There was a very helpful program at the general meeting of the members of the Women's Missionary Society of all the local churches in the Methodist section of the United Church of Canada held in afternoon and evening sessions in the Queen Square church yesterday. Mrs. P. T. Bertram, president of the united societies, was in the chair. The Bible reading was conducted by Mrs. A. Lingley and prayer was offered by Mrs. H. A. Goodwin. Mrs. C. P. Miss Myles pointed out all of the mission stations of the United Church in the world.

The opening devotions of the afternoon session were led by Rev. H. C. Rice, pastor of the Queen Square church. Mrs. R. G. Fulton read a message from the president of the Women's Missionary Society of the United Church of Canada. Mrs. W. Barker led in an exercise entitled

Self-Poisoning Increasingly Common
Modern Living Habits Promote Self-Poisoning—Thousands are Victims

The average man or woman does not enjoy consistent good health. Loss of appetite, headaches, biliousness and a lack of enthusiasm for either work or play are constant complaints. Scientists have ascertained that such a condition is usually caused by self-poisoning resulting from constipation. Due to modern living habits, the natural secretion which promotes regular elimination by softening the bowel contents, is often deficient—especially among middle-aged people. The poison from waste matter remaining in the systems of people thus affected is the insidious enemy of good health. Such people need *Najol*, because *Najol* softens the waste matter and permits thorough and regular bowel elimination without overtaxing the intestinal muscles. It helps Nature help you. Ask your druggist for *Najol* to-day—and remember, look for the name "*Najol*" in red on both bottle label and package.
