SHIPS HELD UP BY TUG STRIKE IN N.Y. HARBOR

Crews On Half of 800 Towboats Want More Pay

ASK 10-HOUR DAY

Increases Demanded Vary From \$10 to \$50 a Month in Wages

NEW YORK, April 16—Sailors of mail and passenger steamers today for Europe, South America, the West Indies and Bahamas were facing delay as a result of the strike of 800 tugboat men, comprising the crews of about half the 800 tug boats in New York harbor. The men were ordered out until their demands for a ten-hour day and higher wages are granted. The strike will affect almost all the tugs used ordinarily in docking freight and passenger ships, and may have an important effect on inland shipments. The strike came at a time when it

CANADA AFFECTED BY CUSTOMS ORDER

Czecho Slovakia Demands Accredited Certificates For Cereals, Flour Imports

Canadian Press
PRAGUE, April 16—Declared to be directed especially against Canada and the Argentine, orders have been issued by the Czecho-Slovakian customs authorities stipulating that entry of cereals, flour, vegetables and malt be refused unless the shipment is accompanied by certificates issued by the chamber of commerce of the exporting country, endorsed by the Czecho-Slovakian consulate. The new order goes into effect on April 21.

DOG CLINGS TO BOY ON VERGE OF DITCH

PORT JERVIS, N. Y., April 15—When John Mason first missed his two-year-old son, Jackie, from the Mason farmhouse near here Wednesday afternoon, he was not particularly worried. "Sport" was missing, too, and that was all right. But when across the fields through which he was searching, he saw "Sport" standing motionless and alone, head bowed, John Mason ran in alarm for Jackie and his police dog pal were inseparable. Sport alone meant trouble. As he drew near the anxious father saw "Sport" was not alone. Half way down the steep side of a ditch hung Jackie, too scared even to cry, beneath him six feet of water. Above crouched "Sport," hind feet planted desperately in the edge of the bank, paws clutching at its slippery surface and a fold of Jackie's sweater gripped in his set jaws. The schooner Victory Chimney cleared yesterday for New York with a cargo of laths.

ICE HOLDING FIRM

Heavy Loads Cross River at Gagetown; Snow and Hard Frost

GAGETOWN, N. B., April 15—After a wintry snowstorm today it is freezing hard tonight. The river is holding firm and teams are using the river path without danger. J. A. Moore with a ton and a half load of merchandise on his team drove from Gagetown to the Narrows in the Washademoak Lake on April 12. It is most unusual to have the ice so firm at this time of the year but Mr. Moore did not encounter any soft spots and made the return trip quite safely.

MORE COLONISTS TO SAIL FOR CANADA

LONDON, April 15—Five steamships sailing for Canada this week-end will carry 100 families from Liverpool, Belfast and Glasgow and about 200 single men and 50 single women. The Church of England is sending 30 boys to the church's receiving station at Sherbrooke, Que. The Church Army is sending a smaller number of boys to the Fegan Boys' Home in Winnipeg and 30 to the Fegan Boys' Home in Toronto. The Catholic Emigration Association is sending 60 boys to Ottawa, and a Glasgow Boys' Home is sending 30 boys to Brockville, Ont.

TAXIES AT BANGOR HIT BY RAIL ORDER

BANGOR, April 15—The 15 or so taxicab drivers, the most of them owners, also who have always had free stands at the Union station, received something of a jolt today when it was announced that the Maine Central Railroad would receive bids for the exclusive privilege of soliciting passengers on the railroad property closing April 20 and effective June 1. This does not bar taxicabs from service in bringing passengers to the station.

MARY ANN'S BAZAAR
