CRYSTAL PALACE CENTRE OF EMPIRE

Earl's Suggestion for a Memorial of King Edward

COLONIES' PART

Would Have Them Take Sections for Exhibition Purposes—Queen's Own Stand March Well—Hague Decision Grows More Favorable to Britain

Times' Special Cable London, Sept. 9.—The Earl of Plymouth proposes that the Crystal Palace in London should be made the empire centre at a cost of \$700,000 as a memorial to King Edward. Among his suggestions are that the overseas dominions should erect pavilions there for exhibition purpose.

C. E. Goad, of West Toronto, left an estate of £30,077 in England. Tenders are invited for an Australia Nova, Honolulu and Vancouver steam service.

Lord Brassey will devote the greater part of his address at the Associated Chambers of Commerce to the question of trade relations between Canada and the mother country.

In a private conference, the Bishop of London endorsed the account of the warm welcome accorded him in Halifax.

Col. Mason, Major Bennett and Captain Higginbotham will accompany Col. Pellatt to Montreal on Monday with Color Sergeant Macdonald, Sergeant Pasmore, Corporal Freeman and New and Privates H. M. Dunn, P. Newton, Hammond, McAe, W. P. Muir, Stickney, Forsythe, and Scroggie.

The Queen's Own second division arrived at the manoeuvre area yesterday. Not many fell out during the whole march, despite the heat, and the fact that several were footsore. On Wednesday night the feet of one of the officers were almost raw, but he marched again yesterday.

At every centre of population the Canadians got a hearty reception. Today the Queen's Own are participating in the defence of Westchester.

The Hague Award London, Sept. 9.—Reflection on the Hague decision more than confirms the first impression that Britain, Canada, and Newfoundland have done very well. A study of the full text of the award makes it plain that the gains are more substantial than first appeared. On the points where the award was stated to have gone in favor of the United States, there are qualifications which give Newfoundland what British diplomacy claimed for her.

The counsel in charge of the British case are being congratulated on all sides for their brilliant and successful advocacy. The Chronicle expresses the hope that the award will remove some of the soreness said to exist in the overseas dominions because it was felt that British diplomacy often paid too little regard to the interests and susceptibilities of the colonies. Satisfaction is also expressed that the award is received so well in the United States.

The News thinks that the Hague tribunal has given Britain full satisfaction but very much less to Newfoundland. British sovereignty is recognized fully but Newfoundland's attempt to use the fishery matter as an economic lever against the United States is defeated.

The Morning Post again attacks the British government for its part in the controversy declaring it left the premier of the smallest colony of the empire to fight unaided for the rights of his countrymen against a strong aggressive power.

LEPER ESCAPES AND FLEES FOR HIS HOME Salt Lake City, Utah, Sept. 9.—John Koker, a Greek, in an advanced stage of leprosy, who has been under quarantine here for the last three days, was missing yesterday from the tent in which he was quarantined, and it is learned he had taken a train on Wednesday evening intending to go to New York and thence to Greece.

Funds for the journey were provided by his countrymen here. His friends would not divulge the route he has taken. The left hand, it is said, is almost ready to drop off.

Cholera Riot in Italy Rome, Sept. 9.—The action of the municipality of Ascoli Satriano, in allowing two persons from the cholera-infected district to enter the town has provoked a great rage here. In a riot yesterday the authorities were stoned and two were seriously injured.

THE WEATHER Storm south-west, shifting to Northwest winds, showery, clearing and cooler tonight Saturday, fine and cool.

Well Known Horseman Dead El Paso, Tex., Sept. 9.—T. Edward Ryan, a well known horseman, is dead here. His identity was not known until yesterday when a number of messages came from friends entering the undertakers to give him a decent burial. He came here for his health from New York. He was known in all the big tracks.

