THE NEW YEAR.

The year which has just come to an end has been a wonderful year for ress of the past, and of buoyant hope-been able to raise prices where prices fulness for the future. This makes it would have gone up in any case, namemore than a mere conventional usage for us to wish every reader and friend of the Colonist, as we do, a Good and Proposed New Year. Prosperous New Year.

BELLICOSE MR. KIPLING.

be to cause war between these two coun-tries. It is possible to so inflame the social organization like trusts and trade passions of two peoples against one an- unions which have obviously come to other that neither motives of policy, stay, and not to rave against errors and sense of justice, nor considerations of misunderstandings which have characprudence can prevent them from flying terized their inception and early growth at each other's throats. With all due deference to Rudyard Kipling, we do not think he is a big enough man to embroil the British Empire in war with Germany, and such a war would be

A man's wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills, she cannot be, for they make her "feel like a different person," so they all say, and their husbands say so too! the most appalling catastrophe of modern times. Nor do we exactly see why, ern times. Nor do we exactly see why, if Great Britain, Germany, and the United States harmoniously represented the interests of Western civilization in the troubles in China, Great Britain and

It prove a row and the future are victims of some ferrible disease. Mrs. W. Francis, 204 Colborne street, Kingston, was in a beautiful price in the distance have characters, it. See test resolvable in the distance have characters, it. See test resolvable in the distance have characters, it. See test resolvable in the distance have characters, it. See test resolvable in the distance have characters, it. See test resolvable in the distance have characters, it is see that severe pains in back and legs, was gradually losing fiesh and felt a dread of the future. A friend recommended Dr. Chase's Kidney-Liver Pills and the result was a complete cure. There is no medicine more reliable, none so certain to produce thorough cure. One bill a cose, 25 cents to the complete cure. There is no medicine more reliable, none so certain to produce thorough cure. One bill a cose, 25 cents

d States in the background where it an accomplish most good in bringing about a satisfactory settlement. The British Empire the German Empire and the United States of America are essen tially the three great powers of the nodern world. That they should remain at peace with one another is a considera tion beside which all others sink into insignificance. It is to our mind a pity to see a poet of the rank of Kipling descend to retaliation upon the outpour ings of the scum of the German press upon purely sentimental grounds, for there is no reason to believe that the attitude of the German Government has not been scrupulously correct in all Its Delivered by carrier at 20 cents per week, or mailed postpaid to any part of Canada relations with those of Great Britain the following rates: }

and the United States. Rudyard Kipting would have been to our mind much 3 00 better employed in endeavoring to allay than to increase the popular hostility existent between Great Britain and Ger

THE OIL TRUST. During 1901 the wholesale domestic price of petroleum in the United States Sept postpaid to any part of Canada or ranged from 6.9 cents a gallon to 7.9 the United States. cents a gallon. Within the last three months, however, a steady rise has taken place which has carried the figures to 12.5 cents and possibly higher. Re-Notice to Advertisers tail prices have, of course, scored a corresponding advance. The production and distribution of the humble, but neces-Agate measurement: 14 lines to the inch. sary coal oil of domestic use are entirely READING NOTICES—20c. per line each controlled by the Standard Oil Trust insertion, or \$2 per line per month. On this account there is a tendency to TRANSIENT AND LEGAL ADVERTIS-ING-10c. per line for first insertion, and 5c. per line for each subsequent consecutive insertion; otherwise 10c. per line each in-sertion. Preferred positions extra, accord-ing to page, etc.

On this account there is a tendency to assume that the recent rise in price has been arbitrary and unnecessary, and an unwarrantable abuse of a des-potic power over the market. But a closer analysis of the situation shows that this is not altogether so. A trust is like an individual, it will sell what FINANCIAL, INSURANCE AND COMPANY REPORTS—15c. per line for 100
lines or under; over 100 lines, 10 per cent.
discount on each additional 100 up to 500;
500 lines or over, 10c. per line. Reports
published in the Daily will be inserted in
one of the Semi-Weekly editions for 50 per
cent. additional to the Daily rate.

Is like an individual, it will sell what
it possesses for the highest price it can
get without reducing the demand. A
rise in the price of coal oil three months
ago would have been an arbitrary action on the part of the Trust. But it
would have carried its own penalty with
it, in a decreased demand for coal oil, CONDENSED ADVERTISING (classified)

One cent. a word each insertion; 10 per cent. discount for six or over consecutive insertions. Cash with order. No advertisement inserted for less than 25c.

