TAMMANY FORCES ARE ROUTED MITCHEL IS MAYOR BY 95,000 FUSIONISTS SWEEP NEW YORK

Defeat of Tammany Organization Most Crushing in History—Mitchel's Lieutenants Carried to Victory on Popular Reform Wave—Murphy and McCall Accept the Verdict Calmly.

NEW YORK, Nov. 4.—(Can. Press.)—Fusion carried New York City today, electing John Purroy Mitchel mayor by approximately 95,000 plurality, and retaining control of the important board of estimates by an overwhelming majority.

Tammany Hall saw its nominee for the mayoralty, Edward E. McCall, go down to defeat by one of the biggest pluralities ever given against a candidate of the organization, and it looked near midnight as if it might not even save the New York County offices out of the wreckage.

All Along the Line. The election of Mitchel by a sweeping majority was early apparent, but not until nearly two-thirds of the returns were in was the success of Mitchel and Frendergrast assured. With figures at hand from something less than seven-eighths of the election districts in the greater city, however, Frendergrast had a lead of more than 10,000 over Herman A. Metz, Tammany, for comptroller, and the Tammany leaders conceded the former's re-election together with the election of Mr. McManey, who had piled up a lead of approximately 35,000 over Joseph A. Goulden, his Tammany opponent, in almost the same number of districts.

Small Solace. Apparently, with the exception of assemblymen in the districts which usually go Democratic, and minor offices in some of the boroughs of the opposition, for borough president of Queens, the Fusionists elected borough president in Brooklyn, the Bronx and Richmond and apparently have pulled their candidate for president of the borough of Manhattan, Marcus M. Marks, by a small plurality over Dr. Thomas S. Darlington of Tammany.

In the sixth assembly district, William Sulzer, recently deposed as governor, was elected on the Progressive ticket.

Tammany leaders early conceded the election of Mitchel, but it was not until nearly 11 o'clock that they would

(Continued on Page 3, Column 2)

Elections in United States

Governors Elected

MASSACHUSETTS—Walsh (Dem.)
VIRGINIA—Henry C. Stuart (Dem.)
NEW JERSEY—James F. Fielder (Dem.), probably elected.

Mayors Elected

NEW YORK—John Purroy Mitchel (Fusion candidate), and entire ticket.
BUFFALO—Louis Fuhrman (Dem.), re-elected.
JOHNSTOWN, N.Y.—Judge Clarence Smith (Prog.).
AUBURN, N.Y.—Charles Brylaw (Prog.).
TROY, N.Y.—Cornelius Burns (Dem.), re-elected.
INDIANAPOLIS, Ind.—Joseph E. Bell (Dem.).
ELMIRA, N.Y.—H. N. Hoffman (Fusion).
SYRACUSE—Louis Will (Prog.).
CINCINNATI—Judge Spiegel (Republican).

DEMOCRATS SWEEP BAY STATE RESULT CLOSE IN NEW JERSEY

Republicans Appear to Have Carried New York Assembly and Stokes Gave Fielder Hard Battle for New Jersey Governorship—Foss Defeated for Re-Election in Massachusetts.

NEW YORK, Nov. 4.—(Can. Press.)—Election returns at a late hour tonight showed a complete triumph for the Democrats in Massachusetts, where a governor and state ticket were chosen in a four-cornered fight, the selection of Democratic governor and state ticket in Virginia without contest, the ascendancy of Fusion over Tammany in New York City with indications of Republican victory for the New York assembly and judicial ticket, and a close fight for the state ticket in New Jersey, where President Wilson and administration forces fought to elect James F. Fielder to the governorship.

In Massachusetts David L. Walsh, Democrat, present lieutenant-governor, was elected by a plurality of about 50,000 over Augustus F. Gardner, Republican; Charles S. Britt, Progressive, and Gov. Eugene N. Fox, Independent. Henry C. Stuart was chosen governor of Virginia, together with an entire state ticket. Republicans and Progressives having declined to name candidates because of inability to agree on a united ticket.

Hot Fight in New Jersey. Returns from New Jersey were delayed, the Democratic leaders claimed a safe plurality for James F. Fielder, Republican, and Everett Colby, Progressive, and Charles S. Britt, Republican, and Gov. Eugene N. Fox, Independent.

WIDESPREAD METHODIST AGITATION OVER BOOK ROOM BUILDING DEAL; AFFECTS WIDOWS' AND ORPHANS' FUND

Call Issued for Meeting in Toronto of General Conference Committee, Which Has Full Power to Deal With All "Unforeseen" Issues.

Rev. Dr. Carman and Rev. Dr. Chown, general superintendents of the Methodist Church, have issued a call for the general conference special committee to meet in Toronto on Wednesday morning, Jan. 7, 1914, at the Wesley buildings, Richmond street.

