GREAT ACTIVITY IN THE BOUNDARY

E. JACOBS TELLS OF PRESENT CONDITIONS

Extensive D velopments and Improvements in Mining and Smelting -Increasing Ore Productions.

E. Jacobs, editor of the B. C. Mining having spent a fortnight in the Boundary and Rossland district, says the Nelson Daily News. He states that in both camps there is general satisfacportant development and additions to conduct while in California. plant and machinery are being made. with the object of considerably increasing the production of ore.

In the Boundary especially the mining and smelting industries are in a turned here to-day from his cruise in prosperous condition. Concerning this northern waters and drove immediately district he states that at the British Columbia Copper Co.'s smelting works Crown Prince and Crown Princess Fredthe installation of the large smelting erick William, to see his grandson, who gallon reservoir on the ridge between plant, to have a treatment capacity of 1,500 to 1,800 tons of ore per day, is well His Majesty's trip to the Trondhjen. forward, and it is expected that about scarcity of lumber is somewhat delaying the construction of the high railway trestles into the works and the new ore bins—the latter to be capacity of capacity of about 10,000 tons-but the manager, J. E. McAllister, who has returned from a visit to the coast, has made arrangements to tide over the difficulty until the present shortage from district mills can be remedied. THOMAS KILDIE HAS Practically all the heavy excavation work and building of substantial masonry foundations for the big furnaces, motors, blowers, etc., is completed; some of the machinery is arriving, the extension of the steel-framed building He Will Take Charge of the Works posal at the last meeing, seconded by for the converters, etc., is being proceeded with; the new machine shop is finished and power tools installed; the water supply has been re-arranged; and tank storage for high-pressure system increased to about 180,000 gal-

IMPERIAL PARLIAMENT.

Session-Lively Times Expected in the Autumn.

London, Aug. 4.—The new Liberal parliament, which adojurned to-day, liament, and the ministers have every reason to be satisfied with the solid amount of legislation passed. Besides passing the principal measure, ised in the King's opening speech, well invested.

were either passed or reached an advanced stage in committee, which will allow of their being finished at the autumn session. The Irish Laborers' Cottage Bill, Mr. T. P. O'Connor's Musical Copyright Bill, and minor bills were passed, and the Trades Disputes Bill and the Merchants' Shipping Bill are in an advanced condition The Scotch Crofters' Bill, which, with the Irish Laborers' Cottage Bill, will probably form the basis for eventually dealing with the land question in England also, was only introduced at the close of th session. It goes to greater lengths in the reform of land legislation than even the Irish Bill, and will be keenly contested by the Union-

The feature of the autumn session will be the struggle just opened between the two houses over the Educa-tion Bill. Lord Lansdowne, Lord Halsbury and other Peers are said to be determined to throw out the bill on its third reading, if the House of Commons declines to accept the amendments made to it in the House of Lords.

The government's enormous majority during the session did not show great cohesion, and, several times was to dangerous proportions through the attitude of the Labor section, and the disposition to divide itself into groups still remains one of the greatest dangers threatening the existence of the ministry.

An unknown prisoner set fire to the town jail at Niles, Cal., on Saturday, in an endeavor to escape, and before the blaze could be discovered or help arrive,

HONORABLE JOHN COSTIGAN

New Brunswick's "Grand Old Man" comes out strongly in favor of "Fruit-a-tives."

Who has not heard of the Honorable John Costigan? He is to-day one of the most powerful, as well as one of the oldest, figures in Canadian politics. He was one of Sir John Macdonald's ablest lieutenants, and for nearly 20 years held various portfolios in the cabinet.

To-day at the age of 71, he is the idol of the electors of New Brunswick, and a power to be always reckoned with in Parliament. His rugged eloquence—biting sarcasm—and ready repartee—make him at once the dread of his opponents and the delight of his confreres. When a public man of the Hon. John Costigan's position voluntarily testifies to the marvelous cure

Was ever medicine put to a severer test than this? Here was a great Public Official, who had suffered for more than 30 years with Chronic Constipation. The leading physicians of Ottawa prescribed for him without affording any permanent relief. Finally, as a last resort, "Fruit-a-tives" were ordered. And in THREE

MONTHS, Mr. Costigan WAS WELL, "Fruit-a-tives" did in THREE MONTHS, what doctors and drugs failed to do in THIRTY YEARS.

"Fruit-a-tives" are the most perfect combination known to medical science. They are fruit juices, concentrated and combined with tonics and internal antiseptics.

Unlike liver pills, anti-bilious pills and all preparations containing calomel, cascara, senna, licorice, etc.—"Fruit-a-tives" act like fruit DIRECTLY ON THE LIVER. They rouse this organ to vigorous health—strengthen it—and icrease the flow of bile. It is the bile, given up by the ver, which enters the bowels and makes them move.

will cure Constipation is one that puts the liver in a healthy, active condition as "Fruit-a-tives" do.

Do you suffer with Chronic Constipation?
Are you billous?
Is the liver inactive? as the liver mactive?
Is the stomach out of order?
Does the head ache?
Do your kidneys trouble you?
Is the skin disfigured with pimples?
Is the appetite poor?

Take "Fruit-a-tives." They sweeten the stomach-regulate the liver, kidneys and bowels—clear the skin—and build up, strengthen and invigorate the whole system.

One box will prove their value, 50c. a box or 6 boxes for \$2.50. Sent on receipt of price if your druggist does not handle them.

FRUIT-A-TIVES LIMITED, . . OTTAWA.

RAILWAY ACCIDENTS

Two People Killed in Yards at St. Thomas, Ont.-Collision on Electric Road.

St. Thomas, Ont., Aug. 4.-The Michigan Central and Pere Marquette passenger trains collided in the yards here this morning, two people were killed. Two Persons Killed.