It, in a decreased damage of the substitution of other fuels for lighting and heating. It does not do so now because coal is excessively dear in the East, and numbers of people in the East, and numbers of people BUSINESS or PROFESSIONAL CARDS— have been obliged to put in oil stoves of four lines or under, \$2 per month. in order to cure the deficiency of coal. The result has been an increased de-\$1 each, including insertion in the Daily mand for oil, and consequent possibility and one of the Semi-Weekly editions. of obtaining a higher price. Before the No advertisement charged to account for Trust is condemned it is necessary to less than \$1. ask the question whether, if the oil business had not been controlled by a trust, the price of oil would not have gone up to as high or even a higher level. That is a question which is very Will be paid for such information as hard to answer. It can only be anwill lead to the conviction of anyone swered by the analogy of other commostealing the Colonist newspaper from dities. If we look round the range of prices we find that where either production or distribution is competitively or ganized prices respond with great alac rity to an increased demand, and discover fluctuations within even wider limits than those in the price of oil. In the case of anthracite coal, although the output from the mines was controlled by long time contracts at a given price, the competition of dealers who pur-

Canada. It has been the greatest of a chased from the mines had no effect series of wonderful years in which Can-ada has shown an increasing realization prices to a prohibitive level during a of her commanding position and destiny. period of great scarcity. We have also Great industrial activity and swelling an instance nearer home in the effect totals of both foreign and domestic trade on prices of an increased demand for have been joined to abundant harvests, shingles, coupled with a scarcity of and every evidence of increased prosper- cedar. In fact it would appear reason ity among all classes of the community. able that under a competitive system of There is fortunately no reason to anti-production and distribution prices would cipate a check in the tide of prosperity fluctuate with wider limits and more during the coming year. In fact, so far rapidly than where an industry is con as we in British Columbia are specially trolled by a trust, a sudden increase in concerned, there is every reason to ex-demand and disappearance of supply pect that the eyes of everyone will be causing a rapid appreciation, that in its more than formerly focussed upon the turn leading to an increased supply, and resources and opportunities of the Paci- that in its turn not halting till overtic province. We have during the past production supervened with a disastrous year enjoyed a fair measure of pros- drop in prices, and widespread dislocaperity. Our staple industries have all tion of the industry. The trusts appear shown activity and growth. But there to act as regulators and governors o has not been the same rush of population, the operation of the law of supply and nor the same development of new demand, without, however, interfering sources of wealth, which have charac- with the essential principle of the law terized other portions of Western Can-itself. As yet, however, we know very ada. Our time, however, is coming, and coming very rapidly. We may during are new phenomena, new attempts at the the present year look for several sperational organization of industry. There cific and definite developments which has never yet been an authentic instance will have a notable effect upon the of a trust's arbitrarily raising prices growth and prosperity of the province.

Consequently the New Year finds us all have been many instances of trusts making the province of the province of trusts and the province of trusts and trusts are contained. in a spirit of thankfulness for the prog-

tunities of observing whether they have it in their power to maintain prices in face of a reduced demand. We do not Rudyard Kipling has the power of at- believe they have. If they have not tracting instant attention to everything then the regulation of industry by trusts he writes. There is a vigorous and unconventional phraseology about all his spasmodic character of industry which work which impresses his opinions upon is responsible for half the crime, and the public mind even where his opinions all the misery in industrial countries, are not popular. In his denunciations of just as trade unions may be the evolutionary remedy for the spasmodic charmonious with those of the great bulk acter of employment, and the evils of of the British race. But the popular de- competition among mechanics. We are duction from his teaching which resulted aware that these are not altogether in the breaking of his aunt's windows popular opinions, and that to bray like by a mob was not one which he recog- a donkey against either trusts or trade nized to be logical. Similarly he might unions, or both, is popularly supposed or might not recognize the fact that to be the mark of a rational human bethe natural result of his outburst against ing. But we have sufficient belief in the co-operation of Great Britain and the ultimate rational and moral govern-Germany in the Venezuelan affair would ment of this world, to look for intelli-

FEAR OF THE FUTURE.

