GREAT DAMAGE TO CORN CROP CERTAIN

Price Rises to Highest Point of Season-Wheat Also Shows Gains.

CHICAGO, August 1 .- Broadening of speculative buying swept corn prices today to the highest point of the season. Staggering crop damage unisputed and further injury certain if and rains do not soon come, gave the purchasing market extraordinary force. The market closed firm at an advance of 13-4 to 21-4 cents over last night. Other leading staples, too, all showed net gains, wheat 1 to 13-8 cents, oats 1 to 11-4 cents and provisions 10 to

27 1-2 cents. Excitement attending the trade in corn manifested itself at the first tap of the bell. City and country alike rushed to the buying side. Many dealers who sold yesterday, were buying today, and there was a notable increase of investment orders from the southwest. The official forecast of continued dry weather tonight and to-

norrow was largely responsible. age actual and prospective that Missouri River cities were today selling corn to ship into Kansas, ordinarily a banner state in the raising of corn. It was also stated that St. Louis merchants were acquiring corn from farmers within sixty miles of Chicago, for southwest shipment up to February next. Omaha reported a sharp demand for corn to go south to sections where the new crop was said to be suffering. Despite heavy profit taking by holders of corn, prices at no time underwent any important reaction. On the contrary not a few enthusiasts near the close were talking of the possibility of a further rise to the rarely equaled height of 70 cents a bushel. been brought about by the crop dam-

wheat ascended with corn, influenced by assertions that farmers would hold wheat for feed, as being cheaper and more available than corn for the purpose. Good export call was also effective against the bears.

Oats displayed buoyancy in the absence of selling pressure. As in corn most of the offerings were to take profits with sellers frequently reinstating when the farket failed to weaken.

LIVERPOOL, Aug. 1.—The easy Ameri LIVERPOOL, Aug. 1.—The easy American cables yesterday and favorable American crop reports were offset here by the talk of light world's shipments again this week, and the opening, shorts covered, and a further advance was noted, with undertone firm. There was a better demand from the continent, and, altho harvesting is well under way thrucut Europe, still offerings of new wheat are light. There is an increased demand for Australian and American grades, and spot prices for these were notably higher. India holders remain firm. There is free covering and some speculative buying over the approaching holldays.

FORTY THOUSAND MEN RE-Farm Laborers' Excursions — This Year's Wheat Crop Will Be the Largest in the History of Canada.

Largest in the History of Canada.

The wheat crop of 1912 will be the greatest ever harvested in Manitoba, Saskatchewan and Alberta, thus requiring the farm laborers of the East to recruit and assist in harvesting the world's greatest bread basket.

The governments of the respective provinces state that forty thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing labor promptly. The Canadian Pacific, on which company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route.

HAVE YOU A WEAK STOMACH?

pain or an uneasy sensation in the stomach, with gas and beiching, with Constipation and a half-dead feeling, you can get no enjoy: ent out of business or pleasure. You need not suffer this way. My Electric Belt will cure you. As soon as you put it on you will find relief and by using 't regularly for some time you will be entirely cured. Life will again become a pleasure instead of a burden. I have any number of genuine testimonials from those who have been cured of this distressing malady. Read the following letter and you will then have no reason to doubt that Electricity, properly applied, can also cure you.

INDIGESTION CURED.

O'Sullivan's Corners, Ont., Aug. 12, 1912. Dr. McLaughlin:—
Dear Sir.—After giving your Belt a fair trial I am very well satisfied with the result. I can eat, sleep and work as well as I ever did. I have not worn the Belt for six weeks now and have had no sign of Indigestion since laying the Belt away. I would gladly recommend your wonderful Belt to anyone who suffers as I did. You have my permission to use this statement in any way, if it will be of any benefit to you and mankind.

Yours very truly, W. H. HEADLEY.

Dr. McLaughlin's Electric Belt

will cure all these weaknesses of men. It will make the nerves strong, the eyes bright, and will fill the body with that fire, that vim, that snap which denotes perfect youthful manhood.

No pain or debility can exist where the body is full of electricity, for this is the source of vitality of manhood and womanhood. Twenty-six years I have spent in developing the best means of curative electricity. I know every pain and weakness that man is subject to, and have so succeeded in my remedy as to bring perfect health and strength to all those using my marvellous treatment. Men exposed to rough weather, hard work, mentally and physically or overtaxing vital forces, are quickly and lastingly cured by my method. Many suffer from a breaking down of vitality, which never yields to medicines. My Belt restores this energy.

Every man would like to be happy and make others happy. There's a lot of the "Good Samaritan" about every man, but he can't radiate much happiness, and sunshine if he suffers from pain or weakness.

If you are suffering from Dyspepsia, Rheumatism, Lame Back, Insomnia (Sleeplessness); if your Blood Circulation is bad; if you lack Energy and Courage; if Manhood's power is below the proper standard; if you suffer from Headaches, Nervous Debility, and of those manifold evils that result from dissipation—exercise—overwork and worry, make up your mind that some of the organs of your body, some of the bodily firetions are weak in action; your symmetric lacks NERVE POWER—ELIGUTHICITY. That is my doctrine, and it's sound, for it's founded upon Scientific Fact.

It's as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle heat from it constantly, but no sting, no burning, as in old-style belts.