One of the biggest questions before the special committee will be the book room-Beverly House site, million dollar building-bungle.

The committee has all the powers of the general conference. Its jurisdiction is very extensive and comprehensive. They are technically defined as follows: "This committee shall, from one general conference to another, watch over and guard all the rights and privileges of our church throughout the connexion, promote so far as possible the recommendations of the general conference, consider and decide upon any measure which may seem necessary for the general interests of the church, and could not have been foreseen at the meeting of the general conference, and adopt such measures for their accomplishment as it may judge expedient. The said committee shall report to the general conference."

ENDURED AGONY ALONE IN BUSH

W. Milton Paddled Canoe to Railway With Two Fingers Shot Off His Right Hand.

Practically without medical attention, W. Milton, a prominent Torontoan, living at stop 15, Kingston road, travelled for thirty hours, covering in that time nearly 400 miles, with two fingers shot off his right hand. In spite of his injured hand, Mr. Milton had to paddle miles in a canoe to a railroad line.

SWAYING STREET CAR THREW MAN TO CURB

Italian, Whose Address is Unknown, Died as Result of Fall.

Standing on the back of a College street car, Havros Cakarchi, an Italian of unknown address, was thrown to the pavement by the swaying of the car between Eglar and Palmerston avenues on College street, and injured so severely that he died in the Western Hospital at 7 o'clock last night. No one saw the accident, and just what the man was doing when he fell is not known. He was picked up unconscious and conveyed to the residence of Dr. Woods on College street, where he received attention and a few minutes afterwards was removed to the Western Hospital.

His body was conveyed to the morgue where an inquest will be opened by Dr. Sulzer at noon today.

JAMES SIMPSON ENDORSED

A resolution endorsing the candidature of James Simpson for the board of control in the approaching municipal elections was unanimously carried by the members of the International Painters, Local No. 3, at a special meeting held last night in the Labor Temple.

INSPECTION OF ALL FACTORIES CHILDREN PLAY ALONG TRACKS

Dr. Hastings at New Year's Will Commence New and Thoro System to Prevent Disease.

With the beginning of the new year a system of factory inspection is to be inaugurated under the Toronto Medical Health Department that will be far ahead of anything yet done by any other community in the Dominion.

Announcement of this was made before the Canadian Business Women's Club last night in University School building by Dr. Hastings, chief medical officer of Toronto, in an address on "Industrial Disease and Industrial Hygiene."

The medical inspection of factories to be inaugurated by Dr. Hastings is to include the following:

Prevention of the spread of tuberculosis and other infectious diseases among minors and adults in factories, consequent upon regular inspection of the employees.

Discovery of the ill-health or physical unfitness of minors in factories; notification for minors' parents of conditions of ill-health found, with instructions to consult their family physicians.

Education of minors of unhygienic occupational influences or irritating poisonous dusts and gases from contact with which the health of the minor may suffer.

The study of the effects upon health of the occupation of persons dismissed from hospitals for consumptives; prevention of health of adults and minors associated with such persons.

Tracing of communicable diseases in factories during an epidemic.

Regulation of temperatures in factories.

Provision for an adequate supply of pure drinking water.

Carelessness of Grand Trunk Scored by Woman Who Has Seen Twenty-Eight Accidents.

A story which showed the startling and dangerous conditions that exist in the vicinity of the Lansdowne avenue subway, was told by Mrs. Stanton, a witness in the inquest into the death of Albert Deroche, the 5-year-old child who was run over by a C. P. R. gravel train and instantly killed a few days ago.

Mrs. Stanton, who has lived in that neighborhood for the past 40 years, told how the accident happened. The little boy was standing on a pile of gravel between two tracks, while a train was passing. The gravel gave way and the boy slipped under the train, the wheels crushing his body.

It was shown that the accident, as far as the treatment were concerned, was purely accidental.

Mrs. Stanton stated that on the north or Grand Trunk side of the right of way at this point, there was nothing to keep people off the right of way, and, as a result, the tracks had become a playground for children.

The boys had built caves on the tracks, she said, in which they installed rough furniture and cooking utensils, and there they had roasted several chickens and pigeons stolen from her henhouse. She had often taken a stick and endeavored to chase the youngsters off the tracks, but they only laughed at her and returned the moment she had gone.

It was in one of these caves that the young Kelly boy was shot some time ago. Perhaps once in two weeks she would see a man chasing the boys off the track, but nothing further was done and the children always returned to their "playground" immediately after his departure. She did not know whether these men were railroad detectives or city plainclothesmen.

