WILL THERE BE AN EXHIBITION?

The St. John Exhibition association executive, after mature consideration, has reached the conclusion that if the local government will hand without condition, save that it shall be expended for prizes, the grant of \$4,000, and if the city will supplement that sum with \$6,000, to be used solely for building purposes, the association will undertake to carry on a provincial exhibition in this city next fall, without asking either government or corporation for further financial assistance. If, however, the grants are to be surrounded by the conditions at present attached, the association will wash its hands of all responsibility and will let the exhibition drop.

ARRIVED AT NEW YORK

The many friends of Captain and Mrs. Andrew King, of the bark Antoinette, will be glad to learn of their safe arrival at New York on the 11th inst., after an unsually long passage of 71 days from Fowey. The vessel being so long overdue, much anxiety was felt for the safety of those or board. Mrs. King, formerly Miss Minnie Roach, was one of Windsor's most popular young ladies, and during her connection with the local post office she made friends on every hand by her bright, obliging ways. Her first trip in the Antoinette, as a bride, was from St. John to Buenos Ayres, thence to Aberdeen, and from there to Fowey. A son was born to Capt. and Mrs. King while on the passage from Fowey to New York. Congratulations on this event as well as on their safe arrival are now in order. The Antoinette is owned by Scam-mell Bros., St. John.—Hants Journal.
