

COMMON SENSE IN MEDICINE.

(Montreal Star, January 5, 1881.)
 Dr. M. Souville, the Parisian physician and inventor of the Spirometer for the scientific treatment of diseases of the lungs and air passages, who recently took up his residence among us, seems to be meeting with excellent success. Already the doctor has had upwards of a hundred patients, who have given him a trial, and so far as we have learned, with both satisfaction and benefit. Doctor Souville makes a departure from the usual methods of treating diseases of the air passages. He contends that the proper mode of treating them is by inhalation and absorption, not by pouring drugs into the stomach, and thus upsetting and deranging one part of the system in the hope of benefiting another. This argument certainly has the advantage of being common sense, which is always the best course of action. The doctor certainly has the courage of his opinions and confidence in his course, for he gives a standing invitation to physicians and sufferers to visit him and test his instruments free of charge. His office is at 13 Phillips Square, Montreal.

It matters not how often your advisers tell you that diseases such as bronchitis, asthma and catarrh are incurable; read the following notices and judge for yourselves:

MONTREAL, January 13th, 1881.
 DEAR DOCTOR: I have great pleasure in making public my experience of the beneficial effects derived from the use of your Spirometer and remedies for the cure of Catarrh and Bronchitis, which I was afflicted with for several years; my health is now wonderfully improved since using your remedies.

Your truly,
 C. HILL,
 Dorchester Street,
 To Dr. M. Souville, 13 Phillips Square,
 Montreal.

MONTREAL, January 21st, 1881.
 MY DEAR SIR: I am very pleased to bear testimony to your mode of treating lung diseases. My wife, eleven years of age, has had various attacks of bronchitis. Last fall she had one of these attacks and was confined to the house for some weeks or eight weeks. After using one of your Spirometers, with the medicine accompanying it, I am very happy to say that within two weeks after commencing to use the instrument, she was quite better, and has been in very well ever since, now about two months.

I am, yours truly,
 R. L. GAULT,
 To Dr. M. Souville, Montreal.

MONTREAL, January, 1881.

DEAR SIR: I am very pleased to give you this testimony of the benefit I have received from the use of your instrument, the Spirometer, and the remedies accompanying it, for my disease. I have three years troubled with catarrh in the head, loss of voice and bronchitis, and I am happy to say that I am now quite cured, and have to thank you for it by the use of your Spirometer and remedies.

Yours respectfully,
 E. HILTON,
 Montreal.

REST AND COMFORT TO THE

"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle. [326]

MOTHERS! MOTHERS! MOTHERS!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle. [326]

DR. HARVEY'S ANTI-BILIOUS AND PURGATIVE PILLS, have been gotten up on SCIENTIFIC PRINCIPLES, and any one using them, at especially this season of the year, will find in them the best spring medicine obtainable.

CHILDREN WHO PICK THEIR NOSES are most generally afflicted with worms. How they get into their little stomachs, it may be difficult to know, but it is easy to get them out by using BROWN'S VERMIFUGE COMBINATION or Worm Lozenges. They are pleasant to take; children like them, but the worms don't. [344]

IMPORTANT TO MOTHERS. — MRS. WINSLOW'S SOOTHING SYRUP, for all diseases with which children are afflicted, is a certain remedy. It allays pain, softens the gums, reduces inflammation, sure to regulate the bowels, and cures wind colic. Depend upon it, mothers, it will relieve the little sufferer immediately. [344]

A TERRIBLE THING IS A PAIN IN THE SMALL OF THE BACK; it may come from disordered kidneys, from a cold or a wrench. But in all cases, BROWN'S HOUSEHOLD PANACEA and Family Liniment, well rubbed in, will afford instantaneous relief, and ultimately remove the cause of the trouble. [344]

Josh Billings remarks that "Those who are too proud to enquire what a thing costs when they buy it, are the first ones to find fault when they come to pay for it."

Too true, too true, Josh; our neighbor is troubled with some derangement of the stomach; it may be biliousness or dyspepsia; he calls in the aid of a doctor. Our neighbor is too proud to ask the probable cost of getting cured, and is treated for days, after which a large bill is sent in, and great growling and grumbling is the result. The doctor's bill need not be paid if Baxter's Mandrake Bitters are used. The result will be great joy and satisfaction.

HOLLOWAY'S PILLS.—The Greatest Wonder of Modern Times.—They correct bile, prevent flatulency, cleanse the liver, and purify the system, renovate the debilitated, strengthen the stomach, increase the appetite, invigorate the nerves, promote health, and restore the weak to an order of feeling never before expected. The sale of these Pills throughout the globe attests their efficacy, convincing the most sceptical that there is no medicine equal to Holloway's Pills for removing the complaints which are incidental to the human race. They are indeed a blessing to the afflicted, and a boon to those who suffer from any disorder, internal or external. Thousands of persons have testified that by their use alone they have been restored to health, after other remedies had proved unsuccessful.