JUDGE PARKER ON THE TARIFF

Declares Republicans Will Not Carry Out Taft's Revision Idea and Best Thing is to Defeat Party

ROCKLAND, MAINE, SEPT. 9.—Judge Alton B. Parker of New York, one time democratic candidate for president, in the third and last speech, which he contributes to the democratic campaign in Maine last night, warned his hearers at a local rally not to accept the programme of President Taft for a reduction in the present tariff rates, one schedule at a time.

He assigned as his reason that if the republican machine could pass safely over the present crisis, it would no more heed the demand for a substantial reduction than it had previously. "While president Taft's purposes, undoubtedly, are honest," he said, "the fact of President Arthur's tariff commission should be remembered. The only way safely for the people to make their demands known is by overwhelmingly defeating the party that has dared to lay them for a mass of postage."

Judge Parker declared that oppressive burdens which he claimed exist under the new tariff are the work of "the corrupt national republican machine which has for years traded away the rights of the people in return for money used to strengthen the machine and to buy votes in doubtful congressional districts. He denounced the republican national policies and explained the reasons for the "large number of patriotic republicans in every congressional district have decided to secure justice to themselves and to all the people by defeating the bosses who have brought shame upon their party."

CLLOUDY FOR BIRDMEN IN BOSTON MEET

English Aviator May Make Effort to Stay in Air Four or Five Hours—Entries for International Contests

HAMMERSTEIN FOR LONDON

Will Build Grand Opera House in King's Way—Boxes for King and Mayor

Times' Special Cable London, Sept. 9.—Debarred by the terms of his contract with the Metropolitan Opera Company of this city from the Park race track, where that nation hopes to regain the blue ribbon of the air, has been definitely arranged. Alfred LeBlanc, Hubert Latham and Leon Morane, the three French crack pilots, will compete for the international championship trophy now held by Glenn Curtiss. Morane replaces LeBouchere whose broken leg will prevent his participation in the October meeting. All three men are more experienced aviators and will use specially constructed racing machines. In addition to these, the French Aero Club will send M. Aubert and Count Jacques de Lesseps to compete for other prizes.

Italy will send Signor Cattaneo and Belgium probably will delegate N. Olier-lagers to take part. Neither Sir Oleson nor Switzerland will be represented. M. LeBlanc's assistant in the international balloon contest will be Jacques Faure, the noted French balloonist.

Aerial Scout Work a Failure Prensche-Holland, Prussia, Sept. 9.—The two dirigible balloons used for aerial scout duty by the opposing armies in the imperial manoeuvres failed grievously today, one crew leading its army into the hands of the enemy while the other was destroyed by a machine gun.

The dirigible operating with the defenders, reported this forenoon what the air men took to be the exact location of far extended entrenched lines of the invaders' infantry and artillery. Upon receipt of this information the defenders arranged in a strong attack only to find, when the line of invaders retreated, that they were storming a line of breastworks behind which trunks of trees instead of guns had been placed. Before they could recover from their mistake the invaders' flank was attacked and a victory for the invaders ensued.

The dirigible of the invaders developed a defect in its motor and, being compelled to descend, was captured by the enemy.

GRIPPEN TRIAL OFF UNTIL SEPTEMBER 14

Prosecution Forging Chain to Convict—Inspector Dew's New Point

Prosecution Forging Chain to Convict—Inspector Dew's New Point London, Sept. 9.—The crown prosecutors are slowly unravelling a chain of evidence with which they expect to convict Dr. Hawley H. Crippen of the murder of his wife, the music hall singer, Belle Elmore, and Ethel Le Neve, as accessory after the fact.

It was expected that important medical testimony would be given early in the court proceedings, but its presentation has been delayed until the expert for the defence had an opportunity of viewing the remains. The trial therefore has been adjourned to September 14.

A marked change in the demeanor of Crippen is noted. He is less downcast. He carried on a whispered conversation with his former stenographer in court yesterday. Miss Le Neve replied in monosyllables, keeping her eyes on the ground. She was much agitated throughout the hearing and had trouble in controlling herself when the circumstances attending the finding of the remains were narrated by Inspector Dew. The inspector brought out a new point, testifying that he found in the garden, under a heap of rubbish, some clay similar to that in the cellar.

