WHEN THE BABIES ARE CUTTING TEETH THE MOTHER SHOULD USE

During baby's teething time, especially in the hot summer months, the bowels become loose and diarrhoea, dysentery, colic, cramps, etc. manifest themselves; the gums become swollen, and cankers form in the mouth. This is the time when the mother should use "Dr. Fowler's," and, perhaps, save the baby's life. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Why Women Grow Old More Quickly Than Men

Greater Percentage of Anaemia—Lack of Iron in the Blood—Among Women Makes Them Lose Much of Their Youth, Beauty and Former Attractiveness And Become Fretful, Nervous and Run Down—

What Women Need Is Not Cosmetics or Stimulating Drugs But Plenty of Pure Red Blood Rich in Iron

Physician Explains How Organic Iron—Nuxated Iron Helps To Enrich The Blood, Strengthen The Nerves, Build Up Physical Power and Often Make Weak, Pale Careworn Women Look and Feel Years Younger.

Look for the woman who appears younger than a man of the same age and you will find the exception to that vast majority upon whom anaemia—lack of iron in the blood—has fastened its grip and is gradually sapping the health, vitality and beauty which every woman so longs to retain. In most cases men safeguard their health better than women by eating coarser foods, being more out-of-doors and leading more active lives, thereby keeping their blood richer in iron and their bodies in better physical condition. The very moment a woman allows herself to be placed in a drain upon her whole system which overtaxes the power of the blood to renew wasted tissue and keep active the natural life forces of the body. There are thousands of women who are ageing and breaking down at a time when they should be enjoying that perfect bodily health which comes from plenty of iron in the blood, simply because they are not aware of their condition. For want of iron a woman may look and feel old at thirty, pale, haggard and all run-down—while at 50 or 60 with good health and plenty of iron in her blood she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age. But a woman cannot have beautiful rosy cheeks or an abundance of strength and endurance without iron, and there is nothing better than organic iron—Nuxated Iron—to help supply this deficiency and aid in building a race of stronger, healthier women.

It's NOT always the youngest woman that is most sought after—there is an indescribably alluring fascination in the ROSY CHEEKS, THE INVITING LIPS and the SPARKLING EYES of a woman whose blood is filled with IRON STARVATION of the affected with IRON STARVATION of the

At 20 Years are sapping the iron from the blood of hundreds of thousands of women. Our forefathers refer to a NATION OF RED BLOODED AMERICANS as being the sign of a healthy and vigorous people.

At 30 Years is compelled to lead the life of a man, and to do so she must eat more such iron-containing vegetables and fruits, as spinach and baked apples and take organic iron like Nuxated Iron from time to time to help enrich her blood and revitalize her worn-out, exhausted nerves.

At 40 Years NUXATED IRON represents organic iron in such a highly condensed form that one dose of it is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach, one quart of green vegetables or half a dozen apples. It's like taking extract of beef instead of eating pounds of meat.

Over 4,000,000 people annually are using Nuxated Iron. It will not injure the teeth nor disturb the stomach. It often increases the bodily and mental vigor, strength and endurance of weak, nervous, "run-down" folks in two weeks' time. Your money will be refunded by the manufacturer if you do not obtain satisfactory results. Beware of substitutes. Nuxated Iron comes in a glass bottle—never in liquid form. Always look for the word "Nuxated" on every package and the letters N. I. on every tablet. Sold by all druggists.

At 50 Years blood and not know it, just as thousands of other women are. It is said that a PERSON IN THREE in America today suffers more from iron deficiency than from any other ailment.

At 60 Years or less from MALNUTRITION—lack of nourishment, which is caused NOT BY LACK OF FOOD, but in many cases, by LACK OF SUFFICIENT IRON IN THE BLOOD. To enable you to get the strength and nourishment out of your food. Indulge life, over-eating and modern methods of cooking
