

STILL STRIVING TO AVERT WAR

BRITISH WARSHIPS FOR TURKISH WATERS

Russia's Policy Regarding Bulgaria—Further Reports of Massacres by the Turks.

Sofia, Sept. 16.—Prince Ferdinand, of Bulgaria, arrived here to-day from Belgrade.

A semi-official statement just issued says: "The news received here of atrocities daily committed by the Turkish soldiers has passed the bounds of imagination. The general opinion is that an entire village will be depopulated of the Christian element."

One of the ministerial organs says if the powers do not intervene, Bulgaria will undertake, with her feeble forces, to do what is expected of her, and give Europe the pleasure of witnessing a bloody drama in Macedonia.

A telegram from Burgas reports that a general massacre is beginning throughout the district of Losengrad. Turkish troops and Bashibazouks killed 25 people and destroyed 1100 houses and many houses in one Greek village. The Turks attacked the village of Pucievo and killed everybody they found on the streets. A fight is reported from Pechoutant between a band of 100 insurgents and 300 Turks. The insurgents, who occupied a strong position, fired on the attacking Turks, killing 25.

A telegram from Uskub says the mobilization of the Turkish army is proceeding rapidly, while dispatches from Constantinople asserts that the military party is urging the Sultan to order his troops to cross the Bulgarian frontier without a declaration of war.

Russia's Policy.

London, Sept. 16.—The St. Petersburg correspondent of the Daily Telegraph claims to have the highest authority for saying that Russia's Balkan policy is to isolate Bulgaria by refusing to stop the Macedonian massacres and inducing the powers to remain inactive. Then when Turkey has defeated Bulgaria, Russia will insist on stepping in and occupying Bulgaria under the pretext of protecting her vassal. Minister Witte's removal, continues the correspondent, was due to his advocacy of a peaceful settlement of the Balkan problem.

Salonica, European Turkey, Sept. 16.—An insurgent band of 450 men was annihilated by the Turks September 14th, between Leda and Kavota, 38 miles from Uskub.

Vienna, Sept. 16.—A Constantinople dispatch received here asserts that Col. Massey, who was commissioned by the British embassy to inspect the action of the Turkish troops of the Adriatic district, has returned to Constantinople having been forbidden to continue his journey. It is stated that as far as his observations went they confirmed the reports of the extermination of the Macedonian population by the Turks.

London, Sept. 17.—The efforts of the powers, according to the latest telegrams, are directed both at Constantinople and Sofia towards an endeavor to avert war. It is stated that all the ambassadors at Constantinople have drawn the Porte's attention to the danger of permitting a continuation of the excesses in Macedonia.

The Chronicle says it understands that Great Britain has decided on the dispatch of a British squadron in support of her diplomatic endeavors at Constantinople to put an end to the massacres. Most of the special correspondents in the Far East consider war inevitable, but think it may yet be delayed. A Vienna paper cited that Prince Ferdinand of Bulgaria has sent a trusted agent to King Peter inviting Serbian co-operation against Turkey.

The correspondent of the Daily Telegraph at Sofia says Bulgaria's reply to the Porte's protest against the continual crossing of the frontier by bands, and the smuggling of arms and ammunition from Bulgaria, shows no prospect of an amicable arrangement.

SNOW IN MONTANA.

Crops Will Suffer and Loss to Farmers Heavy.

Butte, Mont., Sept. 14.—Reports from outlying farming districts give conflicting details as to the damage done by Saturday's and Sunday's snowstorm. Beaverhead county appears to have suffered the most, as hardly a third of the grain crop had been harvested when the storm broke and for ten hours the snow fell inches deep. The snow was wet, clinging to grain and bringing it to the ground. Estimates of damage done are placed as high as \$10,000 in that county, but prominent ranchers declare if conditions are favorable much of the oats beaten down can be harvested. The second crop of alfalfa in many parts of the state will suffer greatly and in some instances is almost ruined. Carbon county, in the southern part of the state, reports considerable loss in the oat and alfalfa crops. Many fruit trees were stripped of their branches.

THE PACIFIC CABLE.