THE TRUE WITNESS FOR 1881.

The True Witness has within the past year made an immense stride in circulation, and if the testimony of a large number of our subscribers is not too flattering it may also claim a stride in general improvement.

This is the age of general improvement and the True Witness will advance with it. Newspapers are starting up around us on all sides with more or less pretensions to public favor, some of them die in their tender infancy, some of them die of disease of the heart after a few years, while others, though the fewest in number, grow stronger as they advance in years and root themselves all the more firmly in public esteem, which in fact is their life. However, we may criticize Darwin's theory as applied to the species there is no doubt it holds good in newspaper enterprises, it is the fittest which survives. The True Witness has survived a generation of men all but two years, and it is now what we may term an established fact.

But we want to extend its usefulness and its circulation still further, and we want its friends to assist us if they believe this journal to be worth \$1.50 a year, and we think they do. We would like to impress upon their memories that the True Witness is without exception the cheapest paper of its class on this continent.

It was formerly two dollars per annum in the country and two dollars and a half in the city, but the present proprietors having taken charge of it in the hardest of times, and knowing that to many poor people a reduction of twenty or twenty-five per cent would mean something and not only enable the old subscribers to retain it but new ones to enroll themselves under the reduction, they have no reason to regret it. For what they lost one way they gained in another, and they assisted the introduction into Catholic families throughout Canada and the United States of a Catholic paper which would defend their religion and their rights.

The True Witness is too cheap to offer premiums or "chronos" as an inducement to subscribers, even if they believed in their efficacy. It goes simply on its merits as a journal, and it is for the people to judge whether they are right or wrong.

But as we have stated we want our circulation doubled in 1881, and all we can do to encourage our agents and the public generally is to promise them that, if our efforts are seconded by our friends, this paper will be still freer enlarged and improved during the coming year.

On receipt of \$1.50, the subscriber will be entitled to receive the True Witness from the 1st December, 1880, to the 31st December 1881 (thirteen months), including the one back number.

Any one sending us the names of 5 new subscribers, at one time, with the cash, (\$1.50 each) will receive one copy free and \$1.00 cash; or 10 new names, with the cash, one copy free and \$2.50.

All the above subscriptions are for the term ending December 31st, 1881 (13 months).

Our readers will oblige by informing their friends of the above very liberal inducements to subscribe for the True Witness.

We want active intelligent agents throughout Canada and the Northern and Western States of the Union, who can, by serving our interests, serve their own as well and add materially to their income without interfering with their legitimate business.

The True Witness will be mailed to clergymen, school teachers and postmasters at \$1.00 per annum in advance.

Parties getting up clubs are not obliged to confine themselves to any particular locality, but can work up their quota from different towns or districts; nor is it necessary to send all the names at once. They will fulfil all the conditions by forwarding the names and the amount until the club is completed. We have observed that our paper is, if possible, more popular with the ladies than with the other sex, and we appeal to the ladies, therefore, to use the gentle but irresistible pressure of which they are mistresses in our behalf on their husbands, fathers, brothers and sons, though for the matter of that we will take subscriptions from themselves and their sisters and cousins as well.

In conclusion, we thank those of our friends who have responded so promptly and so cheerfully to our call for amounts due, and request those of them who have not, to follow their example at once.

THE TRANSVAAL.
 DIFFICULTIES INCREASING—GENERAL RISING YEARED—THE CAPE GOVERNMENT IN DANGER.

LONDON, April 29.—A despatch from Durban says there are increasing difficulties in the Transvaal, and a general rising is feared. The majority for the Cape Ministry on the motion of non-confidence was so small that their resignation is probable or a dissolution of Parliament.

A despatch from Newcastle, Natal, says the Boers have refused to acknowledge the English Government at Middleburg and other places. An Englishman was brutally murdered by the Boers at Yokester River. Some of the garrison were ordered to concentrate at Pretoria.

A resolution has been passed by the Legislative Assembly of New South Wales, that the Government should, in every case where practicable, recognize eight hours as a standard day's labor for its own employees.

ERRE'S COCOA—GRATULATORY AND COMFORTING—
 "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected cocoa, Mr. Erre's provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist any tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette. Sold only in packets labelled—"JAMES ERRE & CO. Homoeopathic Chemists, London, England." Also makers of Erre's CHOCOLATE BERRIES for afternoon use.

TO PUBLIC SPEAKING.

