FULL GOVERNMENT DEPOSIT FOR THE SECURITY OF POLICY-HOLDERS. This Company offers to the insurer the choice of six classes, viz.: Ordinary Life, Endowment mi-Tontine Investment, Return Premium Investment, Reduced Endowment and Commer Landauer. The SEMI-TONTINE PLAN combines in one policy the benefits of life insurance with that of an investment, should the insured live to the completion of the term 10, 15, or 20 years, as he may select. He has the option of withdrawing the entire cash value at the end of such period. Cash surrender value or a paid up policy are given to all policy-holders who are unable to continue after three or more annual payments have been made.

The RETURN PRESSES PRESSES is a clear and definite contract, guaranteeing a return of all premiums paid, in addition to the full face of the policy in the event of death during the Investment Period. Should the insured live till the termination of the period elected by himself, the return will undausted be a very satisfactory investment on the premiums paid. This exceedingly liberal and attractive form of insurance gives in one policy more advantages than any other effered to the public.

The COMMERCIAL PLAN affords protection at actual cost, being about one-half that of ordinary plans during the years that Life Insurance is specially needed. Men of considerable incomes who are paying large premiums on comparatively small investment policies, and require the largest amount of additional insurance for the least possible premium; business partners, whose valuable interests in the life of the individual members of the firm are not protected by adequate insurance; men of moderate means, whose families are denied the pretection of life insurance by the usual high premiums; all find the Commercial Plan exactly adapted to their needs.