Queensland's Representative Interviews Sir W. Mulock and Lord Strathcona.

Ottawa, Sept. 16.—George Riley, M. P. for Victoria on British Columbia's side, in a letter to the Pacific Cable board, and met Sir Wm. Mulock and Lord Strathcona here and talked over the cable business.

SIR THOMAS LIPTON.

Has Been Somewhat Indisposed—Returns Home Next Week.

Utica, N. Y., Sept. 14.—Sir Thomas Lipton and his party arrived here on a special train from Racine, Wis., about midnight last night. Sir Thomas had been spending a few days at Camp Kill-care with Timothy L. Woodruff. On the way down Sir Thomas was taken very violently ill with indigestion. A physician was summoned and worked over his patient about six hours and then accompanied the train to Syracuse.

The private secretary to Sir Thomas, John Westwood, made the statement that Sir Thomas has not received any invitation from the Seawanhaka Yacht Club, nor has the Earl and Countess of Shaftsbury so far as he knew. He had heard nothing about it, whatever it has been told of the story by a reporter. The date of the dinner was on a date on which it was known he had been in the West, and if any invitation to the dinner had been received it would have been necessary to decline it. He will not return to New York until September 21st, and will start for England on the 23rd.

An Explanation.

Oyster Bay, N. Y., Sept. 14.—President Roosevelt to-day approved of the issuance of a formal statement of the facts concerning the Seawanhaka Yacht Club dinner incident, which has created so much unpleasant comment. Colgate Hoyt, chairman of the board of trustees of the yacht club, visited Oyster Bay this afternoon and had a conference with the President for half an hour. Mr. Roosevelt expressed regret that any published statement of the dinner incident should have placed him in a false attitude, and, with a view to relieving Sir Thomas Lipton of embarrassment because of the statements that he had treated him with discourtesy, he authorized Mr. Hoyt to make a plain statement of the episode.

RAILWAY ACCIDENT.

Several Passengers Injured, Two Seriously—Other Canadian Notes.

Toronto, Sept. 16.—The thirty-second annual meeting of the Canadian Manufacturers' Association opened here this morning. Four hundred delegates are expected. To-day developed sectional meetings. To-night the delegates will be tendered a reception at the parliamentary buildings.

H. Mann's Funeral.

The funeral of the late Hugh Mann, killed on the C. N. R. in Manitoba a few days ago, was held yesterday afternoon at Acton, the family home for many years. The funeral was largely attended, and among those present was James A. MacDonald, of British Columbia.

Decision Reached.

Kingston, Sept. 16.—The Presbyterian commission and Queen's College trustees have agreed that Queen's University is to remain a Presbyterian institution and the question of the church's representation on the college board is now being considered. The prospects are that the church will be given a third representative on the trustees and governing boards. An appeal will likely be made to the church members for financial aid, at least half a million dollars being wanted for endowment.

Collision.

Chatham, Ont., Sept. 16.—Nearly a score of persons were injured as a result of a collision of a passenger train with a freight on the Lake Erie & Detroit River railway at Blenheim yesterday afternoon. Two of the number, Miss Dobosky, Ridgeport, was hurt internally, and Miss Forbes, Blenheim, leg broken, may not recover. The passenger coach was completely wrecked. The accident was caused by a misplaced switch.

ANTHRACITE OUTPUT.

Not Unlikely That Miners May Be Put on Four Days a Week.

Philadelphia, Sept. 16.—Officials of the Reading & Pennsylvania railroads say no step has yet been taken toward a curtailment of the output of anthracite coal, and that the matter has not even been considered. It was admitted, however, by one official that the market for domestic sizes was practically dead, and he said that he would not be surprised if the miners were put on four days a week in a short time. Meanwhile independent operators without any storage facilities for their surplus output are said to be cutting the prices for the domestic sizes as much as forty cents per ton, offering the coal for \$3.35 at the mines as against the regular price of \$3.75.

TO PREVENT MONOPOLIES.

Object of Bill Just Introduced by Premier Seddon.

