Six years ago, in January, 1917, prepa tions were just getting under way for he first demonstration ever placed beore the city and Western Ontario of child welfare work. The average attendance at clinics

has been equal to that of 1921, twenty children per day. At first, when the new clinics opened, results at the others realized anticipations. There were fewer children because of the switching of cases to the new centers. The idea had been to relieve congestion at the earlier centers, as well as to give more general service.

Very quickly the new clinics in Aberdeen and Tecumseh schools became just as popular as the older ones in Talbot Street, Victoria and Rectory Street schools.

The attendance has ranged from 70 n record days to 10. In all, 198 well-baby clinics were held during the past year, at which the total attendance was 3,953.

Clinics were withdrawn for the holiday weeks owing to the fact that the ols were closed, unheated, and not exactly safe places for little people to be examined. They are in progress this week again, beginning with Talbot Street School on Tuesday afternoon.

Ash Wednesday

Comes Feb. 14

St. Valentine's Day and Ash Wednesday fall on one and the

same day this year. For this reason a number of people are

going to be disappointed who re-

gard "All Heart's Day" as the

most interesting for picturesque entertaining in all the year. That

is, if their convictions make it necessary for them to devoutly

observe Lent.

Because Lent comes so early it is anticipated that the weeks be-

fore Feb. 14 will be filled to the

brim with all the entertaining for

the "more grown-up" that has given way to the holiday gaieties for the school and college young

people.
