

the total amount of ^{\$}1200 I shall be in a nasty hole - for my trip across cost me ^{\$}200 (and more). Then the University asked fees amounting to another ^{\$}40. That would leave me with about \$80 per month stipend on the scholarship - much less, indeed, for there are library and Laboratory fees and a list of smaller incidental expenses. \$75 per month would be a nearer estimate. Will you please look into this matter and see if some equitable adjustment can be made? I was perfectly satisfied with the ^{\$}250 plus ^{\$}50 arrangement, which I understood was in force at the time of my acceptance. —

My work is progressing splendidly. Because the Frerking Centre seemed to have no particular teaching place for