Public speakers and singers who would possess a clear voice, freedom from hoarseness and sore throat should use Hargy's Pectoral Balsam, a safe, pleasant and certain healer for the throat and lungs; it speedily breaks up a cold and cures all pulmonary complaints, that so often lead to incurable Consumption. 38-2

SCIENTIFIC EXPLORERS.

LONDON, April 28.—Doctors Arthur and Aurel Krause, brothers, and Professors of Natural Science in Albertin College, are going to San Francisco, whence they depart on an exploring expedition to Behring Straits, under the auspices of the Bremen Geographical Society.

"Where have you been for a week back?" enquired a man of his neighbor; "I have not a week back," retorted he, "you misunderstood me," remarked his friend; "but if you over get a weak back try Burdock Blood Bitters. It cures all debility arising from disordered Kidneys, Liver or Blood, and is the best purifying Tonic in the world. All medicine dealers supply Sample Bottles at 10 Cents, Regular size \$1.00. 38-2

The largest steamship cylinder in the world was cast in New York yesterday. Nearly 100,000 pounds of iron was used for the casting. The cylinder is nine feet two inches diameter with 14 feet stroke, and is intended for a new steamer to run off Long Island Sound.

A REAL NECESSITY.—No house should be without a bottle of Hargy's YELLOW OIL, in case of accident. There is no preparation offered to suffering humanity that has made so many permanent cures, or relieved so much pain and misery. It is called by some the Good Samaritan, by others the Cure-all, and by the afflicted an Angel of Mercy. 38-2

Dr. Kidd, who was Lord Beaconsfield's regular physician, has the largest regular practice in London, and is an eclectic. With the exception of this gentleman it is a curious circumstance that all around the bedside of the dying ex-Premier—Dr. Quain, Lord Berrington, Lord Rowton, James McClelland, his servant and the two nurses—were Irish, "the sentimental and self-sacrificing race," as he has styled them.

The Liver, the Skin, the Kidneys and the Bowels, are the natural cleansers of the system; secure their healthy action by nature's grand remedy, Burdock Blood Bitters. It cures Scrofula—It cures Liver Complaint—It cures Dyspepsia—It cures Female Complaints and purifies the Blood while it restores strength and vitality to the shattered system. Trial Bottles 10 Cents. 38-2

G. T. R. MEETING IN LONDON.

FUSION WITH THE G. W. R. DECLINED.
 LONDON, April 28.—A Grand Trunk meeting was held to-day. Sir Henry Tyler, Chairman, considered that the carefully prepared statistics of the Company showed conclusively its satisfactory position. The report was unanimously adopted. The Board of Directors came to the resolution that as long as the Great Western is bound by the agreement which it proposes to make with the Wabash and St. Louis and Pacific, it is better for the Grand Trunk in its own interests to decline to consider any arrangement for a fusion with the Great Western.

All forms of Nervous Debility so commonly prevalent yield to the vitalizing powers of Burdock Blood Bitters. It is the best regulator of the Liver, Bowels and Kidneys; the most perfect Blood Purifier and permanent Tonic known. Purely vegetable, safe and pleasant to take, and unfailing in its effects as a health restorative.—Sample bottles 10 Cents. 38-2

Bishop Borgess, Roman Catholic, of Detroit, has issued a pastoral forbidding the Catholics of his diocese to originate or participate in pic-nic excursions, or the holding of fairs for the benefit of churches, schools or charitable institutions without his approval.

LUBY'S

A lady, an actress, who took great pride in her magnificent chevelure, found it suddenly turning grey. She was disconsolate, but fortunately found out in time the virtues of a certain remedy which made the Grey Hair disappear as if by magic, and beside served as a rich perfume. The remedy was LUBY'S PARISIAN HAIR RENEWER. Sold by all druggists.

FOR

Semiramis, the celebrated Assyrian Queen had hair which was the envy of her subjects: It continued beautiful, flowing and glossy to the end of her life never as much as a grey hair daring to peep through it. It is probable she was acquainted with some remedy afterwards lost; but we have LUBY'S PARISIAN HAIR RENEWER. Sold by all chemists.

THE

On the Montreal Exchange one broker remarked to another: "Why, look, Blank has grey hair!" Blank who is a young man and somewhat of a beau, fell annoyed at the fact of having his grey hairs discovered, but went immediately and procured a bottle of LUBY'S PARISIAN HAIR RENEWER for fifty cents. The result was amazing. It is sold by all chemists.

HAIR!

How common and at the same time how painful it is to see young people prematurely bald or prematurely grey. It is a source of humiliation to those deficient of hair and a source of anxiety to their friends. The question is, how can these things be remedied? We answer by using LUBY'S PARISIAN HAIR RENEWER. Sold by all chemists.
