FORT ERIE, July 15.—(Special).— A writ for an injunction to restrain he operation of the bar license at the Fort Erie race track has been secured by P. E. Miller of Berti Township. The application will be heard at Osgoode Hall next week. It is argued that the license is a tavern, not a club, license and that no attempt is made to ac-commodate the general public as required by law. The supposition is that the temperance forces are behind the application.

Tariff Receipts Expand.

Customs receipts at the port of Toronto are growing at a stupendous rate. For the first 15 days of July the collections were \$300,000 in excess of the amount collected in the same period ast year. It is estimated that the increase for the first six months of this year when totaled up will be found to exceed the first six months of 1908 by at least \$1,000,000.

Mr. Garland Sends Open Letter-Great Interest in North Toronto Voting.

NORTH TORONTO, July 15.—(Spe-lai).—No public matter of recent years has aroused a fraction of the interest which to-day attaches to the vote of Saturday next, when the sewerage and parallel roads bylaws come up for final disposal by the ratepayers at the

The open letters of Ex-Mayor John Fisher and Nicholas Garland, each of whom has had a long and honorable connection with the town, will go far toward reassuring those who had not previously decided to support the two measures.

The accompanying letter of Mr. Warren is dictated largely by personal considerations, and applies wholly to the parallel roads matter, and is not intended to reflect on the sewerage question.

Now that a large number of leading townsmen have signified their hearty approval of the bylaws, it is hoped approval of the bylaws, it is hoped approval of the large and representative vote to 8 p.m. An admission fee of 26 cents.

John Fisher, ex-mayor of North To-ronto, has written an open letter to the citizens of North Toronto, in which he urges that the two bylaws to be voted on July 17 should be carried. The letter is as follows:

To the Citizens of North Toronto:

As a very old resident and ratepayer of the town I take the liberty
of writing to you with regard to the
important vote which is to be taken
next Saturday, the 17th of July, on the
bylaw for the purposes of establishing
a sewage system and the opening up
of roads parallel to our main thorofare, Yonge-street.

With regard to the first question,
you are aware of the tremendous increase in our population and that it
is absolutely necessary on sanitary
grounds that a sewage system be
adopted, otherwise our town would be
subject to various diseases resulting
in costs and expenses far exceeding
the cost of the sewers, leaving out other considerations of health and comfort.

You are no doubt aware of the
tready inverses in the price of land in
least the streets which were on the misrepresentations made by the chairman
of the parallel roads committee in the
report of an interview which appeared
in The Toronto World of July 13. The
facts of the case are these: Ten years
ago my brothers and myself came to
Eglinton and purchased three acres of
land, intending to make a home for our
selves. We knew nothing about a
special assessment on five-acre lots until our attention was drawn to it by
some then members of the town council, and we then purchased two acres
more, making a five-acre lot. Before
making any improvements we secured
a map of the town and found that a
street ran thru the property we acquired, and we asked the council if
there were any likelihood of the property being split up at a later date. We
were informed that there was not, un-

be a fair proposition.
Mr. Whaley, in his estimate for the property thru which the proposed road is to pass on the south side of Woodward-avenue, 800 feet further east from the piece I offered the town at \$4 a places the cost at \$11 a foot. Does this look like speculation on my part? I would invite Councillor Howe, or any Persian Cossacks and the Nationalists. The insurgants continue in the ascendancy. The shah will probably hold out until the Nationalist guns are trained on his palace. The fighting to-day centred around the British legation.