COLONISTS NEW YEAR'S GREETING, IN ACROSTIC

FROM CHARLES DICKENS

Compiled Especially for This Number By Agnes Deans Cameron.

New Year! Everywhere the New Year! There are books and toys for the New Year, glittering trinkets for the New Year, dresses for the New Year, schemes of fortune for the New Year; kind wishes and good deeds for the New Year.

—The Chimes.

ard-heartedness and evil-doing will never prosper.—Our Mutual Friend. man never knows what he can do till he tries. -Pickwick Papers.

R ause you who read this, and think for a moment of the long chain of iron or gold, of thorns or flowers, that would never have bound you, but for the formation of the first link on that memorable day.

-Great Expectations. erfect coolness and self-possession are the indispensable accompaniment of a great mind.

—Pickwick Papers.

ou can no more see to the bottom of the next few hours than you can see to the bottom of this -Our Mutual Friend.

Not possible is it to know how far the influence of any amiable, honest-hearted, duty-doing man flies out into the world; but it is very possible to know how it has touched possible to know no...
one's self in passing by.
—Great Expectations.

nergy and determination have done wonders many a time.

—Bleak House. e will not be proud, resentful or unforgiving.

-Martin Chuzzlewit.

o-ho, my boys!" said Fezziwig, "no more work to-night!"

—The Christmas Carol. 8 very triumph you achieve in life will animate with new fortitude and firmness.

-Oliver Twist. vast, there! Keep a bright look-out for and good luck to you!

-Dombey and Son. R ing out the year! The patient year has lived through the reproaches of its slanderers and faithfully performed its work. Spring, summer, autumn, winfer. It has labored through the destined round and now lays down its weary head to die. The streets are full of motion, and the shops are decked out gaily. The New Year, like an infant heir to the whole world, is waited for with welcomes and rejoicing.

The Chimes.

ather Time is not always a hard parent, and though he tarries for none of his children, he often lays his hand lightly on those who use him well.

-Barnaby Rudge

osy," repeated Swiveller, "pass the rosy. May the wing of friendship never moult a feather."

—Old Curiosity Shop. 6 f all the fruitless errands, sending a tear to look after a day that is gone is the most fruitless.

-Nicholas Nickleby.

ay every blessing that the prayers of a true and earnest heart can call down from the source of all truth and sincerity cheer and prosper you. —Oliver Twist.

hings cannot be expected to turn up themselves. We must in a measure assist to turn them up.

—David Copperfield.

ello- a great deal of steam! The pudding was out of the copper!

-Christmas Carol. ach of the shadowy figures stretched its right arm forth, and pointed upwards. Spirits of the Bells! Their sound upon the air! They take such shapes and occupations as the hopes and thoughts of mortals, and the recollections they have stored up give recollections they have stored up, give

C heerfulness and content are great beautifiers, and are famous prebeautifiers, and are famous pre-servers of good looks.

—Barnaby Rudge.

-The Chimes.

6 h, a wonderful pudding! Bob Cratchet said—and calmly, too— that he regarded it as the greatest success achieved by Mrs. Cratchit since their marriage; and nobody said or thought it was at all a small pudding for a large family; any Cratchit would have blushed to hint at such a thing.

—Christmas Carol.

sistener, gentle listener, may the New Year be a happy one to you, happy to many more whose happihappy to many more whose happiness depends on you! So may each year be happier than the last, and not one meanest brother or sister debarred of his share of the great Creator's good wifte!

h, glorious! Glorious! Clear, bright, jovial, stirring cold; cold, nining b. glorious! Glorious! Clear, bright, jovial, stirring cold; cold, piping for the blood to dance to: golden sunlight heavenly sky; sweet, fresh air; and the merry chime of bells.

—Christmas Carol.

Now it is a fair, even-handed, noble adjustment of things, that while there is infection in disease and sorrow, there is nothing in the world so irresistibly contagious as laughter and good humor. —Christmas Carol.

In our judgments, as in our doings, we must bear and forbear.

—Hard Times. am smiled. "Avay vith melan-cholly, as the little boy said wen his school missis died!"

-Pickwick Papers. here is nothing little to the really great in spirit. He was simply and staunchly true to his duty, alike in the large case as in the small. So all true souls ever are; so every true soul ever was, ever is; and ever will be, -Mystery of Edwin Dreed.