Wellington, N. Z., Sept. 16.—Premier Seddon has introduced a very drastic bill for the prevention of monopolies in New Zealand. It proposes to establish a monopoly court with full powers of a Supreme Court to investigate all complaints regarding the enhancing of prices by the formation of trusts, and prescribes heavy penalties for offenders.

MR. BRASSEY ON IMPERIALISM.

Preferential Trade Practicable, But the Colonies Must Make Concessions.

Toronto, Sept. 17.—Hon. T. A. Brasse, M. P., spoke after Premier Rose at the reception to the Manufacturers' Association last night. He said the burden of defence was becoming almost too much for the Old Country, but he would not think of asking the colonies to contribute without giving them a voice in the management. Speaking of a preference to colonial products, he said the taxpayer would like to see what he was getting in return. The speaker said the only return practicable was a contribution to wardens defence, or a preference for British goods in the colonies. In that case "Made in Canada" must be dropped. He believed, however, by mutual concession that an arrangement could be made. The question for Canada to consider was, in what she would be prepared to give in return for a preference.

CHAMBERLAIN RESIGNS

Hon. C. T. Ritchie, Chancellor of Exchequer, and Lord George Hamilton, Secretary for India, Also Retire.

London, Sept. 17.—The resignation of Jos. Chamberlain, as Secretary for the Colonies; C. T. Ritchie, as Chancellor of the Exchequer, and Lord George Hamilton, as Secretary for India, are officially announced this evening.

London, Sept. 17.—The Associated Press learns that Colonial Secretary Chamberlain has decided to resign from the cabinet on the ground that Premier

generally known, will come as a thunderbolt not only to the supporters of the government, but to all political sections.

By Mr. Chamberlain's defection practically all the existing party lines will be swept away and reconstruction must largely depend on Mr. Chamberlain's future attitude. That he will be content to retire from public life can scarcely be considered. It is believed he will not ally himself with either side, but will rally to the banner of his preferential

HON. J. CHAMBERLAIN.

Balfour's attitude on fiscal questions is not sufficiently advanced to enable Mr. Chamberlain to remain a member of the government without the sacrifice of his own views.

According to the information conveyed to the Associated Press, the resignation is quite likely to be announced within a day or two, but may be postponed until Mr. Balfour has an opportunity to make his public announcement on October 1st. There is just a last chance that the King in his private capacity may avert what is now decided to be inevitable.

MINISTER COMING.

Hon. R. Prentiss Will Pay a Visit to Coast When Parliament Prorogues.

Ottawa, Sept. 17.—Hon. R. Prentiss, Minister of Marine and Fisheries, intends visiting British Columbia after the session of parliament with a view to looking into fisheries and marine matters on the Pacific.

Edward Miall, for many years commissioner of inland revenue, and superintendent about two years ago, died at Aylmer this morning. He was 67 years of age, was born in Lefevre, France, and was a son of Edward Miall, M.P. for Bradford.

LORD SALISBURY'S ESTATE.

London, Sept. 17.—The probating of Lord Salisbury's will to-day showed that he left an estate valued at \$1,651,600.

PROZEN TO DEATH.

Minot, North Dakota, Sept. 16.—The frozen body of a man named Harkey was found yesterday near his home.

REGARDING FISH TRAPS.

I want, before I close, to say a few words to the fishermen who first sent me to the legislature, and who have supported me loyally. It seems hardly necessary for me to make the statement, but I do not wish to leave any room for misunderstanding, and I declare here my fixed determination to continue to oppose the introduction of fish traps in our waters. The fishermen not only have stood by me in Dewdney, but also they sent Tom Gifford to the legislature from New Westminster in 1901, and I am sure that they will help to send him there again a few weeks from now. (Great applause.) And I can assure you that he will look after your rights and protect your interests, and that we will not lend ourselves to anything that might be injurious to you. (Hear, hear.)—Premier McBride to electors of Dewdney. Vide N. W. Columbian, Sept. 14th.

A QUIET NIGHT.

Condition of Sir Thomas Lipton, Who Is Ill at Chicago.

