

# Famous Hotels

WE are ever alert and watchful for the welfare of ladies and children who may be travelling without male escort; and we pay most particular attention to the comfort of the kiddies in our Dining-Rooms.

We know that the kiddies lose their appetites when travelling, because we have kiddies of our own, and no request of the parent is any annoyance to us when the welfare of the kiddies is at stake.

We are specialists in this business. We operate in a big way, and want you to let us take care of you and make you comfortable, as we know how to do.

## *The Carls-Rite*

*"The House of Comfort"*

Comfort is an outstanding feature in every part of this Hotel, but throughout this great Province of ours and throughout this great Canada of ours there are few of us who can complain. "Gee, but comfort is a great thing."
