

Stock Notes.

MR. THOMAS TRASDALR, of Concord, Ont., the director of the Berkshire section of the Dominion Swine Breeders' Association, is advertising first-class show stock in this week's issue.

THE contest in Lincolns at Omaha was between two Ontario breeders, Messrs. Gibson & Walker, Ilderton, and Wm. Oliver, Avonbank. According to reports the contest was a keen one, it being a case of nip-and-tuck from the very start. But the former well-known Lincoln breeders carried off the bulk of the awards.

MR. F. W. TAYLOR, Wellman's Corners, Ont., reports his Ayrshires as looking well. His cows are still giving a large flow of milk, notwithstanding that the summer in that locality has been dry and hot. He has seven bull calves for sale, in good condition. These calves are all from purebred stock, and from the best breeding strains of Ayrshires in the country. Mr. Taylor's stock bull is Douglas of Sandoun 1384, bred by David Merton & Son, Hamilton, Ont.

AT the Omaha Fair the Union Stock Yards Company, South Omaha, gave \$150 for the best specimen of a bacon hog according to the following conditions:

"A long-bodied, slim hog weighing 200 or 230 lbs. is the kind of an animal required to produce lean bacon and small and lean hams, demand for which is increasing rapidly; to be judged from a packer's standpoint by buyers from the Union Stock Yards."

Fully forty competitors entered and nearly every adaptable breed was represented. A Tamworth shown by the Iowa Agricultural College was awarded first prize, a Nebraska Berkshire second prize, and an Improved Yorkshire, shown by J. E. Brethour, Rusford, Ontario, the third prize.

MR. A. J. WATSON, Castlederg, Ont., deserves special mention in connection with his display of Cotswold sheep at the Trans-Mississippi Exposition recently concluded at Omaha. With commendable enterprise he has ably represented Canada at this important show. *The Breeders' Gazette*, in writing of the Cotswold exhibit, says: "One of the most impressive displays ever made of this breed in America was seen in the herds of Geo. Harding & Son, Wisconsin, and A. J. Watson, of Ontario." In Mr. Watson's exhibit were a number of sheep that were prizewinners at the Royal. Among the classes in which he stood at the front were lambs and three-year-old ewes. In the other classes, though not taking first place in every instance, Mr. Watson succeeded in carrying off a number of valuable prizes.

MR. I. ROGERS, of Cooksville, Ont., has been remarkably successful as a breeder of

CONSUMPTION.

What a Well-known Medical Journal Says About This King of Disease.

"This is essentially an age of scientific progress. Science and invention go hand in hand. Thanks to a distinguished chemist consumption is robbed of its terrors, deprived of its destructiveness, and this insidious disease can first be relieved and then cured. But to accomplish a cure that is final and effective there must be constant persistency in treatment and right living. The sufferer must take the right medical relief, rightly administered. By the labor, skill and research of an eminent chemist, T. A. Slocum, consumption can be both relieved and cured."—*Medical Tribune*.

Three free sample bottles of the Slocum Cure will be sent to any sufferer from consumption, lung or throat troubles or general debility, if name, address and express office are sent to The T. A. Slocum Chemical Co., Limited, 179 King street west, Toronto, Ont. This is a genuine offer, and if the reader is—or knows a friend who is—a sufferer, send at once for the free sample and mention FARMING.

The Leader

We will guarantee this mill to be more durable and run with less wind than any manufactured. It runs on two bearings which gives it a great advantage over other makes. Its lifting is directly over the pump, by an eccentric and friction, thus doing away with the pinion shaft, making it a great deal more powerful. Those who have used "The Leader" bear us out in this particular, and what is better than reliable local testimony?

Exeter, April 6th, 1908.

The Leader Windmill, Ridgetown, Ont. The Steel Windmill purchased from you last fall has given good satisfaction. It does its work easy and well as any mill could do. Yours,

COATES BROS.

"The Leader" has won for itself a famous reputation, and is now being placed in Goderich, Huron Co., Calgary, N.W.T., and throughout the entire Dominion, which speaks for its reputation.

The Hilborn Wood-Burning Furnace. Our Catalogue explains.

WE MAKE A Specialty of Heating

And have placed many thousands of our "Hilborn" Wood Furnaces in country homes. Farmers use only rough and unsaleable wood, and in this way soon save cost of a furnace, to say nothing of the comfort.

We can also give you furnaces suitable for coal or coal and wood, or if you want to heat with hot water we refer you to the

PRESTON HOT WATER BOILER AND STEEL RADIATOR

We guarantee every furnace to work satisfactorily. Would you like to see a list of the homes that we are heating?

We prepare free estimates, send catalogues and full information upon application, and invite correspondence.
