## York Municipal Elections.

*The Complete Returns.*

Last week we published the returns of the York Municipal Elections from eight of the thirteen parishes, all we could gather at that time, and as the vote in some was not given, we, to-day, publish the complete returns.

*Bright*—Coun. Coburn 134, Ex-Coun, Jewett, 111, defeating Coun. Sloot, 89.

*Canterbury*—Couns. Grant and Jamieson unopposed.

*Dumfries*—Coun. Scott 87, Coun. Gilman 87, defeating Jacob Lounsbury, 38.

*Douglas*—Benjamin R. Burtt 163, Warden Colter 154, defeating Coun. Bird, 148, Jesse Keene 40 and John P. Ragan, 36.

*Kingsclear*—Couns. Murray and Everett, unopposed.

*Manners-Sutton*—Couns. Murphy and Coburn, Mowatt defeating Ex-Coun. Glendening.

*New Maryland*—Couns. Smith and Hornecastle, unopposed.

*North Lake*—Coun. McElroy 82, Coun. Cropley, 80, defeating Ex-Coun. Veysey, 41, and David Bartlett, 14.

*Prince William*—Coun. McCormack, 111, William Henry, 82, defeating Coun. Estabrooks, 81.

*Queensbury*—Couns. McNally and Lounsbury, unopposed.

*Southampton*—Coud. Pinder, 225 Coun. Mastin, 163, defeating Thomas W. Purvis, 128.

*Stanley*—Couns. Currie and Calhoun, unopposed.

*St. Mary's*—Ex-Coun. Goodspeed, 272, Coun. White 252, defeating Ex-Warden Close, 174.

The election as will be observed, has made but few changes in the Council, but two notable defeats, are those of Ex-Warden Close and Coun. Estabrooks. The latter we understand was over confident. In Douglas Coun. Bird explains his defeat from the fact that both Mr. Keene and Mr. Egan, belonged to the same district as he, and therefore split the vote. He thinks it will operate against the Northern district of Douglas, to have no representative in the Council. In Queensbury, we believe, efforts were made to get out opposition to Couns. McNally and Lounsbury but it failed. Bright, it will be seen, has wisely left Coun. Sloot at home, preferring ex-Coun. Jewett.

## *Extracts from a Letter from C. H. S. Cronkhite, Esq.*

Canterbury Station, York Co., N. B., October 10th, 1876.

Mr. J. H. Robinson,

Dear Sir,—In reply to your letter of enquiry, I would say that your *Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt a different man, and also look differently, and all for the better, as the doctor can testify.

I was unable in the summer to walk any distance without much fatigue. I can now take my gun and *travel all day and feel first-rate at night, and eat as much as any lumber man.* Have not bled any since I took your preparation, and can now inflate my lungs, without feeling any soreness, and I think I can inflate them up to full measurement, same as before I was sick, have also gained in flesh, my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, yours truly,

(Signed) C. H. S. CRONKHITE.

We, the undersigned, hereby consent to have our names published as witnesses to the effects of *Robinson's Phosphorized Emulsion* on the person of Mr. Cronkhite, and do as ert that the foregoing statement is correct in every particular.

(Signed) Alexander Bennett, J. P.,

## *A Life Worth Living.*

Emerson says, "the truest test of civilization is not the census, nor the size of cities, nor the crops, but the kind of men the country turns out." Now the kind of men the country turns out depends pretty much upon his physical condition, or what use to the world would a race of invalids prove? Such people have no individual independence, and their usefullness and achievements—if any—are of the most meagre and ordinary character when compared with those of the hale, hearty man who takes the world as he finds it, makes the most of it, and leaves it the better for his having passed through it. I remember asking one such how it was he appeared to enjoy such an imunity from disease during especially sickly seasons. His reply came unhesitatingly: "Because I pay prompt attention to the premonitary symptoms of disease, and thus baffle continued illness." "But" how is this effected so readily," I asked, "when you so rarely have recourse to the physicians? "Well," he replied reflectively, some years ago, I learned that men and women could in no small degree, become their own physician through the medium of a book—Humphreys' Homœopathic Mentor, or Family Advisor—the gift of a friend. After a careful reading I came to the conclusion that it was the most practical volume I had looked into for years, and resolved to test the medicines, or Specifics, it advocated for family use. I ordered a family case, also a Veterinary one for the stables, and since then have become, with splenid results, not only my own physician, but the "friend in need," to many around me—there is so much in Homœopathy.

Mr. T. C. Berchard, public school teacher, Norland, writes: "During the fall of 1881 I was much troubled with Biliousness and Dyspepsia, and part of the time was unable to attend to the duties of my profession. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure was recommended to me, and I have much pleasure in stating that I was entirely cured by using one bottle. I have not had an attack of my old complaint since, and have gained fifteen pounds in weight." Sold by John M. Wiley.