Chicago, Ill., Sept. 17.—Sir Thomas Lipton, who is ill of catarrhal appendicitis in his apartments in the Auditorium annex, passed a quiet night and is doing well, according to a statement by Dr. Thomas this morning. Dr. Revere, his host, who was an early caller, the patient said: "I've been an awful sick man, but I'm easier now."

Mr. Revere said he considered the patient's condition very encouraging. Dr. Thomas spent the night in a room of the Lipton suite, but aside from ordinary sick duties, there was no urgent need for his services.

A number of messages of sympathy from New York friends were received during the night and read with pleasure by the recipient when he awoke. At 8.30 a.m. the patient had fallen asleep again. Mr. Revere said that probably there would be no further formal consultations of physicians unless the unexpected form of a change for the worse occurred. It is still believed that an operation would be unnecessary, as no pus has formed.

W. A. LEYS DEAD.

Body of Lawyer Found in Room With Bullet Wounds in Head.

Port Arthur, Ont., Sept. 16.—W. A. Leys, a lawyer of the town, was found dead in his office this evening. Deceased was last seen at 6 o'clock at dinner at the Northern hotel. When his room was entered to-night the body was found on the floor with bullet wounds in the forehead. The bullets had evidently passed clear through, as there were two holes as though two balls had entered. In the room was a rifle with the magazine filled with cartridges.

The story is given out as accidental death, while again it is asserted that he was insane, and his actions during the afternoon by those who saw him would seem to bear out the latter supposition.

The late Mr. Leys was a nephew of Col. Leys, M.P., of London, and his mother and father are living in Toronto. He had considerable landed interests here and devoted his time principally to looking after such interests. An inquest will not be held.

MURDERER'S DEATH.

Negro Killed White Man During Quarrel and Was Shot By Mob.

Centerville, Mass., Sept. 16.—William Williams, a negro, was shot to death on the main street here by a mob of several hundred people. Williams, who was a labor agent, has been here several days employing negroes for contractors in other states. During a quarrel with a white man, Williams drew a revolver and shot Germany dead. A mob was quickly at Williams's heels, and a running fight followed, which ended in the negro being captured and shot dead by the crowd.

AT HALF MAST.

Sometimes we are greeted in the morning by flags at half-mast for some prominent official who yesterday was apparently in perfect health.

When we inquire the ailment by which he was stricken it is not uncommon to be told "acute indigestion" or "stomach trouble."

It is time people learned that indigestion or any form of "stomach trouble" is not a trifling thing to trifle with. The result may not be fatal, but there can be no condition of diseased stomach which does not carry with it physical loss and weakness.

Dr. Pierce's Golden Medical Discovery cures indigestion and other forms of disease affecting the stomach and its allied organs of digestion and nutrition. It enables the perfect digestion and assimilation of food.

Thanks to Dr. Pierce's Golden Medical Discovery," writes Mr. Charles H. German, of Lehighton, Pa., "I am the only man in my family who has done me any good. I tried everything I could think of, but nothing helped, and found I was only buying a very costly money."

Pierce's Golden Medical Discovery and tried a bottle of it, and to my joy found it was doing me good. I use a little of it and am now well. It is the best medicine on earth."

This grand remedy does its work in a thorough manner. It gives the health that is all health; the strength that is solid, substantial and lasting; not flabby fat, but false stimulus, but genuine, complete, renewed vitality and life force.

Accept no substitute for "Golden Medical Discovery." There is nothing just as good for diseases of the stomach, bowels and lungs.

Dr. Pierce's Pleasant Peppercorns cure constipation and its consequences.

PREMIER ALARMS HIS FOLLOWERS

FISH TRAP POLICY GAVE THEM DISMAY

Machine in Vancouver Fails to Get All Its Candidates on the Ticket.

(From "Times" Daily.)

The statement of Premier McBride in his address before the electors of Dewdney that he would do the utmost of his ability to oppose the introduction of fish traps, has caused consternation among his supporters in this city. The representatives of the old Tory element rather exist, in it, as they see a prospect of having Hon. A. E. McPhillips left at home as a member of the McBride government, and consequently a candidate of that policy. But the whole ticket as supporters of the McBride government also have to become responsible for the statement.

