

STATEMENT OF INTERNATIONAL MONETARY UNDERTAKINGS

1. We accept a joint responsibility to work for greater stability of the world monetary system. We recognize that this rests primarily on convergence of policies designed to achieve lower inflation, higher employment and renewed economic growth ; and thus to maintain the internal and external values of our currencies. We are determined to discharge this obligation in close collaboration with all interested countries and monetary institutions.

2. We attach major importance to the role of the IMF as a monetary authority and we will give it our full support in its efforts to foster stability.

3. We are ready to strengthen our cooperation with the IMF in its work of surveillance ; and to develop this on a multilateral basis taking into account particularly the currencies constituting the SDR.

4. We rule out the use of our exchange rates to gain unfair competitive advantages.

5. We are ready, if necessary, to use intervention in exchange markets to counter disorderly conditions, as provided for under Article IV of the IMF articles of agreement.

6. Those of us who are members of the EMS consider that these undertakings are complementary to the obligations of stability which they have already undertaken in that framework.

7. We are all convinced that greater monetary stability will assist freer flows of goods, services and capital. We are determined to see that greater monetary stability and freer flows of trade and capital reinforce one another in the interest of economic growth and employment.
