THE CELEBRATED

F. A. WHITNEY

CARRIAGE COMPANY'S

BABY CARRIAGES

Their new Catalogue illustrates the finest line of Carriages ever offered. They make the largest number of Baby Carriages per annum of any firm in the world. All that ample capital and long experience can do towards perfecting their production is at the disposal of our patrons. Don't buy Carriages till you have seen our line. For very little more than you pay for inferior goods we can give you Carriages which any one can set up (they go together like clock work)—gearing that will run true, and upholstering in Plush and Spun Silk that will be a credit to the dealer and a pleasure to the purchaser.

BASE-BALL SUPPLIES.

We have the wholesale depot for Canada for SPALDING'S Base-Ball Supplies. Dealers will do well to place their orders early—1889 promises to be the greatest ball season yet.

Our Travellers are on the road with Spring Goods, and we are headquarters for all Out-Door Sports and Games.
