking of the lecture, says:
"For nine successive years Mr. Frank
Yeigh has given one of his well-known
picture talks in Association Hall. The
audience of last evening, however, was
the largest of all, taxing seating and
standing capacity. The subject, 'The
Grand Tour' lent itself to highly ef-
fective stereoscopic illustrations, and
to a bright and entertaining lecture,
bringing back pleasant memories to
those who had made the European tour
and creating in others a desire to
travel. The trip was inaugurated by
beautiful series of views depicting
the Atlantic, the United Kingdom,
France, Switzerland, Germany and
Norway were pictorially visited. The
unfolding scenes were perfect photo-
graphic productions and won off-re-
peated applause from the audience."

**Word Comes From Montreal to That
Effect—The Cause.**

Word comes from Montreal that the
Canadian Pacific Railway is about to
inaugurate an important and extensive
movement in the direction of retrench-
ment in operating expenses.

A prominent official is authority for
the statement, which, if it is put into
effect, will mean the laying off of a
large number of men. No particular
branch of the service will suffer, as
the reduction of the force will be made
in every department.

A decrease in traffic is given as the
cause of the move. The official pointed
out that the operating expenses for
September amounted to \$2,737,355, and
were so heavy that there was a de-
crease in net earnings compared with
the same month a year ago, of \$208,-
488.

The officers here have not received
any notice of the company's intentions.

King Street Pavement War
May Be Opened Up Again

**Warren Bros. Compete With the
Barbers and Underbid Them—
Board of Works Meeting.**

He had prepared the specifications
calling for the work to be finished by
the 31st of December, but he thought
it would be in the interests of the city
to allow the pavement to stand over
till next year, and have it finished by
the first of June.

After it had been shown that the ac-
ceptance of the lower tender meant a
saving of close on to a thousand dol-
lars, and that the specifications and
guarantee were the same in both ten-
ders, the committee decided to accept
neither for the present, but to leave
the matter in the hands of the chair-
man and engineer to consult the city
solicitor, and if the city has the power,
the lowest tender, that of the Warren
Bros. for California asphalt, will be
accepted by the committee, despite the
fact that the residents of King street
petitioned for Trinidad Pitch Lake as-
phalt.

The recommendation of the city en-
gineer that, in any case the work be
not commenced this year was also
adopted.

SEWERS NEED ATTENTION.
A lengthy report from City Engineer
Graydon, in reply to a memo from the
board of health, was read.

Mr. Graydon admitted that the con-
dition of the sewers was not what it
should be, but he laid this to the lack
of sufficient men to look after the
sewers. He recommended that a for-
man and two men be engaged to look
after the sewers the whole year round.

In the report, Mr. Graydon also ad-
vised that the council recommend to
the council of 1904 that the plant for
the disposal of sewage at the coves be
further increased next year, in order
that the river may not be further pol-
luted by the city's sewage.

The committee, however, merely laid
the report over, and ordered the en-
gineer to see that the work of flush-
ing the sewers be proceeded with at
once.

It was also decided to recommend to
the council that the north end sewer,
which is to connect with the public
institutions on Richmond street, be in-
stituted at once, to begin at Ann and
St. George streets, thence north to
Oxford thence to Talbot, and up Tal-
bot to St. James, connecting with the
sewers from the institutions which now
empty into the river.

The engineer recommended that a
sewer be initiated on Adelaide street,
between King and Dundas, as there
was no sewer there now and the block
would shortly be paved. The recom-
mendation was adopted. A sewer, also
recommended by the engineer, will be
