WALL STREET.

New York, Oct. 20—Wall Street, 10:30 a.m.—Declines of from 1 to 6½ points measured the heaviness of the stock market in the first half hour of today's trading. Olls, notably Mexican Petroleum, were the weakest feature, being closely pressed, however, by rails, tobaccos and some of the leading industrials, including United States Steel, on which dividend action is to be taken after the close of today's market. Coppers opened with a show of strength, also shippings and low-priced coalers, but gains in those issues were not retained.
