Canada Landed Credit Company.

Incorporated by Act of Parliament, 1858.

CAPITAL \$1,000,000. SUBSCRIBED CAPITAL \$500,000.

PRESIDENT LEWIS MOFFATT, Esq. VICE PRESIDENT HON. W. P. HOWLAND, M.P.

DIRECTORS

THE HON. G. W. ALLAN, M.L.C. HON. W. P. HOWLAND, M.P. WM. ALEXANDER, Esq. LEWIS MOFFATT, Esq. R. D. CHATTERTON, Esq. HON. WM. McMASTER, M.L.C. ROBT. CASSELS, Esq. J. B. OSBORNE, Esq. RICHARD L. DENISON, Esq. SAMUEL SPIRELLI, Esq. C. S. GZOWSKI, Esq. LARRATT W. SMITH, Esq. D.C.L.

BANKERS

BANK OF MONTREAL, Toronto. MESSRS. SMITH, PAYNE & SMITHS, London.

SECRETARY

JOHN SYMONS, Esq.

HEAD OFFICE, 22 King Street, Toronto.

THE DIRECTORS are prepared to make advances to LANDED PROPRIETORS in sums of from \$200 to \$4,000, at 8 per cent interest, on the new system of mortgage.

Amongst the advantages the Company offers the borrower are—

- 1 He is enabled to borrow with great ease the sum he requires without heavy expenses of either law or agency.
2 There is no possibility of his ever being called on to pay off the debt suddenly or unexpectedly.
3 The small sum he pays into the sinking fund half yearly, to which the Company adds interest and compound interest, cancels the debt.
4 The borrower has always the privilege of liberating his estate from the mortgage at any time on giving six months' notice, whilst the Company remains bound to the end of the term of twenty six years.
5 He has the privilege as he may find it convenient, of paying into the sinking fund, over and above his regular contribution, any even sum—above \$100, in reduction of his mortgage, and for which he is allowed 5 per cent. compound interest.
6 He has no commissions or shares to pay for—no fines and no expenses of renewals.
7 The system increases the value of landed property.
8 It renders the sale and purchase of estates more easy, for a mortgage on the Landed Credit principle is a benefit, and not, as compared with the old mortgage plan, a disadvantage and a burden.
9 The borrower paying his annuity, and never having to pay the principal in one lump, has no fear of ever being dispossessed.

Forms of application for loans and further information may be had of the Company's Agents or of the Secretary, J. SYMONS, 22 King Street, Toronto. v4 7-2t

Especially recommended to the growers of STRAWBERRIES, RASPBERRIES, BLACKBERRIES, AND ALL SMALL FRUITS.

MORE than 13 years of regular use upon all description of Crops grown in the Middle and Southern States, has given a high degree of popularity to this MANURE, which places its application, now, entirely beyond a mere experiment.

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME,

Is eminently a success as a Substitute for Peruvian Guano and Stable Manure—and is offered to the Agriculturists of the Northern and Eastern States and British Provinces, as a fertilizer that will cheaply restore to the Soil those essentials which have been drained from it by constant cropping and light manuring.

IT is very prompt in its action—is lasting in effect to a degree unattained by any commercial manure in the market, and is afforded at a much less cost than bought Stable Manure, or Peruvian Guano. The labor involved in its use is far less than that of applying stable manure, while there is no risk from the introduction of noxious weeds.

Farmers are recommended to purchase of the dealer located in their neighbourhood. In sections where no dealer is yet established, the Phosphate may be procured directly from the undersigned. A Priced Circular will be sent to all who apply.