ED. LANE IS KILLED IN CARLETON

Young Man of 21 Crushed to Death Between Cars Today—Coroner Kenney Will Hold an Inquiry

Edward Lane, aged about 21, of Winslow street, West St. John was almost instantly killed in a collision of two street cars at the West Side ferry dock a little before 1 o'clock today. The frightful accident happened during a busy time when crowds were returning to work and much excitement was occasioned for a time.

Whether the dead man was attempting to cross between the cars or how he became caught does not seem to be clear as it all happened so quickly.

The bridge car in charge of Conductor Johnson and Motorman Christopher was standing at the end of the track, having just arrived and the fender had been changed to the other end of the car. The motorman was in the act of removing the handles to attach to the forward motor when the Blue Rock car struck with great force.

After the collision, and as soon as it was seen that a man had been jammed between the cars, the conductors and motorman of both cars and other people near by made haste to extricate him. The task was no easy one as the fenders were cranked into a mass of tangled wire and tightly bound about Lane. The vestibule ends of the cars had come together holding the man in a vice like grip.

It was at once seen that he was terribly injured. Dr. F. L. Kenney was sent for but Lane was dead before he arrived. Dr. Kenney, after viewing the body, gave permission for its removal to Beattie's undertaking rooms. A jury will be empaneled and an inquest held.

Edward Lane was the son of William Lane of Winslow street, a superannuated letter carrier. Besides his parents he is survived by two sisters, Alice aged about 16 and Grace aged 12.

DOCTOR ORDERS TY GOBB OUT OF GAME FOR A WHILE

DETROIT, Sept. 9.—The oculist to whom Ty Cobb, the ball player, submitted his inflamed eye for examination, has issued an official statement in which he says:—"Ty Cobb is being treated by me for chrysis of the right eye. The condition is serious, as it is an inflammation of one of the most important structures of the eye. The binocular vision is seriously affected. The treatment demanded in his case necessitates the relaxation of the focusing apparatus of the eye. I have advised him to remain out of the game for several days at least. I feel sure that no permanent injury to his sight will result from this inflammation, provided he now takes a strict rest."

Major Nelles has written that he has been granted permission from Ottawa to accompany his men, which is a matter of much satisfaction to the management as he was the originator of the evolutions that has made this corps famous.

HE'S AGAINST THE BALLINGER RESOLUTION

MINNEAPOLIS, Minn., Sept. 9.—Representative Edwin Denby of Michigan, a republican member of the Ballinger-Pinchot investigation committee, last night denounced the action of the five members who adopted a resolution declaring Secretary Ballinger "was not a faithful trustee of the United States and should be removed. Representative Olmstead, of Pennsylvania, will not arrive in time for today's session, and the republicans still will be in the minority. Mr. Olmstead, however, is expected to arrive tonight, and it is thought certain that a quorum will remain broken until he can attend.

The presence of Messrs. Olmstead and Denby would give the Republicans five votes on any question. The Democrats feel certain they can obtain the support of Mr. Madison, the insurgent-republican from Kansas, who introduced the Ballinger resolution, in which case they would have a like number.

HE'S AGAINST THE BALLINGER RESOLUTION Minneapolis, Minn., Sept. 9.—Representative Edwin Denby of Michigan, a republican member of the Ballinger-Pinchot investigation committee, last night denounced the action of the five members who adopted a resolution declaring Secretary Ballinger "was not a faithful trustee of the United States and should be removed. Representative Olmstead, of Pennsylvania, will not arrive in time for today's session, and the republicans still will be in the minority. Mr. Olmstead, however, is expected to arrive tonight, and it is thought certain that a quorum will remain broken until he can attend.

The presence of Messrs. Olmstead and Denby would give the Republicans five votes on any question. The Democrats feel certain they can obtain the support of Mr. Madison, the insurgent-republican from Kansas, who introduced the Ballinger resolution, in which case they would have a like number.
