## Corn Frowns Vanish in a Moment

HERE is a fact which millions know. It is so clear, so simple that it makes a corn ridiculous. You can stop any corn pain in a jiffy, and stop it for good.

You can end any corn quickly and end it completely. You can do this without any bother, without any soreness, without any muss.

So corns are utterly unnecessary. And folks who have them nowadays do themselves a wrong.

You can prove these facts on any corn by applying a Blue-jay plaster. The pain will stop instantly.

Then a bit of red wax, centered on the corn, will gently undermine it. In two days, usually, the whole corn disappears. An occasional corn needs a second application.

This is a scientific method, invented by a famous chemist.

## Cramps and Pains In The Stomach

QUICKLY CURED BY  
**DR. FOWLER'S**  
EXTRACT OF  
**WILD STRAWBERRY**

Mrs. J. Pawcett, Hopewell Hill, N.B., writes: "I am writing you of my experience with Dr. Fowler's Extract of Wild Strawberry. Last summer I was taken so very sick with cramps and pains across my stomach that I sent for the doctor. He said I had summer complaint and gave me some medicine, but it did me very little good. As I was reading your B.B.B. Almanac, I saw Dr. Fowler's Extract of Wild Strawberry advertised, so I asked my sister to get me a bottle, and before I had taken all of it I was a well woman, and have not had the slightest return of the trouble since. I cannot say enough for your valuable medicine, and always keep a bottle in the house." You run absolutely no risk when you buy Dr. Fowler's Extract of Wild Strawberry, as it has been a standard remedy on the market for the past 72 years. Ask for "Dr. Fowler's" and insist on getting it, as the cheap imitations are dangerous to your health. Price 85c. Put up by The T. Millburn Co., Limited, Toronto, Ont.

## MUST DESTROY HUN MILITARISM

Former French Minister of War Sets Forth Allies' Aims and Determination—No Delusive Peace

Washington, July 31.—Prussian militarism must be destroyed, declares M. Millerand, former French minister of war, in a published article which has been cabled to Washington. M. Millerand earnestly urges his countrymen to forget everything; to put aside everything which is not to the advantage of the war, and he declares "the new world did not enter the scene; did not cross the Atlantic; does not accomplish the daily miracles of which we are the astonished grateful witnesses in order to content itself with a bastard and delusive peace fraught with all danger." "The United States, and we with them, will never rest until our aim be obtained—the destruction of Prussian militarism. To restore Alsace-Lorraine to France; reunite Italy and the Irredentia; free the sons of Roumania and the Czech-Slovaks; to restore glorious and unhappy Belgium; raise Serbia and again reconstitute Poland, divided as she is between Russia, Austria and Prussia; what is all this if not the destruction of Prussian militarism?"

## RECENT DEATHS

Capt. Bartlett McLean.

The sudden death of Capt. C. Bartlett McLean at his home, 185 Bridge street, late last evening, came as a shock to his family and his many friends. Captain McLean had been ill for only a few days and his illness was not considered fatal. He was about the house yesterday as usual and did not complain of any particular illness until last night, when he was taken violently ill and died within a short time.

Captain McLean sailed out of St. John in command of coasting vessels for some years, but for the past thirteen years he made his home here, and has been employed as motorman on the Street Railway. He was an active member of the Street Railwaymen's Union, and held the office of president of the body for three years. He was formerly vice-president of the Trades and Labor Council of this city. Mr. McLean was in the prime of life, and had many friends in the city, by whom he will be remembered as a kindly, genial man, and will be greatly missed.

Captain McLean was born at The Range, Queens county, where two brothers and a sister now reside. The brothers are J. Duncan and Leonard, and the sister, Miss Addie. The body will be taken to Cumberland Bay for interment.

Captain McLean is survived by his wife and four children, the latter being George, Queens county, where two brothers and a sister now reside. The brothers are J. Duncan and Leonard, and the sister, Miss Addie. The body will be taken to Cumberland Bay for interment.

Mrs. Diana Stevens.

St. George, Aug. 1.—Mrs. Diana Stevens, who was almost ninety years of age, died on Wednesday. She was a woman well known among the elder generation and highly esteemed.

Mrs. Luther Cook.

St. George, Aug. 1.—Mrs. Luther Cook died very suddenly on Tuesday at her home, Utopia, of apoplexy. She leaves six sons and three daughters, children of her first marriage, all grown to manhood and womanhood. Before her marriage to Mr. Cook she was the widow of Sergeant Patrick Finnigan. She was born in Utopia and spent her entire life in this community. Always of an active disposition her death was a severe shock and will be heard with regret, particularly by the elder generation.

Mrs. H. S. Langstroth.

Sussex, July 31.—The heartfelt sympathy of the community goes out to the family and relatives of Mrs. H. Samuel Langstroth, wife of the late Dr. H. Samuel Langstroth, whose death occurred Monday at the home of her daughter, Mrs. Peter T. Meek, Sydney (Ont.), where she had been spending the winter. Mrs. Langstroth had poor health for the last few months. About two months ago her niece, Miss Frederick Hallett, left her position in a hospital in Cleveland, Ohio, to accompany her aunt, when her condition became so serious that she was not able to travel. Mrs. Langstroth was a lady of very fine ideals and was loved and respected.

78 Lees Avenue, Ottawa, Ont.

"Three years ago I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-lives,' I thought I would try them. The result was surprising. I have not had an hour's sickness since I commenced using 'Fruit-a-lives,' and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

## FEAR TROUBLE IN ROUMANIA

Paris, July 31.—In well-informed Roumanian circles in Paris it is said the German high command has asked the commander of the German troops stationed in Roumania and in the Russian districts how many divisions can be re-leased to be sent to the western front. Field Marshal Von Mackensen, the German commander in Roumania, according to a despatch to the Havas Agency from Bern, replied that it would be unsafe to remove any troops owing to the excited condition of the Roumanian people. The despatch adds that Von Mackensen has directed the Roumanian government, owing to uprisings, to proclaim a state of siege throughout the country.

## WHY CHAUTAUQUA?

Lord Kitchener urged the home government to keep the theatrical enterprises of England operating for the benefit of the soldiers who came home on leave of absence, because they needed diversion from the awful business of the trenches. Recreation is as indispensable to the normal man as religious worship or food or clothing. The Chautauqua fills a place in the community's life that the theatre cannot fill. It cannot be suspended without irreparable loss.

A committee of camp directors has been appointed to standardize, at from eighteen to twenty-five cents an hour, the wages received by the farm cadets in the six camps on Long Island.

**Polarine**  
FRICTION REDUCING MOTOR OIL  
"Makes a good car better"  
**For Cylinder Walls**  
KEEP your cylinder walls like new—unscored and as smooth as glass with a film of oil that withstands heat and cold and maintains effective lubrication. Scored cylinders cause poor compression, wasted power, loss efficiency that impairs both the performance and the actual value of your car.

**DELIVERY OF FULL POWER**  
depends on a gas-tight piston-to-cylinder contact. Correct lubrication is therefore most essential. It reduces friction to a minimum, prevents overheating, protects the cylinder walls against scoring and so keeps power from leaking past the pistons.

has the right body to lubricate every moving part of the motor with a protective film that minimizes wear and friction. It lessens carbon troubles—does not gum in summer nor congeal in winter. It keeps cars in smooth running order the year round. Polarine is made in two grades—Polarine and Polarine Heavy. It is supplied in one-half, one and four gallon sealed cans, also in 12 gallon steel kegs, barrels and half-barrels. There are also Polarine oils and greases for effective transmission and differential lubrication.
