SUNDAY MUSIC AT THE INLAND, on for Which the People Are

Truly Thankful.

An audience of 5000 people, composed largely of the best citizens, assembled at Hanlan's Point yesterday afternoon to listen to the sacred concert given by the Grenadiers' Band for the Toronto Ferry Company.

No more orderly and respectable crowd was ever present at a band concert in Toronto. During the progress of the concert Manager Conner could be seen hustling around among the people seeing that everything was being done for their confort.

On being interviewed by The World he said he was one of the happiest and proudest men in Toronto to-day to find that such a large number of his fellow-citizens were appreciating the enterprise of the Toronto Ferry Company in furnishing their patrons with a class of high-grade entertainments never before offered in our city.

Next Sunday afternoon their second sacred concert will begin between the hours of 3 and 5 at the same place by the Queen's Own Rifles' Band, under the direction of Mr. John Bayley.

to fill a barrel with water, is to use a sieve. It's a poor way, though. You can do it-but it takes time, patience, care and much work.

So you can wash clothes with soap and a washboard—but it isn't the best way. It's slow work, hard work, costly work. It wears out the get clean.

That does the washing while you're doing something else-does it without any of the clumsy rubbing that takes so much time and makes so much wear and tear.

Try it—saves you money as well as work. Send Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—you something in place of Pearline, New York.