This pronounced policy on the Premier's part is one which seriously affects many in Victoria and Vancouver Island. If even he had announced himself as ready to consider the question, the local interests would have had some satisfaction; but the Premier has made up his mind and will oppose the traps to the bitter end.

Charles Hayward, whose success in order to dislodge the Premier, and who is likely to enter the government as provincial secretary before the day of election, will, like Hon. Mr. McPhillips, be placed in a most unenviable position as a member of the McBride government, and consequently a candidate of that policy. But the whole ticket as supporters of the McBride government also have to become responsible for the statement.

So urgent has it been considered, that a meeting of the board of trade has been called for tomorrow afternoon in order to discuss the matter and take into consideration the steps necessary to counteract the influence of this statement of the Premier's. These will come up at that meeting a resolution urging the necessary establishment of fish traps.

In the meantime the Conservatives are seeking to overcome the influence of this damaging announcement of policy with the electorate, and are inwardly condemning their leader as a blunderer.

The Grand Forks Liberals have nominated W. H. P. Clement to take the place of Neil McCallum, who was compelled to leave the riding for business reasons. Mr. McCallum was acknowledged by Conservatives as a winner had he stayed with the fight. In selecting Mr. Clement the Liberals have equally as strong a man, and one who will do credit to the province if re-elected.

Mr. Clement is a well known writer on historical subjects, in addition to being a clever lawyer. His history of Canada was accepted by the educational department as the best adapted as a text book in the public schools, and it has been the authorized work in the schools ever since. It has also been authorized in most of the other provinces. He has also written a work on the Canadian constitution. He was crown prosecutor at Dawson for a time.

Mr. Clement's change is an excellent one, and he has entered upon a vigorous campaign.

A Times special from Vancouver says: "Eleven names were submitted last night to the Conservative convention, which finally nominated J. F. Gardiner, Hon. R. F. Tatlow, Hon. Chas. Wilson, A. H. B. McPherson and W. J. Bowser.

The other names submitted were E. Buscombe, G. E. Clewley, D. J. Donaldson, J. A. Russell, T. T. Richardson and T. E. Julian. On the first ballot, Tatlow got 60, Gardiner 56, Wilson 54, Bowser 34, Macgregor 28, Donaldson 27, Buscombe 18, Julian 15, Clewley 10, Richardson 8 and Russell 3. The first four were then declared elected, and on the withdrawal of the others the contest narrowed to McPherson and Donaldson, the former being elected by 21 to Donaldson's 29.

"The failure of the Conservative machine last night to elect its full ticket to the convention has caused considerable strife to-day. The Orangemen are very sore at the turning down of Mr. Donaldson, and the latter, with Thomas Duke, another Orangeman, and like Mr. Donaldson a school trustee, are now talking of running as independent Conservatives to oppose the straight ticket."

A special from Port Renfrew says: "A political meeting was held here last night at which D. W. Higgins and J. Jardine addressed about 80 electors. Mr. Higgins strongly supported the Conservative side, but was determined on a progressive change of policy and reconstruction. Mr. Jardine, the Liberal candidate, said that a change must be made between the past and present, policy, and demanded reform in all branches of the government. He was opposed to all land monopolies, bonuses to railways and to the employment of Asiatic labor. Both were given a good hearing."

A Cumberland dispatch says: "In spite of the vigorous protestations from himself and friends that he would not contest the coming election, Robert Grant, of the firm of Grant & Mounce, has announced himself as Conservative candidate for the Comox district. Though coming out as a Conservative he is in reality the nominee of the Wellington Coal-Fire Company, or in other words, a Democratic candidate. Even backed by such powerful interests and having all the needed funds at his disposal he has no chance against Mr. Young. The district has at last awakened to the fact that it has never been really represented in the past, and in the future it will have no member with a string to him. Mr. Young is in the fight determined to win, the people are rallying round him, and on Oct. 3rd the province will see the first Liberal member for the local House ever elected in the Comox district."

To-night a meeting will be held at the
