Mr. S. L. Morse, of Bridgetown, in the County of Annapolis, in Nova Scotia, to Lord Aberdeen, and a Copy of the petition referred to and onclosed in that Latter, praying that His Majesty's assent may not be given to an Act for dividing the County of Halifux, and for mercasing the number of the Representatives of that part of the Province, in the House of General

Assembly. ... I regret that it did not occur to the Petitioners that this Petition ought to have been transmitted through yourself, or that at least a copy of it should have been placed in your hands. As nearly three months have clapsed since it was received at this Office, and as durring that period I have heard nothing from you on the subject, I conclude that the views of the Petitioners have not been brought under your notice.

King acquiesced in the necessity of postponing his decision upon the Act, in order to afford time for the arrival of the necessary explanations in this country. The measure does not on the face of it appear open to any reasonable objection, and long experience assures His Majesty of the wisdom by which the Enactments of the Legislature of the Province of Nova Scotia are habitually dictated. The King is therefore desirous to give to the Act for dividing the County of

validity.
"On the other hand, His arajesty cannot receive with indifference, any Petition from any class of His Provincial subjects seeking relief against a supposed grievance of the constitutional authority to arrest. However strong may be the presumption in favor of the views of the Council and Assembly, and therefore against those of the Petitioners His Majesty is unwilling to act upon a mere probability in a case of so much im-portance where exact and certain knowledge is atizinable.

"I am therefore to desire that you transmit to the Council and Assembly copies of the Despatch and of its enclosures, acquainting them that His Majesty desires to receive any explanation which it may appear to them necessary or convenient to give, or the subject of the complaints from the Inhabitants of Asnapolis, and apprising them that until those explana-tions have been received. His Majesty's decision on the Hahfax County division Bill will be suspended.

I have &c. (signed)
Major General, Sir C. Campbell, } GLENELG. &c. &c. &c.

FROM the manner in which we noticed the Currency Question in our last, our readers would suppose that the House of Assembly had decided on affording no remedy during the present Session, we were almost deceived into this belief ourselves from the way in which it was noticed in the Nova Scotian, but it now appears, that there were two Bills before the House, one called the Currency Bill, the other the Sterling Bill, it was the former which was lost. The latter has been passed, and sent to the Council, as will be seen by this day's paper, to go into operation on the 1st day of Aug. next, until which time, the British Coins are to pass at 25s. for the £ sterling. This Bill is report ed to be lost in the Council.

PELAS. - The Mexican Cruisers have captured two American vessels, bound to Texas with volunteers;and General Santa Anna was preparing to invade the country with an army of 10,000 men:-much fear is entertained for the safety of the Colonists.

WE are happy in being able this day to lay before our readers the report of the commissioners on the Poor Rato Question; it is a document which does much credit to the individuals who composed the Commission, and we sincerely hope that every Freeholder in the Township who read it, will come forward like honest mon to meet the emergency.

The credit of the township requires this at their hands, and in justice to the late overseers, and to the individuals who have suffered in consequence of their claims having been so long withheld no unnecessary delay should now be made in their liquidation.

THE Constitutional Association of Montreal, have addressed a circular to the other British N. A.
