KING REGIME FIRMLY SET UP, SAYS GUTHRIE

Opposition Will Not Seek to
Hold Up Meritorious
Bills

MONTREAL, Oct. 20.—Canada's urban representation is not large enough, and the rural population is unduly represented in parliament, in the opinion of Hon. Hugh Guthrie, House leader of the Conservative party, who addressed the Montreal Conservative Club here today.

He characterized this as anomalous, and attributed to this the fact that the Conservatives, although polling 115,000 more votes than the Liberals, have come out as under-dog at the recent federal elections.

He emphasized, however, that the King government with a strong combination majority, is firmly established, and that it is not going to be the policy of the opposition in the course of the next session to seek to hinder or delay meritorious legislation, merely for the sake of opposition.

"I will repeat that I told the delegation which appointed me House leader at Ottawa recently," said Hon. Mr. Guthrie, after being introduced by General J. G. Ross. "I said that some men are born great, some achieve greatness, and some have greatness thrust upon them. I belong to the last category, and I attribute the great honor to the fact, that with the exception of Hon. Mr. Lemieux, I am the longest continuous sitting member of parliament at the present time."

SOMETHING UNFAIR.

"There is manifestly something unfair and anomalous about this situation. Our urban representation is not large enough and our rural population is unduly represented. I am not a believer in proportional representation, but there should be a remedy for this unnatural state of affairs. We should have almost one-half the representation in the House. We must, however, recognize the fact that the majority of the voters have chosen Mr. King. He will have a fair field. We will allow him no favors, of course. It will be our duty to examine, to scrutinize and to criticize, but we should seek to hinder or delay simply for the sake of opposition."

LONDON, Oct. 21.—It is understood the government intends dropping the postmark advertising scheme which has aroused strong opposition from the large advertisers throughout the country, or limiting the advertising to such slogans as "Buy British goods."

UNITY PLEADED FOR IN CIVIL SERVICE

Make Employment Career
and Not Job, Declares
Major M'Keand

Canadian Press Despatch.

OTTAWA, Oct. 20.—A plea for unity amongst the organizations of the public service of Canada to make employment in the civil service a career and not a job, was stressed by Major D. L. McKeand, M. C., of Ottawa, president of the Civil Service Federation of Canada, in opening the 12th convention of the association in the House of Commons today before 39 civil servants representing the service from coast to coast.

The convention, the first held since December, 1922, was replete with enthusiasm. It will discuss Whitley councils, salary revision, superannuation, and other major public service problems. A committee of committees, headed by T. H. Burns, of Ottawa, will represent the sentiment of the association on these important items so that they may be presented to the government during the coming session.

The delegates will meet Acting Premier Robt tomorrow or Friday, and will also meet the Civil Service Commissioners at luncheon tomorrow to discuss affairs affecting the average civil servant.

BRITAIN IS STIRRED BY HERTZOG SPEECH

South African Claim For
Equal Status Marked
by Papers

By GEORGE HAMBLETON

Canadian Press Despatch.

LONDON, Oct. 20.—There is some comment in the morning papers here in the news columns, but not in the editorials, on Premier Hertzog's frank statement at the Imperial Conference yesterday that South Africa has not implied faith in her full, free nationhood being established on an equal basis with every other member of the British Commonwealth, but would possess implicit faith the moment her independent national status ceased to be a matter of dispute and she became internationally recognized.

The London papers evidently are reserving their editorial references for a later period, when the matter comes up in the conference.

While there is practically no editorial mention of Premier Hertzog's

PORTRAITS ARE UNVEILED AT MOUNT ALLISON

Students and Alumni Honor
Founder and Three Former
Presidents

SACKVILLE, Oct. 20.—An impressive service in commemoration of Founders' Day at Mount Allison was held today in Charles Fawcett Memorial Hall, a procession consisting of the regents, relatives of the founder, professors, alumni, visitors and students marching from the campus to the hall. Senator F. B. Black presided and with him on the platform were the faculty of Mount Allison University and visitors, including Dr. and Mrs. B. C. Borden.

Dr. Richard Roberts, of Montreal, gave an eloquent address in praise of the founder, Charles F. Allison, and inspiring music was rendered by the choral class under direction of Miss Hessel.

FORMER PRESIDENTS

An interesting feature this year was the unveiling of portraits of Dr. David Allison, Dr. James R. Inch and Dr. B. C. Borden, former presidents of Mount Allison University. The portrait of Dr. Allison was unveiled by Mrs. Allison; that of Dr. Inch by his granddaughter, Miss Dorothy Hinton, and Mrs. B. C. Borden had the pleasure of unveiling her husband's portrait as he stood by with smiling countenance.

During the service Rev. Dr. W. H. Hertzog, Amherst, led in responsive prayer and Rev. W. B. Rosborough, Amherst, led in responsive scripture reading. "Te Deum" and an anthem (A Joyous Hymn) were beautifully rendered by the choral class.

SPRAYS ON GRAVE

At the close of the service the procession formed again and marched to the cemetery, where sprays of evergreen were dropped upon the grave of the founder.

METAL CITY.

NEW BRUNSWICK, N. S., Oct. 21.—This is a metal-covered city. Sparks from chimneys have little chance of doing harm. Ninety-five per cent. of the roofs are of sheet steel. A fire chief 30 years ago began outlawing wood and gradually the city has become almost fireproof.

speech in today's papers, the news columns give prominence to it. The Daily News heads its reports thus: "Hertzog's surprise: 'Empire conference disruption.' 'What South Africa wants—full recognition of independence.'"

The Daily Express speaks of "South Africa's blunt claim."

St. Jude's Won The West End Softball

In answer to a correspondent regarding the winner of the West Side Softball League this year, it is reported that the St. Jude's were declared winners. They were to meet the Vets in a series of three games for the title and the cup presented by J. G. Ryan, but, after winning the first game, St. Jude's showed up one night for the second game and their opponents were not on hand. The season is getting late, and it is likely St. Jude's will be handed over the cup, as it was no fault of theirs that the second game was not played.
