Again, Gentlemen, if we examine the cheese imports of England, we shall observe that they do not increase in that hopeful proportion which we might be led to suppose, from what may have been said in this very convention.

Great Britain imported in

1879	1,789,168	cwt. of cheese
1880	1,773,503	" (less)
1881	1,834,480	" (a little more)
1882	1,692,495	" (considerably less)
