

And spur the living into giving  
Zeal for righteous Victories.

Heroic deeds! our Nation heeds,  
And gives them glory everywhere.  
They do the part that proves the heart  
Is true, on land, in sea or air.

Heroic deeds! like precious seeds  
That scattered in the warrior's tombs,  
Will ever cry, to God on high,  
That Peace may grow from sorrows' wounds.

Heroic deeds! a trait that leads  
Our soldiers on to Victory,  
Until at last we nail him fast:  
That enemy of Liberty!

Heroic deeds! are what impedes  
The progress of that enemy;  
And when to win in shelving sin,  
True tact permits some strategy.

Heroic deeds! like leaven kneads  
And stimulates to Victory.  
True germs once sown, are ne'er outgrown.  
They live to see eternity.

Heroic deeds! sometimes exceed  
Our expectation to achieve;  
But should they fail to hit the trail,  
We like the Master, still believe.

Heroic deeds! correctly heads  
And gets true aim upon the foe.