She stated that the C. P. R. had built a high board fence along their side of the right of way, which prevented the children from trespassing. On the north side there is practically no protection, as the old fence is badly out of repair. It was her opinion that if this fence had been in good condition the dead child would not have been able to get on the tracks.

Mrs. Stanton has seen 28 fatalities between the Parkdale and the Dundas street bridges, and she has testified at almost as many inquests. Her story was corroborated by other witnesses.

The jury found that the boy would not have been killed if the north side of the G. T. R. tracks had been adequately protected, and suggested that the matter of fence of protection be placed before the proper authorities for investigation. Coroner Graham conducted the inquest.

FOUND UNCONSCIOUS IN ELEVATOR SHAFT

John Laing Died Few Hours Later, Doctors Say of Apoplexy.

Lying at the bottom of an elevator shaft at 469 West King street, John Laing, 7 Oxley street, an elevator operator, was found unconscious by employees in the building at 4 o'clock yesterday afternoon. He was removed to the General Hospital in the police ambulance, where he died at 8 o'clock.

According to the doctors at the hospital the cause of the man's death was apoplexy. It is believed that he was seized with apoplexy which caused his fall to the bottom of the shaft, where he was found. His body was removed to the morgue, where an inquest will be held.

SULZER DECLARES HIS HONOR IS VINDICATED

People Have Reversed Judgment of Murphy's "High Court of Infamy," by Electing Him to Assembly—Progressive Supporters Are Elated Over Victory.

NEW YORK, Nov. 4.—(Can. Press.)—William Sulzer, ousted from the governorship of New York recently, was elected to the state assembly today from the sixth district. The vote was unexpectedly close, but both Democrats and Republicans concede his election. He ran on the Progressive ticket.

There was jubilation unbounded in the former governor's headquarters as the count began to record his victory. Sulzer himself was all smiles. He regarded his triumph as a personal vindication, he said, and issued a statement thanking his supporters and scoring Charles F. Murphy, leader of Tammany Hall, who he declared, was condemned by the vote that gave the district William Sulzer as its representative at Albany.

"The people of the sixth assembly district," said Sulzer in his statement, "think better of me than of Mr. Murphy. They know why Mr. Murphy removed me from the governorship; they know when Mr. Murphy asked me to do wrong I refused to do wrong; they know when Mr. Murphy tried to bribe me I refused to be bribed; they know when Mr. Murphy threatened me I defied his threats. The voters now have condemned Mr. Murphy, reversed the judgment of his high court of infamy and vindicated me by the verdict of the polls, which in the last analysis is the opinion of mankind."

People Reversed Judgment. "From Mr. Murphy's high court of infamy I appealed to the higher court of public opinion," Mr. Sulzer says that there was no appeal from his court, but Mr. Murphy was mistaken; and he knows now that the judgment of the people can reverse the judgment of any court.

Sulzer made his fight for election to the assembly on the lines of the statement at issued tonight. His canvass was a whirlwind affair, demonstrative crowds greeting him wherever he spoke. He rarely went outside of his district, but his speeches within that territory were directed as much at the Tammany organization in its city-wide and state bearings as to an appeal to his immediate constituents.

MEXICAN REBELS NEED ONLY ARMS

Intervention by United States Would Be Grave Mistake, Declaration of Leader.

NOGALES, Sonora, Nov. 4.—(Can. Press.)—Gen. Venustiano Carranza, head of the Mexican constitutionalists' revolutionary movement, asked Dr. Henry Allen Tupper of the International Peace Forum tonight to telegraph Secretary of State Bryan and learn if the reported American communication to Huerta indicated an intention to intervene with arms in Mexico.

The first chief of the constitutionalists also decried Dr. Tupper to express to Mr. Bryan his belief that armed intervention would be a grave mistake and uncalled for, since the constitutionalists were convinced that with the privilege of freely importing arms and war munitions they would be able to overthrow the Huerta regime in a short time. On the other hand, Gen. Carranza said it would require years for the United States to pacify Mexico.

To his original request, presented Sunday to the officials at Washington, Gen. Carranza added another tonight. He not only desires the embargo on the export of arms to Mexico lifted, but wants the privilege of transporting his soldiers over American territory.

Dinsen's Great Fur Sale. In another part of this paper you will find an important announcement from the old established Dinsen Company, 140 Yonge street. There have never been such remarkable fur values offered at this season, and it is certainly now that these conspicuous price concessions will be appreciated. The sustained cold weather will be here shortly and it would be wise to make a selection while stocks are complete and prices so much reduced.

A Famous Stage Beauty. Pauline Frederick, who plays the part of Zuleika Potiphar's wife, in "Joseph and His Brethren," which will be at the Princess Theatre next week, is said to be the most beautiful woman in America.

STILL CROWDING.
