The Estimates.

"One of the important duties of the loard is the preparation of its annual inancial estimates." Each committee Financial estimates. Each committee should prepare these estimates as early in the year as possible so that the preparation of the estimates of theboard may receive the fullest consideration. I would recommend that all estimates be completed by the first of March. The department over which this board presides controls one of the largest of our municipal expenditures. Economy is a national as well as a municipal expenditures. Economy is a national as well as a municipal expenditures. Economy is a national as well as a municipal expenditures. Economy is a national as well as a municipal expenditure with efficiency of a department of the collegiate institute. Next to technical schools there maintain the efficiency of a department where special accommodation for the work of this is also faced by seriously unsultable for the deportment, A building, which, a decorded ago, was declared unsuitable for public school purposes cannot be considered in any way suitable for such an important branch of secondary education as is carried on in the commercial department of the collegiate institute. Next to technical schools there maintain the efficiency of a department where modern equipment is more essential to the successful carrying out of the work.

A PUBLIC INDORSATION

Running Indicates Feeling of Confidence.

The work of the Board of Education for 1920 was definitely outlined by Chairman H. Hayman in his inaugural address last night. He asked the coperation of all the members and expressed the belief that the re-election of three retiring members of the Board of Education indicated public confidence in the policy being pursued.

"First let me thank you for the very great honor you have done me in electing me to the highest office in the gift of this important board and ask you to accept my assurance that I shall do my utmost to justify the confidence you have reposed in me. Let me invite only the proposed in the standard public confidence you have reposed in me. Let me invite the standard public confidence you have reposed in me. Let me invite the standard public confidence you have reposed in me. Let me invite the standard public confidence you have reposed in me. Let me invite the standard public publi

the women members of our board. This board would be open to censure should it allow any of our modern school plants to become anything but examples of cleanliness to the pupils attending them.

"No. 3 committee will also be face

result ultimately rests with the teacher harmony and co-operation is indiscrete. We have a seen able.

"I am aware that this is a question for the educational expert, which I make no pretence to be, and I know that we are controlled to a large extent by departmental regulations and must keep pace with modern developments, but I am convinced that there is a very general impression, which I mittee seems to be the only possible. ments, but I am convinced that there is a very general impression, which I personally feel is not altogether unfounded, that in our schools the courses of study are spreading out at the expense of thoroughness in the expense of thoroughness in the essentials of education.

"I am pleased to see that Premier Drury has announced his intention to call a conference of educationalists to form a link between the school boards and the department of education. The character of this announcement would indicate that he considers that he considers that there are no location to be decided by the committee seems to be the only possible are to be conserved, and the reasonable demands of the department met. The principal will, no doubt, place the requirements in details before the committee should make every effort to bring the courses provided in the technical high school to the attention of the parents of publis who would profit by the courses provided in this modern education.

principals and teachers of the primary schools in acquainting the students and parents with the character and scope of the work of the technical high

High School of Commerce.

"The advisory commercial committee is also faced by seriously unsuitable accommodation for the work of this deportment. A building, which, a decade ago, was declared unsuitable for public school purposes cannot be considered in any way suitable for such an important branch of secondary education as is carried on in the commercial department of the collegiate institute. Next to technical schools there is no department where special accom-

every economy consistent with efficiency should be practiced by this board so that it may continue to receive and deserve the approval of the ratepayers of the city.

The rearranging of the salary schedule is one that should receive the early and careful consideration of No. 1 committee.

"There is another matter which No. improve essential to the successful carrying out of the work.

"Let me in conclusion again thank you for the honor you have done me, express the hope that our association together during the year may beb of so pleasant and profitable a character that the year 1920 may always recall to the successful carrying out of the work.

"Let me in conclusion again thank you for the honor you have done me, express the hope that our association together during the year may beb of so pleasant and profitable a character that the year 1920 may always recall to us all pleasant memories of worthy accomplishments for education in London.

THE INDEPENDENT THEATRE COMPANY

Kitchener.

Plans are being completed for a fine large theatre in Kitchener, to have a seating capacity of 2,000 and a stage | Stuart's Calcium Wafers are sold by large enough to accommodate the best | all druggists everywhere. Price 50 cents

The Independent Theatre Company has made a wise choice in locating its first theatre in Kitchener, as this city is admitted to be one of the most progressive cities in Canada, and is growing by leaps and bounds.

Over 3,000 employees will be required to satisfy the demands of the new with the singing of the New Year. Over 3,000 employees will be required to satisfy the demands of the new factories that are in course of construction, and still more coming. Houses are in great demand, and the housing commission has let contracts for 100 houses, many of which are already completed and others in course of construction.

Old Year and the Ne subject of Miss Jean After the roll call the with the singing of them.

DIED IN CHICAGO.

The death occurred January 6 of Mrs. W. and Mrs. Wilson went of course of construction.

the Independent Theatre Company has been received with open arms by the Kitchener investors, and the company is meeting with every encouragement in its undertaking.

The success of the independent Theatres Company in Kitchener is due to the efforts of the London Security Company and the Canada Finance Company, of which Mr. F. E. Osborn is manager, who was also successful in promoting the Loews Theatre in London. Mr. Osborn deserves credit for his exceptional success in theatre pro-London investors.

Theatre investments are considered among the most profitable and safe investments to buy. Theatres are always open for business; they do a cash business, and a failure is seldom | W.

cash business, and a failure is seldom known.

The security back of an investment with the Independent Theatres Company is better than any theatre-investment yet offered to the public. The preferred stock will bear interest at 7 per cent, guaranteed, payable quarterly, and each purchaser of preferred will receive a honus of 25 per cent of common stock. This means to the purchaser almost a sure profit on the investment of 32 per cent the first year, and a sure dividend of not less than 7 per cent thereafter.
